**Part I Summary**

<b>Activities &amp; Governance</b>	<b>1</b> Briefly describe the organization's mission or most significant activities Manhattan College is a private independent Catholic institution of higher learning, which embraces qualified men and women of all faiths, races and ethnic backgrounds. With 3,000 plus undergraduate students the College is large enough to be robustly diverse and to support a wide range of academic, extracurricular and support programs. The five undergraduate schools - arts, business, education, engineering and science - offer, individually, extraordinarily rich curricula, as well as ample opportunity for students in each school to take advantage of the resources of the others. At the same time, Manhattan College is small enough and compact enough for people to form a genuine sense of shared identity. Our students get to know each other very well and the professors know their students by name. Graduate programs are offered for education and engineering and a school of continuing and professional studies is also offered. The College fields 20 Division-I athletic teams for men and women.

Part III Statement of Program Service Accomplishments

Check if Schedule O contains a response to any question in this Part III

1 Briefly describe the organization's mission

Manhattan College, 10 miles north of midtown Manhattan and established in 1853, is founded upon the Lasallian tradition of excellence in teaching, respect for individual dignity, and commitment to social justice inspired by the innovator of modern pedagogy, John Baptist de La Salle. The mission of the College is to provide a contemporary, person-centered educational experience characterized by high academic standards, reflection on faith, values and ethics, and life-long career preparation. This is achieved in two ways: by offering students programs which integrate a broad liberal education with concentration in specific disciplines in the arts and sciences or with professional preparation in business, education and engineering, and by nurturing a caring, pluralistic campus community. The learning experience at the College is enriched by postgraduate professional programs and by capitalizing on its location on the edge of the cultural center and global marketplace that is NYC.

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? Yes No

If "Yes," describe these new services on Schedule O

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? Yes No

If "Yes," describe these changes on Schedule O

4 Describe the exempt purpose achievements for each of the organization's three largest program services by expenses. Section 501(c)(3) and 501(c)(4) organizations and section 4947(a)(1) trusts are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported

4a (Code ) (Expenses \$ 102,832,871 including grants of \$ 27,119,918 ) (Revenue \$ 108,496,039 )

Manhattan College's undergraduate and graduate programs are... The School of Arts offers courses and undergraduate degree programs in the humanities and social sciences. Since its founding, Manhattan College has sought to broaden the intellectual horizons of its students to prepare them for the various professions. Today, Arts continues the College's tradition through its core curriculum and its majors. The School of Science is the most recent manifestation of Manhattan College's commitment to Science education since its establishment as a separate school from the School of Arts in 1993. The School of Science curriculum leads to bachelor's degrees in biochemistry, biology, chemistry, computer science, mathematics and physics as well as offering pre-medical and pre-dental programs of study. The School of Engineering curriculum leads to bachelor's degrees in each of the traditional branches of engineering: chemical engineering, civil engineering, electrical engineering, mechanical engineering, as well as the more recent branches of environmental engineering and computer engineering. The School of Business curriculum consists of a broad background in the humanities and social sciences, leading to a bachelor's degree in business administration with majors in Finance, Economics, Management, Marketing, Computer Information Systems, Accounting and Global Business studies. The School of Education consists of curricula leading to bachelor's degrees in elementary and secondary education, physical education, childhood/special education, allied health, and radiological and health sciences, which include nuclear medicine technology and radiation therapy technology. The Graduate Division curricula include programs leading to the Degree of Master of Arts (Counseling), Master of Science in Education (Childhood Education/Special Education, Administration and Supervision, School Building Leadership), Master of Science (Chemical, Civil, Electrical, Computer, Environmental and Mechanical Engineering), and Master of Environmental Engineering. The School of Continuing and Professional Studies is designed to offer alternative academic opportunities to non-traditional students. The Bachelor of Science in General Studies addresses the needs of the working adult and provides an ideal opportunity to complete the bachelor's degree in 23 months in a highly structured, modular format. It is based on an exceptionally effective and proven approach to adult education that will serve students in their professional careers and for personal achievement. The program builds on the adult experience and recognizes that learning occurs in many environments. A degree can be conferred once a student has completed 60 credits in residency and has acquired 60 credits transferred from prior educational sources. A master's degree in organizational leadership is also offered. Manhattan College is chartered and empowered to confer academic degrees by the University of the State of New York. The College is accredited by the Middle States Association of Colleges and Schools and in March 2012 was reaccredited for a 10 year period. The College is approved by the American Chemical Society for the professional training of chemists and by the New York State Department of Health for Radiation Therapy Technology. The programs in chemical engineering, civil engineering, electrical engineering and computer engineering, mechanical engineering, and environmental engineering are accredited at the basic level by the Engineering Accreditation Commission of the Accreditation Board for Engineering and Technology. The School of Business is accredited by AACSB International, the Association to Advance Collegiate Schools of Business, the premier accrediting agency for business programs globally. The School of Education is accredited by TEAC, The Teacher Education Accreditation Council, an organization dedicated to improving academic degree programs for professional educators, those who will teach and lead in schools, pre-K through grade 12. Facilities: The central campus was constructed when the College moved to its current location in the Riverdale section of the Bronx in 1923 from Manhattan. As the student body grew, the diversity of academic programs increased and demand for additional student services grew, the College constructed additional buildings on its campus and purchased additional properties located near the main campus. The College is located in a semi-suburban area. The classroom and laboratory buildings include De La Salle Hall, Miguel Hall, Hayden Science Building, Leo Hall and the Research and Learning Center, which is dedicated to computer research. A wide variety of computing resources are available to students, faculty and staff via JasperNet, the College's campuswide network. Thirteen microcomputer laboratories are located on campus. The new O'Malley Library and Technology Center supports 40 systems in a library commons area, 30 in a lab, a 40 seat multimedia classroom and an Internet cafe. Wireless network access is available throughout the campus and in student common areas including the dining halls. Internet access is provided by a high speed connection. The existing residence halls of the College are Horan Hall, Overlook Manor, Jasper Hall, Chrysostom Hall, De La Salle Hall and East Hill II. The College's office space is housed primarily in Memorial Hall (administration building), Miguel Hall and De La Salle Hall. Additional facilities include The O'Malley Library, Smith Auditorium and Chapel of De La Salle and His Brothers, Alumni Hall, Draddy Gymnasium, Thomas Hall (Student Center and Campus Dining Services), and Maintenance building. Gaelic Park, a 3.5-acre athletic recreational facility is located between the upper and lower campuses and provides the College with athletic facilities for soccer, lacrosse and softball. The park is also used for intramural sports. The College recently has upgraded the facilities, erecting new stands, beautifying the field, installing new artificial turf, new lighting and new locker rooms. Over the years, an evolution has taken place in faculty representation. The Christian Brothers faculty has been replaced by predominantly lay teachers, and includes both men and women. The College became coeducational and accepted its first women undergraduate students in 1973. Currently, women number nearly half of the full-time undergraduate student body. With the opening of Horan Hall (1990) and its twin East Hill (2008), the College now offers a four-year guarantee of resident housing and 80 percent of the student body chooses to live on or near campus, while the rest commutes. The student-faculty ratio is twelve to one. Fall 2010 Head count 2913 undergraduate full time, 89 undergraduate part time, 156 graduate full time, 254 part time graduate for a total headcount of 3412.
