**Domenick J. Tarantino, C.P.A., P.C.**

To the Board of Directors  
*The Laura B. Vogler Foundation, Inc.*  
Bayside, New York 11361

I have examined the statement of financial position of *The Laura B. Vogler Foundation, Inc.* as of October 31, 2010, and the related comparative statements of income, expenses and grants for the years ended October 31, 2010 and 2009, and statement of cash flows for the fiscal year ended October 31, 2010. My examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as I considered necessary in the circumstances.

As described in Note 1, the foundation's policy is to prepare its financial statements on the basis of cash receipts and disbursements, except that they include a provision for federal excise tax. Consequently, certain revenues are recognized when received rather than when earned and certain expenses are recognized when paid rather than when incurred. Accordingly, the accompanying financial statements are not intended to present the financial position and results of operations in conformity with generally accepted accounting principles.

In my opinion, the financial statements referred to above present fairly the financial position of *The Laura B. Vogler Foundation, Inc.* at October 31, 2010, and its income, expenses and grants and cash flows for the year then ended, on the basis of accounting described in Note 1 applied on a consistent basis.

My examination was made for the purpose of forming an opinion on the basic financial statements taken as a whole. The schedule of investments and income for the year ended October 31, 2010 is presented for purposes of additional analysis and is not a required part of the basic financial statements. This information has been subjected to the auditing procedures applied in my examination of the basic financial statements and, in my opinion, is fairly stated in all material respects in relation to the basic financial statements as a whole.

**NOTES TO FINANCIAL STATEMENTS**  
**OCTOBER 31, 2010**

Page 9

**Note 1      SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Basis of Accounting**

The Foundation's policy is to prepare its financial statements on the modified cash basis of accounting: consequently, certain revenues are recognized when received rather than when earned and certain expenses are recognized when cash is disbursed rather than when the obligation is incurred. Books and records are maintained on the cash basis, with the exception of the accrual of federal excise tax.

**Note 2      Investments**

Equity securities and bonds held for indefinite periods of time, including securities which The Foundation intends to use as part of its asset/liability strategy, or that may be sold in response to changes in market conditions, the need to increase cash or other similar factors, are classified as available for sale and are carried at fair market value.

As of October 31, 2010, the aggregate value of investments available for sale is as follows:

Fair Market Value	\$4,292,919.76
Cost (Inventory Value)	3,516,314.43
Unrealized Holding Gain	776,605.33
