The Schedule of Realized Gains and Losses is not reported to the IRS. This Schedule may not reflect all cost basis adjustments necessary for tax reporting purposes; for example, it does not reflect disallowed losses from wash sale events. Adjustments to cost basis may have been made for prior income received and subsequently reclassified by the issuer as a return of capital. Typically these adjustments are received after year-end and there may be differences in cost basis reflected on your monthly client brokerage statement at year end versus any subsequent reports or online displays you may have available to you. Return of capital information has been obtained from sources we believe to be reliable.

When you report your cost basis on your tax return, it should be verified with your own records. In particular, there may be other adjustments which you need to make and you should consult with your tax advisor in order to properly report your gain or loss for tax purposes. Pershing shall not be responsible for and makes no representations or warranties with respect to the accuracy of any information that you report to the IRS or other taxing authorities, and, accordingly, disclaims any and all liability that may arise with respect to your use and reliance on the information provided herein for such reporting.
