Citi Investment Research & Analysis (CIRA) ratings may be shown for certain closed-end funds. All research ratings represent the "opinions" of the research provider and are not representations or guarantees of performance. Because the research report contains more complete information regarding the analyst's opinions, analysis, and rating, you should read the entire research report and not infer its contents from the rating. CIRA closed-end fund recommendations include an investment rating and a risk rating. The Investment Rating code (1, 2, 3) is based upon CIRA's expectation of the security's performance relative to its peer group of closed-end funds. The Risk Rating (L, M, H or S) represents the fund's expected risk, taking into account the quality and liquidity of the underlying securities, financial leverage and foreign currency exposure. Please refer to the end of this statement for a guide describing CIRA ratings.

Closed end investment companies are grouped below by portfolio designations. Gain/Loss is provided to assist in tax preparation. It is not intended to calculate investment returns or performance.

Consulting Group Research (CGR) rating codes (FL, AL or NL) may be shown for certain exchange-traded funds. Please refer to the "Guide to Investment Ratings" at the end of this statement for a description of these rating codes. All research ratings represent the "opinions" of Consulting Group Research and are not representations or guarantees of performance.
