The Schedule of Realized Gains and Losses is not reported to the IRS. This Schedule may not reflect all cost basis adjustments necessary for tax reporting purposes; for example, it does not reflect disallowed losses from wash sale events. Adjustments to cost basis may have been made for prior income received and subsequently reclassified by the issuer as a return of capital. Typically these adjustments are received after year-end and there may be differences in cost basis reflected on your monthly client brokerage statement at year end versus any subsequent reports or online displays you may have available to you. Return of capital information has been obtained from sources we believe to be reliable.
