Identifier	Return Reference	Explanation
Part V, Line 4	Description of Intended Use of Endowment Funds	The Foundations endowment consists of one individual donor-restricted permanent endowment fund called The John E Gilmore and Kathleen E Gilmore Fund. The endowment agreement states that investment earnings be used for international humanitarian eye care projects, such as for the education or training of ophthalmic surgeons from developing countries and transportation for visiting instructors. As required by accounting principles generally accepted in the United States of America, net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions.
Part X	Description of Uncertain Tax Positions Under FIN 48	The Foundation has adopted the accounting standards related to uncertain income tax positions. The standard requires that an uncertain income tax position must be more likely than not (greater than 50% likelihood of receiving a benefit) before it is recognized in the financial statements. Furthermore, the standard requires that the amount recognized be the same as that which would be determined as a result of a review by tax authorities having all relevant information. For the year ended August 31, 2010, the Foundation believes that it has appropriate support for any tax positions taken, and therefore, does not have any uncertain tax positions that are material to the financial statements. The Foundations income tax returns are generally subject to examination by the IRS for three years after they were filed.
