## Disclosures and Other Information

Pricing - Securities prices may vary from actual liquidation value. Prices shown should only be used as a general guide to portfolio value. Prices are received from various pricing services. However, pricing services are sometimes unable to provide timely information. Where pricing sources are not readily available, particularly on certain debt securities, estimated prices may be generated by a matrix system taking various factors into consideration. The pricing of listed options takes into account the last closing price, as well as the current bid and offer prices. Where securities have not been priced, such securities have not been included in the Asset Allocation information at the beginning of this statement.

The Estimated Price as of Date only appears when the price date does not equal the statement date.

Reinvestment - The dollar amount of Mutual Fund distributions, Money Market Fund dividend income, Bank Deposit interest income, or dividends for other securities shown on your Statement may have been reinvested. You will not receive confirmation of these reinvestments. However, information pertaining to these transactions which would otherwise appear on confirmations, including the time of execution and the name of the person from whom your security was purchased, will be furnished to you upon written request to your introducing firm. In dividend reinvestment transactions, Pershing acts as your agent and receives payment for order flow, the source and nature of which payment will be furnished to you upon written request to your introducing firm.

Attachment to Amended Form 990-PF

This letter is written to inform the Internal Revenue Service of corrective action that has been taken in order to properly distribute income from the foundation.

An error was discovered in the 2008 990-PF valuation calculation during preparation of the organization's 2009 Form 990-PF. As a result of the incorrect valuation, \$33,034 that should have been distributed in with respect to 2008 was not distributed before January 1, 2010.

The organization properly distributed income with respect to 2008 based on the original undistributed income, demonstrating their desire to comply with the distribution rules. The correct undistributed income amount was distributed on June 30, 2010. The foundation will make an election on its 2010 Form 990-PF to treat this distribution as made from the undistributed income of the year 2008.

Based on reasonable cause, distribution of previously undistributed income, notification of corrective action sent to the Internal Revenue Service, and the forthcoming election to treat the late distribution as made from the year 2008, the organization is respectfully requesting that the 30% excise tax on the undistributed income not be assessed.
