DAVIDSON INSTITUTE YOUNG SCHOLARS PROGRAM

Direct Charitable Activities

Expenses

The Davidson Institute Young Scholars Program is an individualized, intensive program for profoundly intelligent children. Each month during the year, all qualified applicants (between the ages of 5 and 16) are admitted into the Davidson Young Scholars Program. There is currently no limit on the number of Young Scholars selected each year.

To be eligible for the Davidson Young Scholars Program, applicants must demonstrate extreme intellectual precocity by one or more of the following measures:

A score in the top .001% of their age-peers in a particular domain, as measured by an intelligence or achievement test specified by the Institute (e.g., the Stanford-Binet Intelligence Scale).

Evidence of precocity as illustrated by demonstrating mastery of a significant amount of content in a particular domain, far beyond the norm for the child's age group.

Other demonstration of the ability to function at the level of a talented adult in a specific academic domain.

The Davidson Institute, the Young Scholar, and his/her parents work as partners to develop and implement an individualized plan for the Young Scholar. Young Scholars and their parents may also get together yearly at one of the Davidson Institute sponsored gatherings to connect with peers, share experiences, and learn from each other. Throughout the year, Young Scholar families stay connected with online seminars, private websites, chat rooms and list servers.

As of June 30, 2010, 1,608 Young Scholars and their parents were assisted through the Young Scholars Program.

Young Scholar Program expenses as of June 30, 2010 were:

\$1,090,611

THE DAVIDSON INSTITUTE YOUNG SCHOLARS GRANTS

Expenses

Through the Institute, Young Scholars and their parents partner with a variety of professionals to locate appropriate educational settings and materials, advocates, counselors, and mentors for the child. Parents work collaboratively with the Institute's team of family consultants to develop an individualized plan for their Young Scholar.

The individualized plan typically includes an assessment of the Young Scholar's educational, emotional, and social needs, as well as goals designed to nurture the whole child.

The Davidson Young Scholars Program provides financial assistance, in the form of grants, to help families defray some of the costs of implementing the individualized educational and talent development plan. Assistance is awarded based on financial need. Families requesting financial assistance must complete a financial assistance application and provide supporting documents such as tax returns.

During the twelve months ended June 30, 2010, the Institute awarded Grants to 345 Young Scholars.

Total Grant expenses were:

\$255,850

DAVIDSON INSTITUTE FELLOWS AWARD SELECTION
and AWARD CEREMONY

Direct Charitable Activities

Expenses

The Davidson Institute Fellows Award Ceremony is a one-day event held in Washington, DC to recognize and honor young people selected as Davidson Fellows who will receive either a \$10,000, \$25,000 or \$50,000 scholarship commitment to further the development of their talent through attendance at an accredited academic institution of learning.

The purpose of this event is to recognize the outstanding achievements of highly intelligent young people who have demonstrated the development of their talents with a significant piece of work. This award program seeks to recognize and award the truly extraordinary in recognized areas of science, technology, mathematics, literature, philosophy, and music as well as "outside the box" ideas. Each submission must be a piece of original work recognized by experts in the field as "significant" and it must have the potential to make a positive contribution to society. Each submission is evaluated on its scope and quality, level of significance and the applicant's depth of knowledge and understanding of the work and the related domain area.

Once the independent team of judges, who are professionals with expertise in the domain areas submitted, have identified a small group of finalists, each finalist is named as a Davidson Fellow and receives either a \$10,000, \$25,000 or \$50,000 scholarship, as determined by the judges using the selection criteria. Individuals named as Davidson Fellows are then honored at an awards reception in Washington, DC. Travel and other hotel costs are paid by the Davidson Institute for Talent Development. Typically, 17 to 20 Davidson Fellows are selected each year. The Davidson Fellows Award is not a competition, but rather recognition of extraordinary achievement.

Davidson Fellows Award program expenses as of June 30, 2010 were:

\$354,635

PART 4: Evidence of Extreme Intellectual Abilities

Please submit **at least two of the following three options** as evidence of intellectual precocity. At least one of the tests submitted must have been administered no more than two years prior to the application date. As we strive to serve the extreme of the gifted population, the Score Guidelines on page 6 are considered to be the **minimum** criteria for the Davidson Young Scholars program on both IQ and achievement testing. Test reports are reviewed in the context of a full application to determine eligibility for this program. Upon review of the application, additional testing or information may be requested in order to determine the applicant's eligibility. If you cannot access testing due to financial constraints, you may submit a portfolio of work samples in place of testing.

Please also include copies of all Individual Education Plans, if provided by the school.

OPTIONS

- ☐ **IQ Testing***: A **full written report** for an individually administered IQ (intelligence) test from the Qualifying Tests and Score Guidelines on the next page. A full written report often includes the tester's observations, tests administered, test scores, summary and explanation of findings, and recommendations.

AND/OR

- ☐ **Achievement Testing***: A score report for a talent/search college placement test from the Qualifying Tests and Score Guidelines OR a **full written report** for an individually administered achievement test from the Qualifying Tests and Score Guidelines on the next page. A full written report often includes the tester's observations, tests administered, test scores, summary and explanation of findings, and recommendations.

AND/OR

- ☐ **Work Samples**: A portfolio of at least three pieces of the applicant's work that best demonstrate his/her **advanced abilities in academic areas**. Independent work that is completed without the assistance of teachers or parents and is 2 to 3 grade levels above age peers is preferred. Some of the most informative samples have included intellectual activities the applicant has completed just for fun and completely on their own, such as math "doodles," creative writing, or autonomous projects. DVD/CD recordings demonstrating your child's academic abilities may also be included. In order for the portfolio items to be viewed in the context in which they were completed, please briefly describe each item, including the applicant's age and grade level at the time of completion, as well as the circumstances of the work (i.e. if it was completed independently or as part of a school project, how many times the work was revised, how and why the applicant completed this particular piece of work, etc.).

*Additional tests not listed on the Qualifying Tests and Score Guidelines, such as the Stanford-Binet Form L-M, may be submitted *in addition to*, but not in place of, the tests listed on the next page.
