**2** Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ?  Yes  No

**4a** (Code ) (Expenses \$ 2,756,494 including grants of \$ 0 ) (Revenue \$ 2,758,696 )  
 The Brighter Choice Foundation (Foundation) was established to provide support services and resources to the then-newly developing charter schools in the Albany, NY market In this partner-support role, the Foundation obtained the financing necessary for the development and construction of the various school facilities These financing arrangements were based on design preferences of the school as described in collaborative conversations with community stakeholders and school personnel The Foundation carried the loan(s) through maturity at which time the Foundation worked to transfer ownership back to the schools after they had secured their own financing (at the cost to develop the property ) These leasing arrangements were intentional and necessary given the poor state of the economy, the unforgiving capital markets, and limited borrowing opportunities offered to the charter schools during their start-up phase As is the case with most not-profit organizations, charter schools are rarely in a position to borrow significant money in order to purchase facilities Thus, by design, these lease payments were established to assist the schools during their start-up phase and only required the schools to pay back the minimum debt service requirements - typically interest only or minimal principal reductions This equates to the same debt the schools would have been required to cover if they had been able to secure their own financing with favorable terms

**4b** (Code ) (Expenses \$ 2,556,087 including grants of \$ 0 ) (Revenue \$ 0 )  
 The Brighter Choice Foundation (Foundation) was founded to help launch and ensure the success of public charter schools in the City of Albany The Foundation's tagline Building a Brighter Future - One School at a Time -- clearly indicates what it originally set out to accomplish In achieving its purpose, the Foundation provided start-up grants, a revolving loan fund and technical assistance to the Albany Charter School Network (Albany Network ) Further, to drive school quality, the Foundation drew upon expertise from existing top urban schools in the United States of American and worked with its school leaders to ensure key elements of success were incorporated into each member school's academic model Examples of these best practices include small school settings, longer school days and schools years, and behavioral structure Currently, the Albany Network consists of eleven charter schools -- four elementary, five middle, and two high schools - and serves approximately 2,200 students This represents approximately 21% of Albany's public school population The Foundation played a crucial role in advocating for the charter school movement in the City of Albany by achieving sustainable, high quality academic performance, ensuring operational and financial durability, and affecting a positive legislative environment

**4c** (Code ) (Expenses \$ 144,880 including grants of \$ 144,880 ) (Revenue \$ 0 )  
 The Foundation also operates scholarship initiatives to help enable children from economically disadvantaged families to attend private schools These activities are funded primarily through contributions from foundations and individuals

**4d** Other program services (Describe in Schedule O )  
 (Expenses \$ 0 including grants of \$ 0 ) (Revenue \$ 0 )

**Facts And Circumstances Test**

The Brighter Choice Foundation meets the "facts and circumstances" test indicating that it is a publically supported organization as follows. The Foundation receives a substantial part of its support from direct contributions and the Foundation's public support percentage has consistently been in excess of 20%. The Foundation continues to engage and work with donors in order to attract further public support. In the past, the Foundation has somewhat limited its solicitation to organizations and persons who would be most likely to support public education reform causes and the charter school movement. As the network of charter schools has matured in Albany, the Foundation realizes the necessity to continue to solicit a broader base of donors and is taking steps to further build on its development program. One of the largest functions of the Foundation is to develop charter schools facilities in the City of Albany. These are public schools in the city with approximately 2,200 students, or approximately 21% of the public school students in Albany of which over 95% of the students enrolled in the schools qualify for free or reduced lunch programs. The facilities offer and are open for a number of programs beyond the typical K-12 education, including summer and sports program offered to the youth in Albany. Since the charter schools which are supported are public schools, the Directors of the Foundation represent the broad interests of the public. Directors are selected on a number of factors, including expertise related to charter school management, expertise in facility related matters, and other expertise related to general business management, human resource management and development activities.
