Realized gains and losses

Estimated 2010 gains and bosses for transactions with trade dates through 12/31/10 have bean incorporated into this statement. To calculate gains and bosses, we liquidate the oldest security tot first. This is known as the flist-in, first-out or RIFO accounting method. We use this method unless you specified which tax to close when you placed your order. This is known as a versis purchases or VSP order. See Important information about your statement on the last page of this statement for more information.

We may not adjust gains and losses for all capital changes. Cost basis for coupon tax-exempt.municipal securities, include securities subject to AMT, has been adjusted for mandatory amortization of bond premium. Estimates in the Unclassified section can not be dassified as short term or long term because information is missing, or the product is one in which the gain/loss calculation is not provided.
