SchD_P05_S00_L04	Schedule D, Part V, Line 4	The income generated from the endowment funds is spent according to the wishes of the donors. Some of the income is unrestricted, while some of the income is restricted to specific purposes such as scholarships, prizes, athletic expenses, and general college expenditures.
SchD_P10_S00_L02	Schedule D, Part X, Line 2	Generally accepted accounting principles, as practiced in the United States of America, require an entity to assess the probability that a tax position has a "more likely than not" sustainability after review by tax authorities. If a tax position is deemed not to meet this threshold, any unrecognized tax benefits and costs are estimated and recognized. Interest and penalties, if any, related to assessments by tax authorities will be classified as a component of interest expense and other expenses, respectively, in the statements of activities and changes in net assets. A tax position may be considered as taken any time a taxpayer chooses amongst alternatives that affect the amount of their tax obligations and include for example: tax exempt status, status of a pass-through entity (S Corporations), decision made in the process of conforming with tax laws, decisions not to file in certain jurisdictions, allocation of income between jurisdictions, and the characterization of income or expenses. Tax returns are routinely open for review by the tax authorities for three years from their due date. In certain circumstances the statute of limitations may remain open indefinitely. The College has been notified by the Internal Revenue Service that it meets the qualifications to be classified as a tax exempt entity under section 501(c)(3) of the Internal Revenue Code. Since the continuance of this status is based upon continuing qualification, the College has identified this as a tax position. However, it has determined that this tax position meets "more likely than not" sustainability and does not result in any uncertainty requiring recognition.
