Part X, line 2

The Organization recognizes the financial statement benefit of a tax position only after determining that the relevant tax authority would

more likely than not sustain the position following an audit. For tax positions meeting the more likely than not threshold, the amount

recognized in the financial statements is the largest benefit that has a greater than 50 percent likelihood of being realized upon ultimate

settlement with the relevant taxing authority Beginning in 2009, the Organization applied the uncertain tax position guidance to all tax

positions for which the statute of limitations remained open and noted no uncertain tax positions which meet the more likely than not

threshold There was no impact to the Organization upon adoption or as of December 31, 2010 or 2009
