2010 Realized Gain/Loss Summary (Includes sale proceeds not reported on Form 1099-B)

This Realized Gain/Loss Summary is not a tax reporting document and has not been submitted to the IRS. If your sale amount matches the amount on Form 1099-B, which is reported to the IRS, it is marked as such. Please rely on the confirmations previously provided to you as your official activity record.

Estimated 2010 Gain/Loss for transactions with trade dates through 12/31/10 has been incorporated into this statement. Realized gain/loss is based on the sales amount less the cost basis. Please note that gain or loss recognized on the sale or redemption of certain Structured Products may be ordinary, and not capital, gain or loss. Please check with your tax advisor and/or read the tax-related disclosure materials associated with those products. Note that the Original Cost Basis column is only populated for transactions of securities that have had their basis reduced due to premium amortization or increased due to OID accretion.

The cost basis of the oldest security lot (first-in, first-out or FIFO method of accounting) is assigned to a sale to calculate Gain/Loss unless you identified a specific lot (a "versus purchase" or "VSP" order) when you placed your sell order. An asterisk (*) indicates a UBS Financial Services adjustment to cost basis. The number "1" indicates cost basis information has been provided by a source other than UBS Financial Services. Gain/Loss may not have been adjusted for all capital changes. Gain/Loss values that may be subject to Wash Sale provisions are not indicated here. "Earnings" in the Purchase Date column indicates the position sold was acquired on various dates through dividend reinvestment and that the Gain/Loss has been aggregated.

Cost basis for coupon tax-exempt municipal securities (including securities subject to AMT) has been adjusted for mandatory amortization of bond premium. The OID amount reported on your Form 1099-OID is not adjusted for Market Discount, Acquisition Premium, or Bond Premium. Therefore, the amortization and accretion adjustments used here may not be consistent with the Form 1099-OID amount because the reporting requirements are different.

Gain/Loss from short sale closings are reported as short-term regardless of the holding period of property used to close the short position. Clients should consult their tax advisors as to whether exceptions may apply in their particular case to change this classification. The potential application of the "Constructive Sale" provisions (Sec 1259) for short-against-the box transactions is not considered. Clients should discuss the possible application of these provisions with their tax advisor.

2010 Realized Gain/Loss Summary

(Includes sale proceeds not reported on Form 1099-B)

This Realized Gain/Loss Summary is not a tax reporting document and has not been submitted to the IRS. If your sale amount matches the amount on Form 1099-B, which is reported to the IRS, it is marked as such. Please rely on the confirmations previously provided to you as your official activity record.

Estimated 2010 Gain/Loss for transactions with trade dates through 12/31/10 has been incorporated into this statement. Realized gain/loss is based on the sales amount less the cost basis. Please note that gain or loss recognized on the sale or redemption of certain Structured Products may be ordinary, and not capital, gain or loss. Please check with your tax advisor and/or read the tax-related disclosure materials associated with those products. Note that the Original Cost Basis column is only populated for transactions of securities that have had their basis reduced due to premium amortization or increased due to OID accretion.

The cost basis of the oldest security lot (first-in, first-out or FIFO method of accounting) is assigned to a sale to calculate Gain/Loss unless you identified a specific lot (a "versus purchase" or "VSP" order) when you placed your sell order. An asterisk (*) indicates a UBS Financial Services adjustment to cost basis. The number "1" indicates cost basis information has been provided by a source other than UBS Financial Services. Gain/Loss may not have been adjusted for all capital changes. Gain/Loss values that may be subject to Wash Sale provisions are not indicated here. "Earnings" in the Purchase Date column indicates the position sold was acquired on various dates through dividend reinvestment and that the Gain/Loss has been aggregated.

Cost basis for coupon tax-exempt municipal securities (including securities subject to AMT) has been adjusted for mandatory amortization of bond premium. The OID amount reported on your Form 1099-OID is not adjusted for Market Discount, Acquisition Premium, or Bond Premium. Therefore, the amortization and accretion adjustments used here may not be consistent with the Form 1099-OID amount because the reporting requirements are different. Gain/Loss from short sale closings are reported as short-term regardless of the holding period of property used to close the short position. Clients should consult their tax advisors as to whether exceptions may apply in their particular case to change this classification. The potential application of the "Constructive Sale" provisions (Sec 1259) for short-against-the box transactions is not considered. Clients should discuss the possible application of these provisions with their tax advisor.
