The organization recently learned that the accounting period ends on June 30 of each year. The first return there is a record of being filed is for 2011, the first year of actual operations, which has been amended to reflect the correct fiscal year as it was filed on a calander year basis. Form 990N should have and may have been filed for the previous years, however, there is no record that the returns were acutally filed, therfore this return is being filed to insure compliance.
