STATEMENT OF ADMINISTRATIVE RESPONSIBILITY

The administration of the University is responsible for the preparation of the financial statements, the notes thereto and all other financial information contained in this annual report

The financial statements were prepared in accordance with Canadian generally accepted accounting principles. The administration believes the financial statements present fairly, in all material respects, the University's financial position as at April 30, 2011 and the results of its operations and its cash flows for the year then ended. In order to achieve the objective of fair presentation in all material respects, the use of reasonable estimates and judgments was employed. Additionally, the administration has ensured that all financial information presented in this report has been prepared in a manner consistent with that in the financial statements.

In fulfilling its responsibilities and recognizing the limits inherent in all systems, the administration has developed and maintains a system of internal control designed to provide reasonable assurance that University assets are safeguarded from loss and that the accounting records are a reliable basis for the preparation of financial statements.

The University has retained Mercer (Canada) Limited in order to provide an estimate of the University's liability for pensions and other post-employment benefits for the current year. The administration has provided the valuation actuary with the information necessary for the completion of the University's report and retains ultimate responsibility for the determination and estimation of the reported pension and other benefit liabilities.

The Board of Governors carries out its responsibility for review of the financial statements and this annual report principally through its Finance and Audit Committee ("Committee"). The majority of the members of the Committee are not officers or employees of the University. The Committee meets regularly with the administration, as well as the internal auditors and the external auditors, to discuss the results of audit examinations and financial reporting matters, and to satisfy itself that each party is properly discharging its responsibilities. The auditors have full access to the Committee with and without the presence of the administration.

Ernst & Young LLP Chartered Accountants, the auditors appointed by the Board of Governors, have reported on the financial statements for the year ended April 30, 2011. The independent auditors' report outlines the scope of their audit and their opinion on the presentation of the information included in the financial statements.

INTRODUCTION TO YORK UNIVERSITY FINANCIAL STATEMENTS – 2010-2011

In 2010-2011, the University continued to manage its finances in a very challenging fiscal environment. The current year was characterized by continued strong domestic and international undergraduate enrolment growth, continued strong capital market recovery and significant uncertainty with respect to the funding of pension solvency deficiencies. Quality undergraduate and domestic graduate enrolment growth continued to be key priorities for the University as part of an overall focus on achieving the objectives of the University Academic Plan. Increased tuition fees and higher enrolments provided additional operating income. However, cost pressures largely associated with salary and benefits costs continued to grow.

Grants and contract funding increased from \$376 million in 2010 to \$385 million in 2011. The increase is attributable to grants related to higher enrolment levels.

The Statement of Operations and Changes in Deficit reports total tuition fee revenue increasing from \$370 million in 2010 to \$404 million in 2011. The majority of this growth is associated with increases in approved tuition fee rates and increasing undergraduate and graduate enrolments.

Salaries and benefits increased from \$607 million in 2010 to \$647 million in 2011. Salary levels were generally 3% higher than in the previous year and reflected the annual increase associated with the collective agreements that covered the majority of the University's personnel. Continued cost pressures related to current and post employment benefit costs also contributed to the higher costs.

Scholarships and bursaries decreased from \$59 million in 2010 to \$58 million in 2011. In the prior year the University Operating Fund subsidized the lower endowment distributions that resulted from weak capital market performance in prior years.

Interest on long-term debt decreased from \$21 million in 2010 to \$20 million in 2011. The reduction reflects the continuous retirement of external debt and substantially represents the full cost of servicing the debentures issued in 2002 and 2004.

As summarized on the Balance Sheet, the University's unrestricted deficit has decreased from \$68 million in 2010 to \$60 million in 2011. The decrease in the deficit is the result of a small operating surplus as well as a planned surplus in the ancillary budget.

The University's investment in capital assets increased from \$675 million in 2010 to \$729 million in 2011. The change is the result of new capital construction net of annual amortization charges.

Investments at April 30, 2011 totalled \$583 million, as compared to \$527 million at April 30, 2010. Investments consisted of \$338 million in endowments (\$294 million last year) and \$245 million in other investments (\$233 million last year). The change in investments over the course of the year is the result of capital appreciation in endowment assets of \$38 million and growth in the endowments from new donations.

The University has included in liabilities the costs associated with other post-employment benefits. York recognizes the liabilities for future retiree benefits for both active employees and current retirees. The liability at April 30, 2011 was \$83 million versus \$75 million for the prior year.

Heading into fiscal 2012, the University will continue to manage its finances responsibly. The challenges for the next year are as follows:

- the pension fund performance and related solvency deficit payments,
- the increasing pressures on salary and benefit costs and the outcome of the 2011-12 collective bargaining,
- the implications of potential changes in government grant funding allocations,
- the uncertainty associated with the tuition fee framework beyond 2012,
- the achievement of enrolment growth for domestic and international, and
- the achievement of planned budget cuts across the institution.

These challenges are expected to impact through fiscal year 2011-2012 and beyond.

INDEPENDENT AUDITORS' REPORT

**To the Board of Governors of
York University**

We have audited the accompanying financial statements of York University, which comprise the Balance Sheet as at April 30, 2011, and the Statements of Operations and Changes in Deficit, Changes in Net Assets, and Cash Flows for the year then ended, and a summary of significant accounting policies and other explanatory information

Management's responsibility for the financial statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian generally accepted accounting principles, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error

Auditors' responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements present fairly, in all material respects, the financial position of York University as at April 30, 2011, and the results of its operations and its cash flows for the year then ended in accordance with Canadian generally accepted accounting principles.

1. DESCRIPTION OF THE ORGANIZATION

York University ("York" or the "University") was incorporated under the York University Act 1959 and continued under the York University Act 1965 by the Legislative Assembly of Ontario. The University is dedicated to academic research and to providing post-secondary and post-graduate education. The University is a registered charity and under the provisions of Section 149 of the Income Tax Act (Canada) is exempt from income taxes.

York's financial statements reflect the assets, liabilities, net assets, revenue, expenses and other transactions of all the operations of the University and organizations in which the University has a controlling shareholding or a primary economic interest. Accordingly, these financial statements include the operations, research activities and ancillary operations of the University, the York University Development Corporation (an Ontario corporation of which the University is the sole shareholder) that oversees the development of designated undeveloped York lands and which owns York Lanes shopping mall, and York University Foundation, a federally incorporated foundation, the objects of which are to raise funds for the University and steward the funds so raised.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements have been prepared by the administration in accordance with Canadian generally accepted accounting principles. The preparation of financial statements requires the administration to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. Actual results could differ from those estimates. A summary of significant accounting policies is as follows:

a) Future changes in accounting policies

In November 2010, the Accounting Standards Board of the Canadian Institute of Chartered Accountants ("CICA") issued Part III of the CICA Handbook that sets out the accounting standards for not-for-profit organizations that are effective for fiscal years beginning on or after January 1, 2012, with an option to early-adopt. The University is currently evaluating the impact of these standards.

b) Revenue recognition

The University follows the deferral method of accounting for contributions, which include donations and government grants. Unrestricted contributions are recognized as revenue when received or receivable if the amount to be received can be reasonably estimated and collection is reasonably assured. Externally restricted contributions, other than endowments, are deferred and recognized as revenue in the year in which the related expenses are recognized. Restricted endowment contributions are recognized as direct increases in net assets. Pledges are recorded as revenue on a cash basis since pledges are not legally enforceable.

Donations of materials and services that would otherwise have been purchased are recorded at fair value when fair value can be reasonably determined.

Student fees are recognized as revenue when courses and seminars are held. Sales and services revenue is recognized at the point of sale or when the service has been provided.

c) Financial instruments

As permitted under the CICA Handbook, the University has chosen to continue to apply CICA 3861 Financial Instruments - Disclosure and Presentation in place of CICA 3862 Financial Instruments - Disclosures and CICA 3863 Financial Instruments - Presentation

d) Cash and cash equivalents

Cash and cash equivalents consist of cash on deposit and investments with original maturities at acquisition of three months or less. Cash and short-term investments equal to internally restricted net assets designated as sinking funds are classified as long-term investments.

e) Inventories

Inventories are stated at the lower of cost and net realizable value. The cost of inventories is assigned by using the first-in, first-out method or weighted average cost method, depending on the nature or use of the inventory items. The same costing method is used for all inventories having a similar nature and use.

f) Investments and Investment Income

Investments are recorded at fair value except for investments in fixed income securities which are to be held to maturity and other loans and receivables, both of which are recorded at cost plus accrued interest, using the effective interest rate method.

The fair value of investments is determined as follows:

Publicly traded bonds and equities are determined based on quoted market values based on the latest bid prices. Investments in pooled funds are valued at their unit values provided by the fund manager and unlisted or infrequently traded securities are based on quoted market yields or comparable security prices as appropriate.

Investment income, which consists of interest, dividends, income distributions from pooled funds, and realized and unrealized gains and losses, is recorded as revenue in the Statement of Operations and Changes in Deficit, except for investment income designated for externally restricted endowments. The amount made available for spending against externally restricted endowments is recorded as investment income and any amount available for spending that remains unspent at year-end is deferred and categorized as deferred contributions. Investment income on externally restricted endowments in excess of the amount made available for spending and losses on externally restricted endowments are recorded as direct increases (decreases) to endowments.

Income (or loss) designated for internally restricted endowments is recognized in the Statement of Operations and Changes in Deficit. The investment income (or loss) net of all actual spending against internal endowments are then transferred from the unrestricted deficit to internally restricted endowments through the Statement of Changes in Net Assets.

Transactions are recorded on a trade date basis and transaction costs are expensed as incurred.

g) Capital assets

Purchased capital assets are recorded at cost. Contributed capital assets are recorded at fair market value at the date of contribution, except for land received under the terms of grants, which is carried at nominal value. Amortization of capital assets is provided on a straight-line basis over their estimated useful lives as follows:

	Annual Rate	Years
Buildings, plant facilities and infrastructure	2.5% to 10%	10 to 40
Equipment and furnishings	10% to 33.3%	3 to 10
Library collection	100%	1

Construction in progress expenditures are capitalized as incurred and are amortized as described above once the asset is placed into service. Capitalized expenditures include interest on related debt funding of such expenditures.

Donations of items included in the art collection are recorded as direct increases in capital assets and net assets at an appraised value established by independent appraisal in the period received by the University. The art collection is considered to have a permanent value and is not amortized.

h) Foreign exchange translation

The University accounts for revenue and expense transactions in a foreign currency at the exchange rate in effect at the date of the transactions. Monetary assets and liabilities denominated in a foreign currency are translated at year-end exchange rates and any translation gain or loss is included in the Statement of Operations and Changes in Deficit. Foreign exchange gains and losses on investments are included in investment income.

i) Derivative financial instruments

Derivative financial instruments are used by the University in the management of its exposure to changes in interest rates on certain term loans (*note 10*) and to foreign currency uncertainty on investments (*note 3*). The University does not enter into derivative financial instruments for trading or speculative purposes. The University does not apply hedge accounting on these derivative financial instruments. The University records derivative financial instruments on the Balance Sheet at fair value with subsequent changes in fair value recognized in the Statement of Operations and Changes in Deficit.

j) Employee benefits plans

The University has a defined contribution pension plan, which has a defined benefit component that provides a minimum level of pension benefits. The cost of providing pension benefits and post-employment and post-retirement benefits other than pensions is actuarially determined and recognized in the Statement of Operations and Changes in Deficit using the projected benefit method, pro-rated on service and management's best estimates regarding assumptions about a number of future conditions, including investment returns, compensation changes, withdrawals, mortality rates and expected health care costs. Past service costs associated with plan amendments are amortized over the average remaining service life of employees who were active at the time of each plan amendment. Cumulative differences arising from actuarial gains and losses including changes in assumptions over 10% of the greater of the fair value of assets and the accrued benefit obligation are amortized over the average remaining service life of employees. Assets of the pension plan are valued using market values at year-end. Liabilities of the pension plan and post-employment and post-retirement benefits are discounted using current interest rates on long-term high-quality fixed income securities.

3. INVESTMENTS

a) Investments consist of the following

	Maturity	2011 Weighted average interest rate	2010 Weighted average interest rate	2011 \$	2010 \$
Cash		1.21%	0.50%	49,574	38,746

Loans and receivables				2,582	2,682
Total				582,629	527,489
Market value				586,323	530,206

All investments are recorded at fair value except certain bonds that are designated as held to maturity and certain loans and receivables. The carrying value of the loans and receivables approximates fair value.

Investments are exposed to foreign currency risk, interest rate price risk, and market and credit risks. The University manages these risks through policies and procedures in place governing asset mix, equity and fixed income allocations, and diversification among and within categories.

To manage foreign currency risk, a hedging policy has been implemented for the University's foreign-denominated investments to minimize exchange rate fluctuations and the resulting uncertainty on future financial results. All outstanding contracts have a remaining term to maturity of less than one year. The University has significant contracts outstanding held in foreign currencies, as detailed below.

The notional and fair values of the foreign currency forward contracts are as follows:

	2011		2010	
Currency Sold	Notional Value (CAD \$)	Fair Value of Contract (CAD \$)	Notional Value (CAD \$)	Fair Value of Contract (CAD \$)
EUR	4,826	(82)	6,332	155

Other	12,388	(370)	4,457	(45)
Total	75,024	(289)	42,453	(262)

The fair value of the foreign currency forward contracts is included in investments. The change in the fair value of the foreign currency forward contracts is recorded as investment income in the Statement of Operations and Changes in Deficit.

b) Investment income consists of the following

	2011 \$	2010 \$
Investment income on endowments (note 13)	37,825	56,666
Deduct investment income credited to external endowments (note 13)	(33,212)	(49,372)
Add allocations for spending on external endowments, net of deferrals	4,896	4,093
Other investment income	9,414	9,869
Total	18,923	21,256

4. INVESTMENT IN LEASE

The University has entered into a direct finance lease with the Ontario Realty Corporation ("ORC"). The leased facilities are located on the Keele campus and are occupied by the Archives of Ontario. The lease commenced on February 25, 2009 for an initial period of 25 years plus three options to extend the term, each for ten years. Prior to the commencement of the lease, the ORC exercised the first ten-year renewal option.

To construct the facilities used by the Archives of Ontario, in May 2007 the University entered into contractual agreements with a consortium that undertook the design, construction and financing of the facility during the construction phase of the project.

As payment for the cost of the facility, York assigned the revenue stream under the ORC lease to the consortium for a period of 35 years. However, York remains liable for the lease payments to the consortium should ORC default.

The present value of the lease payments due from ORC at lease commencement was determined to be \$45 million based on a discount rate of 10.5% and with no residual value assigned to the Archives facility.

The carrying value of the investment in lease is composed of aggregate minimum lease payments due from ORC over 35 years less unearned finance income at a rate of 10.5%. As at April 30, 2011, the balance is as follows:

	2011 \$	2010 \$
Aggregate future minimum lease payments	153,782	158,600
Less unearned finance income	(109,148)	(113,791)
Investment in lease	44,634	44,809
Less current portion recorded in accounts receivable	(194)	(175)
Balance, end of year	44,440	44,634

Minimum future lease payments are expected to be as follows:

	\$
2012	4,818
2013	4,818
2014	4,818
2015	4,818
2016	4,818
Thereafter	129,692
Total	153,782

The University has recorded the amounts owed to the consortium under the lease assignment within the liabilities section of the Balance Sheet. The current portion of \$194 (2010 - \$175) is reported within accounts payable and accrued liabilities while the long-term portion is reported in long-term liabilities as \$44,440 (2010 - \$44,634) (note 9). This liability has been discounted at a rate of 10.5% and will reduce over the 35 year lease assignment term, concurrent with the reduction to investment in lease.

5. CAPITAL ASSETS

Capital assets consist of the following

	2011			2010		
	Cost	Accumulated	Net Book	Cost	Accumulated	Net Book
	\$	Amortization	Value	\$	Amortization	Value

Total	1,237,564	508,132	729,432	1,155,039	479,904	675,135

- During the year, the total cost of items added to the library collection was \$5,047 (2010 – \$7,603) and the total cost of items removed was \$6,232 (2010 – \$6,050)
- The University's art collection consists of 114 (2010 – 112) works that had an appraised value upon receipt of \$5,068 (2010 – \$4,728)
- During the year, no interest (2010 – \$221) related to construction in progress was capitalized within capital assets
- The Glendon campus land and a majority of the Keele Street campus land were acquired by grants. These grants had restrictive covenants, which have been registered on the title of the property, and which purport to limit use of the properties for educational or research purposes at the University level. As appraisals are not available at the date of the grants, these assets are recorded in the accounts at nominal value.

6. DEFERRED CONTRIBUTIONS

Deferred contributions represent unspent externally restricted grants and donations and unexpended available income on externally restricted endowments. The changes in deferred contributions are as follows:

	2010	Additions	Transfers to revenue	2011
	\$	\$	\$	\$
Research and other grants and contracts	62,669	49,424	(50,995)	61,098

Total	83,086	74,550	(74,466)	83,170

7. CREDIT FACILITIES

The University has available facilities as follows

- a) Demand operating facilities in the amount of \$20.0 million (2010 – \$20.0 million). This facility bears interest at a rate that varies with the balances on deposit, ranging from bank prime rate of 3.00% (2010 – 2.25%) minus 0.5% to bank prime rate plus 0.5%. Letters of credit in the amount of \$3.9 million (2010 – \$3.4 million) have been utilized against this facility.
- b) Indirect guarantor facilities for housing loans to faculty and staff in the amount of \$5.0 million (2010 – \$5.0 million). These facilities bear interest at the bank's prime rate of 3.00% (2010 – 2.25%). Housing loans to faculty and staff in the amount of \$117 (2010 – \$192) have been utilized against these facilities.

8. CAPITAL MANAGEMENT

In managing capital, the University focuses on liquid resources available for operations. The University's objective is to have sufficient liquid resources to continue operating even if adverse financial events were to occur, and to provide it with the flexibility to take advantage of opportunities that will advance its mission. The need for sufficient liquid resources is considered in the preparation of its annual operating and capital budgets with actual operating results compared to budget on a regular basis and by the monitoring and forecasting of cash flows on a daily basis. The University attempts to minimize the use of its demand operating facilities (*note 7*) which can be used in the event that sufficient cash flow is not available to cover operating and capital expenditures. In addition, the University can issue unsecured debentures or enter into other long-term debt to assist with the financing of capital assets. As at April 30, 2011, the University has met its objective of having sufficient liquid resources to meet its current obligations.

9. LONG-TERM LIABILITIES

Long-term liabilities consist of the following

	2011	2010
	\$	\$
Obligation under lease assignment (<i>note 4</i>)	44,634	44,809

Scheduled future minimum annual repayments of long-term debt are as follows

	\$
2012	4,430
2013	630
2014	670
2015	712
2016	758
Thereafter	303,741
Total	310,941

Certain assets have been pledged as collateral for certain mortgages and certain term loans. The amount of interest expense during the year on long-term debt was \$19,591 (2010 – \$21,060). Long-term debt has a fair value of \$399,914 (2010 – \$384,170).

The University entered into term loans in 2002 bearing interest at the public sector cost of funds rate plus 0.25%, or the prime rate, at the University's option. In order to manage the exposure to changes in interest rates, the University entered into interest rate swap contracts to fix the interest rates. The weighted average rate is 5.75% (2010 – 5.75%). The fair value of the interest rate swaps is a loss of \$87 (2010 – \$315), (note 9). The change in the fair value of the interest rate swap of \$228 (gain) (2010 – \$496 (gain)) is recorded as investment income in the Statement of Operations and Changes in Deficit.

11. DEFERRED CAPITAL CONTRIBUTIONS

Deferred capital contributions represent the unamortized amount of restricted donations and grants received for the purchase of capital assets. The amortization of deferred capital contributions is recorded as revenue in the Statement of Operations and Changes in Deficit when the associated capital asset is brought into service. The changes in the deferred capital contributions balance are as follows:

	2011 \$	2010 \$
Balance, beginning of year	244,651	220,918
Contributions received in the year	59,954	36,579

12. INTERNALLY RESTRICTED NET ASSETS

Details of internally restricted net assets are as follows:

	2011 \$	2010 \$
		(restated note 19)
Departmental carryforwards	51,850	39,910
Progress through the ranks	(22,300)	(25,278)
Computing systems development	4,010	3,698
Contractual commitments to employee groups	2,808	2,947
Research programs (note 19)	18,186	18,054

Capital reserve	34,259	41,499
Balance, end of year	287,931	303,318

Internally restricted net assets include funds committed for specific purposes that reflect the application of the Board of Governors' policy as follows:

- i Departmental carryforwards – These represent the cumulative positions of all Faculties and Divisions with net unspent year-end balances at the 2011 year-end. Under Board policy, which is approved annually, Faculties and Divisions are entitled to carryforward the net unspent funds from previous years' allocations. These funds provide units with a measure of flexibility established through prudent administration over several years to assist with future balancing of their budgets in the face of additional anticipated budget reductions, as well as resources which are to meet commitments made during the year.
- ii Progress through the ranks ("PTR") – This is the cumulative difference between the amounts paid for progress through the ranks salary adjustments and the budget funds provided under York's salary recovery policy. PTR adjustments are planned to be self-funding over time. However, on a year-to-year basis, the cost of providing PTR adjustments can be more or less than the funds provided, depending on the number of retirements that occurred during the year.

- iii Computing systems development – The University is planning to implement or upgrade several administrative computing and information systems. These appropriated funds support forward commitments for these systems planned or in process, as well as planned future stages of system implementation not yet contracted for at year-end
- iv Contractual commitments to employee groups – This is the net carryforward of funds to meet future commitments defined under collective agreements with various employee groups
- v Research programs – This represents appropriations for internally-funded research
- vi Pension cost deferral – This represents the cumulative portion of University-funded contributions paid into the pension plan which exceeds the accrued value of employee pension benefits earned as at the end of the period, as estimated in accordance with Canadian generally accepted accounting principles
- vii Sinking fund – This represents funds set aside to retire capital debt
- viii Investment in capital assets – This represents the net amount of capital assets funded using internal capital
- ix Capital reserve – This represents funds restricted for deferred maintenance, capital emergencies and capital projects planned or in progress

13. ENDOWMENTS

Endowments include restricted donations received by the University and funds that have been internally designated. Investment returns generated from endowments are used in accordance with the various purposes established by the donors or by the Board of Governors. The University protects the future purchasing power of its endowments by designating a portion of the annual investment income earned as capital protection. On an annual basis, the University determines the distribution for spending after a review of each individual endowment's market value, original contribution and capital protection, and takes into account the long-term objective to preserve the purchasing power of each endowment. In May 2010 the University made available for spending 4-5% (May 2009 – 0-3%) of the book value of each individual endowment.

Net assets restricted for endowment consist of the following

	2010	Contributions/ (Withdrawals)	Available for Spending (External) / Actual Spending (Internal)	Transfers/ Reclassification	Investment Income	2011
	\$	\$	\$	\$	\$	\$
Externally restricted	257,496	7,808	(7,727)	10	33,212	290,799

Total	293,820	7,808	(8,121)	-	37,825	331,332

Ontario Student Opportunity Trust Fund and Ontario Trust for Student Support

The Government of Ontario established the Ontario Student Opportunity Trust Fund ("OSOTF") and the Ontario Trust for Student Support ("OTSS") programs to encourage companies and individuals to contribute funds to post-secondary students. The University established three funds – OSOTF – Phase 1 in fiscal 1997, OSOTF – Phase 2 in fiscal 2004, and OTSS in fiscal 2005. Eligible donations are equally matched by the Province. Investment income earned on these funds is used to finance awards to qualified students in need of financial aid. The funds are included in the total of externally restricted endowments.

The position of the fund balances, at book and market value, are calculated as follows

14. EMPLOYEE SALARIES AND BENEFITS

The University has a defined contribution pension plan, which has a defined benefit component that provides a minimum level of pension benefits. The latest actuarial valuation for the pension plan was performed as at December 31, 2007. The next actuarial valuation is required as at December 31, 2010 and is currently in progress. The University measures its accrued benefit obligation and the fair value of plan assets for accounting purposes as at April 30 of each year.

The latest actuarial valuations for other non-pension post-retirement and post-employment benefits were performed as at February 1, 2009 and April 1, 2011, respectively, and extrapolated to April 30, 2011. The University measures its accrued benefit obligation for accounting purposes as at April 30 of each year.

The employee salaries and benefits expense for the year includes pension expense of \$62,232 (2010 – \$31,837) and other benefits expense of \$11,642 (2010 – \$11,784).

Information about the University's benefit plans as at April 30 is as follows:

The significant actuarial assumptions adopted in measuring the University's accrued benefit obligation and benefit costs are as follows:

	2011		2010	
	Pension Benefit Plans	Other Benefit Plans	Pension Benefit Plans	Other Benefit Plans
Accrued Benefit Obligation				
Discount rate	5.50%	5.60%	5.75%	6.00%
Rate of inflation	2.70%		2.50%	
Rate of compensation increase	5.00%	5.00%	5.00%	5.00%
Benefit Cost:				
Discount rate	5.75%	6.00%	8.50%	8.00%

Expected long-term rate of return on plan assets	7.00%	N/A	7.00%	N/A
Rate of compensation increase	5.00%	5.00%	5.00%	5.00%

For measurement purposes, a 5.75% (2010 – 5.79%) weighted average health care trend rate was assumed for 2011. The rate was assumed to decrease gradually to the ultimate weighted average health care trend rate of 4.50% in 2030 and to remain at that level thereafter.

16. LABOUR DISRUPTION

The University experienced a labour disruption during the 2008-2009 academic year. As a consequence of this disruption, the University extended its academic terms into May 2009. These terms had previously been scheduled to conclude by April 30, 2009.

In fiscal 2009, the University therefore deferred to fiscal 2010 a portion of grants and contracts, student fees, and sales and services revenue for services not yet performed. The amounts deferred were comprised as follows:

	Amount \$
Type of revenue	
Grants and contracts	27,841
Student fees	26,100
Sales and services	1,419
Total	55,360

In fiscal 2010, the above amounts were recognized in the Statement of Operations and Changes in Deficit as a reduction to deficiency of revenue over expenses for the year before adjustment related to labour disruption.

17. RELATED ENTITY

The University is a member, with ten other universities, of a joint venture called TRIUMF, Canada's national laboratory for particle and nuclear physics located on the University of British Columbia ("UBC") campus. TRIUMF is an unincorporated registered charity and each university has an undivided 1/11 interest in its assets, liabilities and obligations. The land and buildings it occupies are owned by UBC. The facilities and its operations are funded by federal government grants and the University has made no direct financial contribution to date. TRIUMF's net assets are not contemplated to be and are not readily realizable by the University. The University's interest in the assets, liabilities and results of operations are not included in these financial statements (see also note 18).

The following financial information as at March 31 for TRIUMF was prepared in accordance with Canadian generally accepted accounting principles except that all capital assets and related provisions for decommissioning costs, if any, are expensed in the year in which the costs are incurred.

18. COMMITMENTS AND CONTINGENT LIABILITIES

a) Forward purchases of natural gas and electricity

The University purchases natural gas for future delivery with fixed pricing. As at April 30, 2011, the University has committed to purchase 1.518M GJ (2010 – 2.113M GJ) of natural gas at an average cost of \$6.64/GJ (2010 – \$7.37/GJ), with delivery at various dates to October 2013 (2010 – October 2013), for a total commitment of \$10.1 million (2010 – \$15.6 million).

b) Litigation

The nature of the University's activities is such that there is usually litigation pending or in prospect at any one time. With respect to known claims at April 30, 2011, the University believes it has valid defences and appropriate insurance coverage in place. Therefore, such claims are not expected to have a material effect on the University's financial position. Should any additional losses occur, they would be charged to income in the year they can be estimated.

c) Canadian University Reciprocal Insurance Exchange ("CURIE")

The University participates in a reciprocal exchange of insurance risks in association with other Canadian universities. This self-insurance reciprocal, named CURIE, involves a subscriber agreement to share the insurable property and liability risks of member universities for a term of not less than five years. Plan members are required to pay annual deposit premiums, which are actuarially determined and expensed in the year. Plan members are subject to further assessment in proportion to their participation in the event premiums are insufficient to cover losses and expenses. As at December 31, 2010 and 2009, CURIE was fully funded.

d) TRIUMF

The members of the TRIUMF joint venture and the Canadian Nuclear Safety Commission ("CNSC") approved a decommissioning plan which requires all members to be severally responsible for their share of the decommissioning costs, which were estimated at \$44.0 million as at November 2007, as well as provide financial covenants to the CNSC for the amount of these costs. While there are no current intentions of decommissioning the facilities, the University's share was estimated at \$4.0 million. TRIUMF has put in place a plan for funding the cost of decommissioning which does not require any payments from the joint venture partners.

e) Capital commitments

The estimated cost to complete committed capital projects at April 30, 2011 is approximately \$70,851. These capital projects will be financed by government grants, internal funds, and fundraising.

19. COMPARATIVE FINANCIAL STATEMENTS

The University funds a number of programs to support research and professional development undertaken by faculty members. In prior years, the unexpended funds pertaining to these programs were included in accounts payable and accrued liabilities. These financial statements have been restated to include these amounts in internally restricted net assets.

The impact of this change to the 2010 comparative figures is an increase in opening internally restricted net assets and a decrease in accounts payable and accrued liabilities of \$18,054. There was no impact on revenues and expenses reported in the Statement of Operations and Changes in Deficit for the year ended April 30, 2010.
