Monitoring procedures (Part I, line 2)		Grants or funds made available by CAM to other organizations in the United States are provided for specific projects which have been pre-approved by CAM. Periodic meetings are held, monitoring mechanisms are put in place, and correspondence is conducted with recipient organizations to assure proper accountability, maintain CAM's comfort level with the programs and projects being funded, and to minimize risk of fund deviation. In some cases visits to the project site by CAM staff or more lengthy on-site staff placements are conducted for additional monitoring and accountability of projects. Reports are also requested and received showing the products and services provided with the funds given by CAM.
Estimate calculation (Part III, column b)		The number of recipients was based upon the amount of literature distributed.
