Description of How Organization Reports Conservation Easements	Part II, Line 9	Conservation easements are included in property and equipment on the School's June 30, 2011 Statement of Financial Position. There were no new conservation easements during the fiscal year ending June 30, 2011.
Description of Intended Use of Endowment Funds	Part V, Line 4	The School's primary objective is long-term capital appreciation which together with income will provide for the growth of the endowment while allowing support for current activities. The School has adopted a spending policy whereby a percentage of the historical average market value of the endowment for program services and capital needs is distributed and treated as support for operating activities. To the extent the total return requirement for the current year is not fulfilled by interest and dividends, the School utilizes realized gains of its endowment. To the extent the total return requirement for the current year is exceeded by interest and dividends, the School adds the excess income to its endowment.
Description of Uncertain Tax Positions Under FIN 48	Part X	In determining the recognition of uncertain tax positions, the School applies a more-likely-than-not recognition threshold and determines the measurement of uncertain tax positions considering the amounts and probabilities of the outcomes that could be realized upon ultimate settlement with taxing authorities. As of June 30, 2011, the School has no uncertain tax positions that qualify for either recognition or disclosure in the financial statements.
