Independent Auditors' Report

To the Board of Directors
Lutheran Social Services of the National Capital Area
Falls Church, VA

We have audited the accompanying statement of financial position of Lutheran Social Services of the National Capital Area (LSS) as of September 30, 2010, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the year then ended. These financial statements are the responsibility of LSS's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Lutheran Social Services of the National Capital Area as of September 30, 2010, and its changes in net assets, and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our reports dated January xx, 2011, on our consideration of LSS's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of those reports is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. Those reports are an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

LUTHERAN SOCIAL SERVICES OF THE NATIONAL CAPITAL AREA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

Note 1. Nature of Activities and Significant Accounting Policies

Nature of activities

Lutheran Social Services of the National Capital Area (LSS) is a not-for-profit organization, which provides professional social services to individuals and families and assists congregations in responding to community needs through a variety of programs. These activities are funded primarily through government grants and contracts.

Recent Accounting Pronouncements

On June 29, 2009, the Financial Accounting Standards Board (FASB) issued an accounting pronouncement establishing the FASB Accounting Standards Codification (the "ASC") as the source of authoritative principles recognized by the FASB to be applied by nongovernmental entities. This pronouncement was effective for financial statements issued for interim and annual periods ending after September 15, 2009, for most entities. On the effective date, all non-SEC accounting and reporting standards were superseded. LSS adopted this new accounting pronouncement for the year ended September 30, 2010, as required, and adoption did not have a material impact on the statements taken as a whole.

LSS adopted the provisions of SFAS No. 157, Fair Value Measurements, which was codified FASB ASC 820 "Fair Value Measurements and Disclosures", during the year ended September 2010. In accordance with FASB ASC 820, LSS has categorized its financial instruments, based on the priority of the inputs to the valuation technique, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets or liabilities (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument. Investments recorded in the Statement of Financial Position are categorized based on the inputs to valuation techniques as follows:

- Level 1 – Inputs to the valuation methodology are quoted in an active market or exchanges for identical assets and liabilities.
- Level 2 – Significant other observable inputs, which may include, but are not limited to, quoted prices for similar assets or liabilities in markets that are active, quoted prices for identical or similar assets or liabilities in markets that are not active, inputs other than quoted prices that are observable for assets and liabilities or other market corroborated inputs.
- Level 3 – Significant unobservable inputs based on the best information available in the circumstances to the extent observable inputs are not available, which may include assumptions made by the Board of Directors or persons acting at their direction that are used in determining the fair market value of the asset or liability.

Basis of presentation

The financial statement presentation follows the recommendations of the Financial Accounting Standards Board in its Statement of Financial Accounting Standards (SFAS) No. 117, *Financial Statements of Not-for-Profit Organizations* which is codified as FASB ASC 958. Under FASB ASC 958, LSS is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Note 1. Nature of Activities and Significant Accounting Policies (Continued)

Income taxes

LSS is generally exempt from Federal income taxes under the provisions of Section 501(c)(3) of the Internal Revenue Code. In addition, LSS qualifies for charitable contribution deductions and has been classified as an organization that is not a private foundation. Income, which is not related to exempt purposes, less applicable deductions, is subject to Federal and state corporate income taxes. LSS did not have any net unrelated business income tax for the year ended September 30, 2010.

The Financial Accounting Standards Board (FASB) issued Interpretation (FIN) No. 48, Accounting for Uncertainty in Income Taxes, an interpretation of FASB Statement No. 109, which is codified as FASB ASC 740. FASB ASC 740 requires changes in recognition and measurement for uncertain tax positions. LSS has determined that it does not have any uncertain tax positions. If this position changes, LSS will assess the impact of any such matters on its statement of financial position and its results of operations.

Basis of accounting

The accompanying financial statements are presented in accordance with the accrual basis of accounting, whereby revenue is recognized when earned and expenses are recognized when incurred.

Cash and cash equivalents

LSS considers demand deposits and money market funds to be cash and cash equivalents.

Financial risk

LSS maintains its cash in bank deposit accounts, which at times, may exceed federally insured limits. LSS has not experienced any losses in such accounts.

Contract and grant receivables

Receivables are generated from service fees and prime and sub-grant arrangements with governmental agencies and private foundations. The amounts represent invoices that have been prepared and sent to the customer. The provision for doubtful accounts is based on management's evaluation of the collectibility of receivables.

Accounts receivable are considered past due if the invoice has been outstanding for more than 30 days. LSS does not charge interest on accounts receivable.

Pledges receivable and promises to give

Unconditional promises to give are recognized as revenue in the period promises to give are received. Conditional promises to give are only recognized when the conditions, on which they depend, are substantially met and the promise becomes unconditional.

Promises to give, which are to be received in a future period, are discounted to their net present value at the time the promise is received. The provision for doubtful amounts is based on management's evaluation of the collectibility of promises to give.

Property and equipment

Property and equipment are recorded at cost and are depreciated using the straight-line method over their estimated useful lives. LSS capitalizes all property and equipment purchased with a cost of \$3,000 or more.

Note 1. Nature of Activities and Significant Accounting Policies (Continued)

Derivative financial instrument

LSS is subject to interest risk exposure in the normal course of pursuing their investment objectives. LSS holds an obligation under a Mortgage Agreement and the value of this obligation may increase as interest rates rise. To help hedge against this risk and to maintain its ability to reduce expenses at the prevailing market rates, LSS entered into an interest rate swap agreement to effectively convert a portion of their variable-rate debt to fixed-rate debt. Interest rate swap agreements involve the exchange by an organization with another party of their respective commitments to pay or receive interest with respect to the notional amount of the principal.

Derivatives are recognized as either assets or liabilities in the accompanying statement of financial position and are measured at fair value in accordance with Statement of Financial Accounting Standards, (SFAS) No. 133, Accounting for Derivative Instruments and Hedging Activities, which is codified as FASB ASC 815, Derivatives and Hedging (FASB ASC 815). FASB ASC 815 establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. Since the derivative instrument is not designated as a hedge instrument, it does not qualify for hedge accounting under FASB ASC 815. Accordingly, changes in the fair value are included as a component of total expenses and other losses on the accompanying statement of activities and changes in net assets.

Valuation of long-lived assets

LSS accounts for the valuation of long-lived assets under Statement of Financial Accounting Standards (SFAS) No. 144, *Accounting for the Impairment or Disposal of Long-Lived Assets*, which is codified as FASB ASC 360. FASB ASC 360 requires that long-lived assets and certain identifiable intangible assets be reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of the long-lived asset is measured by a comparison of the carrying amount of the asset to future undiscounted net cash flows expected to be generated by the asset. If such assets are considered to be impaired, the impairment to be recognized is measured by the amount by which the carrying amount of the assets exceeds the estimated fair value of the assets. Assets to be disposed of are reportable at the lower of the carrying amount or fair value, less costs to sell.

Restricted and unrestricted revenue and support

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted revenue, depending on the existence and/or nature of any donor restrictions.

All donor-restricted revenue is reported as an increase in temporarily or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose of the restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. However, if a restriction is fulfilled in the same period in which the support is received, LSS reports the support as unrestricted.

Revenue from foster care and mental health service fees are recognized as the services are performed.

Note 1. Nature of Activities and Significant Accounting Policies (Concluded)

Grants and contract awards

LSS has contracts with United States government agencies, as well as with state and local governments and private sources, in exchange for services. Revenue from these contracts is recognized as costs are incurred on the basis of direct costs plus allowable indirect costs subject to certain limitations based on stipulated level of effort requirements. Revenue recognized on grants that are unpaid is reflected as receivables in the accompanying statement of financial position.

Functional allocation of expenses

The costs of providing the various programs and other activities of LSS have been summarized on a functional basis in the accompanying statement of functional expenses. Costs that can be identified with particular programs or support functions are charged directly to that program or function. LSS allocates utilities, telephone and building expenses based on the square footage used by each program and supporting services based on units of service or total program costs.

Indirect costs

Indirect costs are allocated to U.S. Government contracts and all other LSS programs based on direct program costs.

Donated goods and services

LSS receives donated services and goods. Donated goods are recorded as in-kind contributions at their estimated fair value at the date of donation. LSS recognizes contribution revenue for certain contributed services received at the fair value of those services, based upon the requirements of Statement of Financial Accounting Standards (SFAS) No. 116, Accounting for Contributions Received and Contributions Made, which is codified as FASB ASC 958. During the year ended September 30, 2010, LSS recognized \$197,568 as in-kind goods and services.

Estimates

The preparation of financial statements requires management to make estimates and assumptions that affect certain reported amounts of assets and liabilities, disclosures of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates.

Note 2. Pledges Receivable

Promises to give of \$101,571 are outstanding as of September 30, 2010. The promises due over future periods have been discounted using a discount rate of 4.5%. The provision for doubtful accounts is based on management's evaluation of the collectibility of the pledges.

NOTES TO FINANCIAL STATEMENTS

Note 8. Derivative Financial Instruments

FASB ASC 815 establishes accounting and reporting standards for derivative instruments, including certain derivative instruments embedded in other contracts, and for hedging activities. LSS utilizes a derivative, a fixed interest rate swap, to add stability to interest expense and to manage exposure to interest rate movements. Consistent with FASB ASC 815, LSS records derivative financial instruments in the statement of financial position as a liability measured at fair value. FASB ASC 815 permits special hedge accounting if certain requirements are met.

As of September 30, 2010, no derivatives were designated as fair value hedges or cash flow hedges. Derivatives not designated as hedges are not speculative and are used to manage exposure to interest rate movements, but do not meet the strict hedge accounting requirements of FASB ASC 815. Changes in the fair value of derivative financial instruments are recorded as a component of total expenses and other losses in the statement of activities and changes in net assets. For the year ended September 30, 2010 LSS recorded \$73,489 as an unrealized loss on the interest rate swap agreement in the statement of activities and changes in net assets. At September 30, 2010, the fair value of the interest rate swap was in favor of Wachovia. LSS has recorded a liability for this amount on its September 30, 2010, statement of financial position.

The following table lists the interest rate swap held by LSS as of September 30, 2010:

Notional Amount	Index	Interest Rate	Fair Value	Instrument	Maturity Date
\$1,674,981	One month LIBOR	7.41%	\$ (324,154)	Swap	04/15/16

Note 9. Funds Held in Trust

In prior years LSS held certain funds for the benefit of mental health patients. During the year ended September 30, 2010 these funds were paid to outside persons and organizations.

Note 10. Temporarily Restricted Net Assets

Temporarily restricted net assets at September 30, 2010, consist of time restricted promises to give from the United Way in the amount of \$61,110.

Note 11. 401(k) plan

LSS sponsors a 401(k) plan that covers its full-time employees. This plan was amended effective July 1, 2007. Under the amended plan, employees may make elective deferrals into the plan on the first of the month following date of hire. For employees who make elective deferrals LSS may make a discretionary match. The discretionary match is calculated after the close of the plan year which runs from July 1st to June 30th. To be eligible to receive the match, an employee must have been employed for one year and must work 1000 hours.

There is a three year vesting schedule for the employer match portion. Vesting is attained at 33-1/3% per annum for each of three years. Pension expense totaled \$58,701 for the year ended September 30, 2010.

NOTES TO FINANCIAL STATEMENTS

Note 12. Major Grantor

LSS receives a substantial portion of its support from the government of the District of Columbia. If a significant reduction in the level of this support should occur, it may have an adverse effect on LSS's programs.

Note 13. Risks and Contingencies

Federal Awards

LSS participates in a number of federally funded programs which are subject to financial and compliance audits by Federal agencies or their representatives. Management does not anticipate any significant adjustments as a result of such an audit.

Department of Health and Human Services (DHHS)

LSS has acquired certain equipment for use in its programs with funding obtained as a pass-through from DHHS from the Maryland Office of Refugees and Asylees of the Department of Human Resources of the State of Maryland (MORA). Under the grant agreement, title of any assets purchased by LSS using the funds received from MORA over \$50 will be vested in MORA while a listing of these assets has to be submitted to MORA at the conclusion of the grant. MORA may require LSS to deliver these assets to MORA. The assets purchased using these grant proceeds are included in the accompanying statement of functional expense under the caption equipment.

Note 14. Commitments

Operating leases

LSS leases space for its offices located in Silver Spring and Baltimore under leases which expired in September 2010. Future minimum rental commitments under these leases at September 30, 2010, are \$0 due during the year ending September 30, 2010. Total rent charged to operations for the year ended September 30, 2010, was \$37,588.

LSS also has sublease arrangements with tenants to lease space from LSS in its building. The total rent income for the year ended September 30, 2010, was \$207,027. Future minimum rental income under these lease arrangements for the years ending September 30 is as follows:

Years Ending <u>September 30,</u>	
2011	\$ 97,197
2012	106,196
2013	<u>26,744</u>
	<u>\$ 230,166</u>

LUTHERAN SOCIAL SERVICES OF THE NATIONAL CAPITAL AREA

NOTES TO FINANCIAL STATEMENTS

SEPTEMBER 30, 2010

Note 15. Financial Instruments Reported at Fair Value

Interest rate swap

LSS uses an interest rate swap to manage interest rate risk associated with floating rate debt. The valuation of these instruments is determined using widely accepted valuation techniques including discounted cash flow analysis on the expected cash flows of each derivative. The valuation of these transactions are based the contractual terms of the derivatives, including the period to maturity, and uses observable market-based inputs, including interest rate curves, foreign exchange rates and implied volatilities. The fair value of the interest rate swap is determined using the market standard methodology of netting the discounted future fixed cash payments and the discounted expected variable cash receipts. The variable cash receipts are based on an expectation of future interest rates (forward curves) derived from observable market interest rate curves.

To comply with the provisions of FASB ASC 820, LSS incorporates credit valuation adjustments to appropriately reflect both their own nonperformance risk and the respective counterparty's nonperformance risk in the fair value measurements. In adjusting the fair value of derivative contracts for the effect of nonperformance risk, LSS have considered the impact of netting and any applicable credit enhancements, such as collateral postings, thresholds, mutual puts and guarantees.

Although LSS has determined that the majority of the inputs used to value the interest rate swap fall within Level 2 of the fair value hierarchy, the credit valuation adjustments associated with this instrument utilize Level 3 inputs, such as estimates of current credit spreads to evaluate the likelihood of default by LSS and the counterparty. However, as of September 30, 2010, LSS has assessed the significance of the impact of the credit valuation adjustments on the overall valuation of the derivative position and has determined that the credit valuation adjustments are not significant to the overall valuation of the interest rate swap. As a result, LSS have determined that the interest rate swap valuation in its entirety is classified in Level 2 of the fair value hierarchy.

Assets and liabilities at fair value

The table below presents LSS' assets and liabilities measured at fair value on a recurring basis as of September 30, 2010, aggregated by the level in the fair value hierarchy within which those measurements fall.

	Quoted Prices			
	In Active Markets for Identical Assets And Liabilities	Significant Other Observable Inputs	Significant Unobservable Inputs	Total
	(Level 1)	(Level 2)	(Level 3)	
Mutual funds	\$ 335,050	\$ -	\$ -	\$ 335,050
Interest rate swap	-	(324,154)	-	(324,154)
Totals	\$ 335,050	\$ (324,154)	\$ -	\$ 10,896

LSS did not have any fair value measurements using significant unobservable inputs (Level 3) as of September 30, 2010.

Note 16. Subsequent Events

As required by the Statement of Financial Accounting Standards (SFAS) No. 165, *Subsequent Events*, which is codified by FASB ASC 855, LSS has evaluated events and transactions that occurred after September 30, 2010 through January 20, 2011, the date the financial statements were available to be issued.

There were no events occurring subsequent to September 30, 2010 that would have a material impact on LSS' results of operations or financial position as of September 30, 2010.
