The Americana Foundation was established by Adolph H. Meyer and Ginger Meyer to support, through philanthropy, their varied personal interests. Their success in industry and their interest in agriculture and the protection of urban open space; combined with their deep knowledge of and appreciation for authentic American art, have been the guiding focus for the programs of the foundation.

The purpose of the Americana Foundation is to support educational and advocacy programs that address the preservation of American agriculture, the conservation of natural resources, and the protection and presentation of expressions of America's heritage.

We focus on program areas of protection, preservation and education in:

- American heritage as expressed through its material culture
- Natural resources and agriculture through land use and growth management

THE GRANT PROCESS

The Foundation provides its support mainly through financial grants. Some limited technical assistance in the form of consulting services to the board, staff and volunteers of recipient organizations is available. The technical assistance is provided to assist the recipient group in organizational management and strategic planning.

The Foundation makes grants only to nonprofit organizations that have been determined by the IRS to be charitable, scientific or educational and have been recognized under Section 501(c)(3) of the IRS Code to be tax exempt and not a private foundation.

Nonprofit organizations that are located or operate within the state of Michigan are a priority of the Foundation. The Foundation does not make grants to private individuals nor does it buy tables, advertising for fund raising events, or generally provide scholarship support. Grants may not be used for political purposes.

The Foundation will accept the standard form of the Council of Michigan Foundations - 1995 or an application that follows the guidelines on this card, Proposals should be brief and submitted on the 10th of January, April, June and October. A phone call or concept letter can help determine if a project may fit the program areas of the Foundation. The concept should include:

- Brief description of basic need and program specific objectives.
- Amount requested
- Brief history of the organization submitting the request.

The following items must be included with a grant request:

- Budget showing costs and how funds will be used
- Total costs involved and amount requested
- Narrative description of the program or project
- Evaluation method for the effect of the program
- Names and primary affiliations of officers and board members
- Most recent annual financial report or audit
- Current year's operating budget
- Other actual or potential sources of funding
- Copy of the IRS 501 (c)(3) determination letter

GRANT REVIEW PROCESS

Board meetings are held quarterly usually in mid February, May, August and November. All requests are reviewed by staff and the program committees.

As a general policy, meetings and site visits are arranged only if there is no previous relationship with the Foundation or the type or size of the request requires it before final determinations are made.

With limited resources and large numbers of proposals, the Foundation is able fund a limited number of worth-while requests. Those same constraints limit the size of grants and may limit the number of years support can be given to any one organization.

Please call to discuss possible program matches and to obtain additional information.
