Part X	Description of Uncertain Tax Positions Under FIN 48	During 2010, the Organization was required to adopt certain provisions of FASB ASC 740, Income Taxes which provide a new framework for how companies should recognize, measure, present and disclose uncertain tax positions in their financial statements. With these changes, the Organization may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by the taxing authorities, based on the technical merits of the position. The tax benefits recognized in the consolidated financial statements from such position are measured based on the largest benefit that has a greater than 50% likelihood of being realized upon ultimate settlement. The Organization does not have any uncertain tax positions as of November 30, 2010. As of November 30, 2010, the Organization did not record any penalties or interest associated with uncertain tax positions. Therefore, the certain provisions of FASB ASC 740, which were adopted during 2010, had no impact on the Organizations financial statements.
