Part X	Description of Uncertain Tax Positions Under FIN 48	The Agency accounts for the effect of any uncertain tax positions based on a "more likely than not" threshold to the recognition of the tax positions being sustained based on the technical merits of the position under scrutiny by the applicable taxing authority. If a tax position or positions are deemed to result in uncertainties of those positions, the unrecognized tax benefit is estimated based on a "cumulative probability assessment" that aggregates the estimated tax liability for all uncertain tax positions. The Agency has identified its tax status as a tax exempt entity as its only significant tax position, however, the Agency has determined that such tax position does not result in an uncertainty requiring recognition. The Agency is not currently under examination by any taxing jurisdictions. The Agency's Federal and state tax returns are generally open for examination for three years following the date filed.
