		REVENUE RECOGNITION CLARIFICATION State government grants are awarded at the beginning of the State of Minnesota's budget cycle, which operates on a two-year cycle Funding for the Humanities Center from the state is not reimbursement based and therefore is accounted for like contributions Under generally accepted accounting principles, contributions are recognized as revenue when a donor makes an unconditional commitment As a result, revenue from state funding fluctuates year-to-year depending on the year in which the state budget is adopted Thus, two years of funding are recognized in the year the budget is adopted In 2009, multi-year grants from the State of Minnesota were recorded in revenue and the unspent portion was included in temporarily restricted net assets at the end of the year This resulted in a large positive change in net assets for the year In 2010, those grants were released from restriction, but the revenue had been recognized in 2009, resulting in a large negative change in net assets for the year The unrestricted change in net assets was (\$30,362) in 2010 and \$44,798 in 2009 This represents the operating income or loss for each year
