Other Information	Part IV	Description of the Bon Secours Health System Mission Fund Bon Secours Health System, Inc performs its philanthropic work through its mission department This initiative, called the Bon Secours Health System Mission Fund ("Mission Fund"), was developed to promote the Catholic Health Ministry and the BSHSI Mission This purpose is realized through the funding of initiatives that improve the health and well being of communities, particularly for disenfranchised and marginalized people, served by BSHSI Local Systems ("Local Systems"), Cosponsors and the Congregation of the Sisters of Bon Secours The scope of its purpose and use of funds would be to -promote healthy community coalition initiatives in conjunction with local system efforts, -develop local system and community excellence for a specific health condition and preventive need, and -improve access for uninsured populations and reduce health disparities among populations in the community The Strategic Quality Plan of the health system calls for focused efforts to Build Healthier Communities The health system understands "health" to include social and communal dimensions and has adopted the following articulation of a healthy community The conditions of communities and individuals served by BSHSI reflect the interaction of significant factors and complex behaviors at the individual, communal, and societal level It is not likely that interventions by any one organization will result in substantial improvement or benefit to the community Rather, increased participation by stakeholders and greater cooperation among entities with appropriate skills and resources is necessary for systemic change and improved outcomes Mission Fund grants place emphasis on increased collaboration among community based members (Healthy Community Initiative), public health officials and other providers of services The Mission Fund anticipates that most endeavors that seek to bring meaningful improvement require time and commitment Consequently, local system grant recipients may expect continuity of support (several years) to establish and track outcomes At the same time, grant applicants need to cultivate and achieve a wide array of financial resources necessary to sustain promising projects and service programs
