The foundation does not provide capital, challenge or seed funding or grants to hospitals or institutions of higher education, except in limited circumstances. As the foundation does not have the technical expertise to analyze medical research methodology and results, grants are generally not made to single-disease-oriented organizations or for medical research. Support for higher education, hospitals and single-disease-oriented organizations may be provided through the Employee Matching Gifts Program.

Eligible Organizations

To qualify for a direct grant, organizations must be based in the United States or one of its territories and must be recognized as a tax-exempt public charity under section 501(c)(3) of the U.S. Internal Revenue Code (per section 170).
