Part IV **Supplemental Information.** Complete this part to provide the information required in Part I, line 2, and any other additional information.

Missouri Foundation for Health (MFH) maintains detailed records of all grants and contracts to government agencies and organizations. Funding programs are approved by the MFH

Board of Directors for each succeeding fiscal year. A typical funding program will issue a Request for Applications (RFA). An applicant organization's eligibility is verified by staff,

as well as the applicant's response to the RFA. Recommendations are made by staff to the Board, who makes final funding decisions. On award of a grant, a contractual agreement

is entered into between MFH and the applicant, now termed 'grantee'. The use of grant funds is monitored by staff through interim reports that must be submitted by the grantee to

continue to receive grant fund disbursements. Monitoring is performed from both a programmatic and financial viewpoint to ensure that objectives are being met and that funds are being

spent according to the project plan and grant agreement. At the conclusion of the grant, a final report is required from the grantee. This final report provides programmatic outcomes

as well as a final financial report that must be supported by appropriate receipts/documentation.
