**Technical Assistance to Community & Migrant Health Centers & Homeless/Capacity Building Assistance**

Migrant Health Promotion (MHP), a nationally recognized non-profit organization, provides programs and resources to help farmwork and rural community members work together with health centers, service agencies, growers and policymakers to build stronger, healthier communities. MHP has worked to promote good health and to improve the lives of migrant farmworkers through Camp Health Aide/Promotor(a)de Salud programs. As part of MHP's 29th year of national service to migrant and agricultural workers, MHP celebrated this milestone by placing full time staff in offices in Ohio, Florida, and Washington (in addition to the Texas and Michigan offices). The goal of this expansion is to facilitate growth and development of our national outreach for our direct service programming, as well as through our training and technical assistance to health centers through the Capacity-Building Assistance Program. Between July 1, 2010 and December 31, 2010, 71 Federally Qualified Migrant and Community Health Centers (M/CHCs) and Migrant Voucher Programs were provided with technical assistance (TA), representing a total of 33 Promotor(a) de Salud programs and 38 Health Centers which have not yet started programs. The breakdown of assistance provided by Migrant Health Promotion (MHP) to organizations funded by the Bureau of Primary Health Care (BPHC) is as follows:

**4b** (Code: ) (Expenses \$ 56,069 including grants of \$ ) (Revenue \$ )

**Health Resources and Services Administration-The Community Based Doula Program**

There were a number of exciting systems changes that occurred as a result of this project. In order to understand the magnitude of these changes, it is important to understand that the childbirth practices in south Texas are many decades behind the rest of the country. Things long ago accepted as good childbirth practices such as having family or individuals to support the mother during delivery, strong support for breastfeeding as the healthiest option for mother and child, and decreased routine medical intervention during childbirth are not practiced in the program area targeted. In fact, many of these practices were actively opposed. Because of this, one of the programs proudest moments came this year when the local hospital prominently posted a large sign - in both Spanish and English - allowing a birthing coach to accompany clients during labor. Our program staff and participants had worked long and hard with hospital staff, local providers, and other key actors to achieve this key activity. This signaled an enduring system change in the way mothers and families would be treated in the future.

**4c** (Code: ) (Expenses \$ 26,913 including grants of \$ ) (Revenue \$ )

- 180 members received healthcare services through the use of the mobile clinic managed by Ashley Pediatrics.
