Part XIV Supplemental Information (continued)

Pt X The organization is exempt from taxes under Section 501(c)(3) of the Internal Revenue Code and is not considered a private foundation. Generally accepted accounting principles (GAAP) provide detailed guidance for the financial statement recognition, measurement and disclosure of uncertain tax positions recognized in an enterprise's financial statements. GAAP requires an entity to recognize the financial statement impact of a tax position when it is more likely than not that the position will be sustained upon examination. Management believes there are no such positions as of December 31, 2010 and, accordingly, no liability has been accrued. The tax years ending in 2008, 2009 and 2010 are open to both federal and state examination.
