Identifier	Return Reference	Explanation
FIN 48 Footnote	Part X, Line 2	The Foundation applies a more-likely-than-not measurement methodology to reflect the combined financial statement impact of uncertain tax positions taken or expected to be taken in a tax return. After evaluating the tax positions taken, none are considered to be uncertain, therefore, no amounts have been recognized as of June 30, 2011 and 2010. If incurred, interest and penalties associated with tax positions are recorded in the period assessed in management and general expenses. No interest or penalties have been assessed as of June 30, 2011 and 2010. Tax years that remain subject to examination include 2008 through the current year for the federal return and 2007 through the current year for the Colorado return. During the year ended June 30, 2010, the Foundation was notified of an Internal Revenue Service examination for the year ended June 30, 2007. The examination began in April 2010 and has not been completed as of the date of the auditors' report. Management does not believe there will be any changes to the return filed for the year ended June 30, 2007 based upon this examination. Because the outcome of this examination is uncertain, no amounts have been accrued as of June 30, 2011 or 2010.
