Part VI Supplemental Information

Complete this part to provide the following information

Required descriptions. Provide the description required for Part I, lines 3c, 6a, and 7, Part II, Part III, lines 4, 8, and 9b, and Part V, Section B, lines 1j, 3, 4, 5c, 6i, 7, 11h, 13g, 15e, 16e, 17e, 18d, 19d, 20, and 21

- 2 **Needs assessment.** Describe how the organization assesses the health care needs of the communities it serves, in addition to any needs assessments reported in Part V, Section B
- Patient education of eligibility for assistance. Describe how the organization informs and educates patients and persons who may be billed for patient care about their eligibility for assistance under federal, state, or local government programs or under the organization's financial assistance policy
- 4 **Community information.** Describe the community the organization serves, taking into account the geographic area and demographic constituents it serves
- Promotion of community health. Provide any other information important to describing how the organization's hospital facilities or other health care facilities further its exempt purpose by promoting the health of the community (e.g., open medical staff, community board, use of surplus funds, etc.)
- Affiliated health care system. If the organization is part of an affiliated health care system, describe the respective roles of the organization and its affiliates in promoting the health of the communities served
- 7 **State filing of community benefit report.** If applicable, identify all states with which the organization, or a related organization, files a community benefit report

Identifier	ReturnReference	Explanation
Tuentine		PART I, LINE 3C THE GOOD SAMARITAN HOSPITAL OF CINCINNATI, OHIO UTILIZES THE FEDERAL POVERTY GUIDELINES ("FPG") IN DETERMINING CHARITY CARE ELIGIBILITY SEE THE RESPONSES TO PART I, LINE 3A AND 3B AN INDIVIDUAL'S INCOME UNDER FPG IS A SIGNIFICANT FACTOR IN DETERMINING ELIGIBILITY FOR CHARITY CARE HOWEVER, IN DETERMINING WHETHER TO EXTEND DISCOUNTED OR FREE CARE TO A PATIENT, THE PATIENT'S ASSETS MAY ALSO BE TAKEN INTO CONSIDERATION FOR EXAMPLE, A PATIENT SUFFERING A CATASTROPHIC ILLNESS MAY HAVE A REASONABLE LEVEL OF INCOME, BUT A LOW LEVEL OF LIQUID ASSETS SUCH THAT A PAYMENT OF MEDICAL BILLS WOULD BE SERIOUSLY DETRIMENTAL TO THE PATIENT'S FINANCIAL (AND ULTIMATELY PHYSICAL) WELL-BEING AND SURVIVAL SUCH A PATIENT MAY BE EXTENDED
		DISCOUNTED OR FREE CARE BASED UPON THE FACTS AND CIRCUMSTANCES

Report of Independent Auditors

The Board of Trustees of The Good Samaritan Hospital of Cincinnati, Ohio

We have audited the accompanying consolidated balance sheets of The Good Samaritan Hospital of Cincinnati, Ohio (the Company) as of June 30, 2011 and 2010, and the related consolidated statements of operations and changes in net assets, and cash flows for the years then ended These consolidated financial statements are the responsibility of the Company's management Our responsibility is to express an opinion on these consolidated financial statements based on our audits

We conducted our audits in accordance with auditing standards generally accepted in the United States Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement. We were not engaged to perform an audit of the Company's internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control over financial reporting Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall consolidated financial statement presentation. We believe that our audits provide a reasonable basis for our opinion

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of The Good Samaritan Hospital of Cincinnati, Ohio at June 30, 2011 and 2010, and the consolidated results of its operations and changes in net assets, and its cash flows for the years then ended in conformity with U S generally accepted accounting principles

Our audits were conducted for the purpose of forming an opinion on the consolidated financial statements taken as a whole. The unaudited community benefit information in Note B is presented for purposes of additional analysis and is not a required part of the basic consolidated financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic consolidated financial statements, and, accordingly, we do not express any assurances on such information

Notes to Consolidated Financial Statements

June 30, 2011 and 2010 (Dollar Amounts in Thousands)

A. Summary of Significant Accounting Policies

Organization

The Good Samaritan Hospital of Cincinnati, Ohio (the Company) is an Ohio nonprofit corporation The Company is a direct affiliate of Catholic Health Initiatives (CHI), a Colorado nonprofit corporation recognized by the Internal Revenue Service as exempt from income taxation under Section 501(a) of the Internal Revenue Code as a charitable organization described in Section 501(c)(3) of the Internal Revenue Code The mission of CHI is to nurture the healing ministry of the Catholic Church, bringing it new life, energy and viability in the 21st century CHI is committed to fidelity to the Gospel, with emphasis on human dignity and social justice in the creation of healthier communities CHI is sponsored by a lay-religious partnership, calling on other Catholic sponsors and systems to unite to ensure the future of Catholic health care

The mission of the Company is to provide health care and related services through its inpatient, outpatient, and community-based facilities and programs. The Company has a long-term commitment to medical education through its support of the physician residency program, healthcare training programs for technicians, The Good Samaritan Hospital College of Nursing, as well as patient education in disease management and awareness

CHI sponsors market-based organizations (MBOs) and other facilities in 19 states, including 72 acute-care hospitals, of which 21 are designated as critical access hospitals by the Medicare program, 40 long-term care, assisted living and residential facilities, two community health service organizations (CHSOs), home health agencies, and two accredited nursing colleges CHI also has an offshore captive insurance company, First Initiatives Insurance, Limited (FIIL)

The Company is a part of a network affiliation agreement with Bethesda Hospital, Inc and Subsidiaries (the Partner), an Ohio nonprofit corporation recognized by the Internal Revenue Service as exempt from federal income taxation under Section 501(a) of the Internal Revenue Code as a charitable organization described in Section 501(c)(3) of the Internal Revenue Code The agreement provides for, among other things, joint management of the combined operations of the facilities of the Company and the Partner The Company and the Partner share the excess of revenue over expenses (expenses over revenue) as defined in the network affiliation agreement The Company and the Partner also own 50% each of a joint venture, TriHealth, Inc (Note M) The Company accounts for TriHealth, Inc using the equity method of accounting

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

A. Summary of Significant Accounting Policies (continued)

Basis of Presentation

The consolidated financial statements of the Company include the accounts of The Good Samaritan Hospital of Cincinnati, Ohio, The Good Samaritan Hospital College of Nursing (a department of the Company), The Good Samaritan Hospital Medical Office Building (new in 2011), Community Limited Care Dialysis Center, The Good Samaritan Hospital Foundation, The Good Samaritan Hospital Special Funds, and until January 1, 2010, Universal Health Corporation Effective January 1, 2010, the Company contributed the operations and assets of Universal Health Corporation to TriHealth, Inc All significant intercompany accounts and transactions have been eliminated in consolidation

Fair Value Measurements

The Company follows the provisions of Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) 820, Fair Value Measurements and Disclosures, (ASC 820), which defines fair value as the price that would be reached to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date and establishes a framework for measuring fair value ASC 820 defines a three-level hierarchy for fair value measurements based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date

ASC 820 emphasizes that fair value is a market-based measurement, not an entity specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing an asset or liability. As a basis for considering market participant assumption in fair value measurements, and as noted above, ASC 820 defines a three-level fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity and the reporting entity's own assumptions about market participants. The fair value hierarchy is based upon the transparency of inputs to the valuation of an asset or liability as of the measurement date.

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

A. Summary of Significant Accounting Policies (continued)

The three levels are defined as follows

- Level 1 inputs utilize quoted market prices in active markets for identical assets or liabilities that the Company has the ability to access
- Level 2 inputs may include quoted prices for similar assets and liabilities in active markets, as well as inputs that are observable for the asset and liability (other than quoted prices), such as interest rates, foreign exchange rates and yield curves that are observable at commonly quoted intervals
- Level 3 inputs are unobservable inputs for the asset or liability, which is typically based on an entity's own assumptions, as there is little, if any, related market activity

In instances where the determination of the fair value measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment and considers factors specific to the asset or liability

In order to meet the requirements of ASC 820, the Company utilizes three basic valuation approaches to determine the fair value of its assets and liabilities required to be recorded at fair value. The first approach is the cost approach. The cost approach is generally the value a market participant would expect to replace the respective asset or liability. The second approach is the market approach. The market approach looks at what a market participant would consider an exact or similar asset or liability to that of the Company, including those traded on exchanges, to be valued at. The third approach is the income approach. The income approach uses estimation techniques to determine the estimated future cash flows of the Company's respective asset or liability expected by a market participant and discounts those cash flows back to present value (more typically referred to as a discounted cash flow approach)

Cash and Cash Equivalents

Cash and cash equivalents include all deposits with banks and investments in interest-bearing securities with maturity dates of 90 days or less from the date of purchase

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

A. Summary of Significant Accounting Policies (continued)

Restricted Cash

Restricted cash includes unexpended debt proceeds restricted to use on the construction of The Good Samaritan Hospital Medical Office Building

Net Patient Accounts Receivable

Net patient accounts receivable and net patient service revenue have been adjusted to the estimated amounts expected to be collected. These estimated amounts are subject to further adjustments upon review by third-party payors

The provision for bad debts is based upon management's assessment of historical and expected net collections considering historical business and economic conditions, trends in health care coverage, and other collection indicators Management periodically assesses the adequacy of the allowances for uncollectible accounts based upon historical write-off experience. The results of these reviews are used to modify as necessary the provisions for bad debts and to establish appropriate allowances for uncollectible net patient accounts receivable. After satisfaction of amounts due from insurance, the Company follows established guidelines for placing certain patient balances with collection agencies, subject to the terms of certain restrictions on collection efforts as determined by the Company

Financial instruments that potentially subject the Company to concentrations of credit risk consist primarily of non-governmental patient accounts receivable. The Company grants credit without collateral to its patients, most of whom are insured under third-party payor agreements. The percentages of gross patient accounts receivable from patients and third-party payors at June 30 approximated the following

	2011	2010
Medicare	18%	18%
Medicaid	3	4
Managed care	21	19
Self pay	22	23
Commercial and other	36	36
	100%	100%

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

A. Summary of Significant Accounting Policies (continued)

Inventories

Inventories, primarily consisting of pharmacy drugs and medical and surgical supplies, are stated at the lower of cost (first-in, first-out method) or market

Assets Limited as to Use and Investments

Assets limited as to use and investments include assets set aside for future long-term purposes, including capital improvements and amounts contributed by donors with stipulated restrictions Substantially all of the Company's assets limited as to use are held in the CHI Investment Program (the Program) The Program is structured under a Limited Partnership Agreement between CHI, as managing general partner, and each participant All assets limited as to use in the Program are professionally managed under the administration of CHI The Company's investments are represented by pool units rather than specific securities The Company accounts for its investments in the CHI Investment Program similar to the equity method of accounting

Assets limited as to use and investments held outside the CHI Investment Program include cash and cash equivalents, marketable debt and equity securities, mutual funds and certain hedge/private equity funds

The carrying value of hedge funds/private equity funds, collectively, alternative investments, are based on valuations provided by the administrators of the specific financial instruments Alternative investments are accounted for similar to the equity method of accounting based on the net asset value (NAV) provided by the administration. The underlying investments in these financial instruments are unknown and could include marketable debt and equity securities, commodities, foreign currencies, derivatives, and private equity instruments. The underlying investments themselves are subject to various risks including market, credit, liquidity, and foreign exchange risk. The Company believes the value of these financial instruments in the consolidated balance sheets is a reasonable estimate of its ownership interest in the alternative investment. Because these financial instruments are not readily marketable, the carrying value is subject to uncertainty and, therefore, may differ from the value that would have been used had a market for such financial instruments existed. Such differences could be material. The Company's risk related to alternative investments is limited to its carrying value.

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

A. Summary of Significant Accounting Policies (continued)

Investment income (including realized gains on investments, interest and dividends and changes in net unrealized gains and losses on investments designated as trading) is included in excess of revenue over expenses unless the income or loss is restricted by donor or by law

The global financial markets and banking system are subject to volatility which could adversely impact the Company Certain of the Company's assets and liabilities are exposed to various risks such as interest rate, market, and credit risks

Property and Equipment

Property and equipment are stated at historical cost or, if donated or impaired, at fair market value at the date of receipt or determination Depreciation is provided over the estimated useful life of each class of depreciable assets which range from 2 to 40 years and is computed using the straight line method. For property and equipment under capital lease, amortization is determined over the shorter period of the lease term or the estimated useful life of the property and equipment and is included in depreciation and amortization expense. Interest cost incurred during the period of construction of major capital projects is capitalized as a component of the cost of acquiring those assets

The cost and related accumulated depreciation of property and equipment that is sold or retired are removed from the respective accounts and the resulting gain or loss is recorded in other revenue, net Select property and equipment as of June 30, 2011 and 2010, respectively, of \$2,539 and \$469 purchased prior to year-end are excluded from the additions to property and equipment, net in the consolidated statements of cash flows as cash payment was not made as of the end of the year

Investments in Unconsolidated Organizations

The Company maintains an ownership percentage of 50% or less in various joint ventures and other companies that do not require consolidation. These investments are accounted for using the equity method of accounting.

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

A. Summary of Significant Accounting Policies (continued)

Net Assets

Unconditional promises to receive cash and other assets are reported at fair value at the date the promise is received Conditional promises and indications of donors' intentions to give are reported at fair value at the date the conditions are met or the gifts are received All unrestricted contributions are included in the excess of revenue over expenses (expenses over revenue) as other revenue, net Other gifts are reported as temporarily restricted if they are received with donor stipulations that limit the use of the donated assets When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified as donation revenue when restricted for operations or as unrestricted net assets when restricted for property and equipment Permanently restricted net assets are those for which use is restricted in perpetuity by donors Temporarily and permanently restricted net assets are primarily restricted for strategic capital projects and in support of the Company's mission

Net Patient Service Revenue

The Company has agreements with third-party payors that provide for payments at amounts different from its established rates. The basis for payment under these agreements includes prospectively determined rates, cost reimbursement, negotiated discounts from established rates, and per diem payments

Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors and others for services rendered, including estimated retroactive adjustments due to future audits, review and investigations. The differences between the estimated and actual adjustments are recorded as part of net patient service revenue in future periods, as the amounts become known, or as years are no longer subject to such audits, reviews and investigations

Charity Care

As an integral part of its mission, the Company accepts and treats all patients without regard to the ability to pay Services to patients are classified as charity care in accordance with established criteria Charity care represents services rendered for which partial or no payment is expected and, as such is not included in net patient service revenue in the consolidated statements of operations and changes in net assets The amount of charity care provided, as determined on the basis of charges, was \$66,086 and \$53,083 in 2011 and 2010, respectively

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

A. Summary of Significant Accounting Policies (continued)

Other Revenue, Net

Other revenue, net includes cafeteria revenue, rental income, auxiliary and gift shop revenue, gains and losses on the sale or disposal of property and equipment, and revenue from other miscellaneous sources

Excess of Revenue over Expenses

The consolidated statements of operations and changes in net assets include the line excess of revenue over expenses which represents the operating indicator for the Company Consistent with industry practice, changes in net assets which are excluded from the excess of revenue over expenses include change in plan assets and benefit obligation of pension plan, change in funded status of TriHealth pension plan, transfer to CHI, temporarily restricted contributions and investment income, and other changes in net assets

Federal Income Taxes

The Company, excluding Community Limited Care Dialysis Center, is comprised of entities recognized by the Internal Revenue Service as exempt from federal income taxation under Section 501(a) of the Internal Revenue Code as charitable organizations described in Section 501(c)(3) of the Internal Revenue Code Community Limited Care Dialysis Center is recognized by the Internal Revenue Service as exempt from income taxation under Section 501(a) of the Internal Revenue Code as a title-holding corporation described in Section 501(c)(2) of the Internal Revenue Code

The Company completed an analysis of uncertain tax positions in accordance with applicable accounting guidance at June 30, 2011 and 2010, and determined no amounts were required to be recognized in the consolidated financial statements at June 30, 2011 and 2010

Litigation

During the normal course of business, the Company may become involved in litigation Management assesses the probable outcome of unresolved litigation and records estimated settlements. After consultation with legal counsel, management believes that any such matters will be resolved without material adverse impact to the consolidation financial position or results of operations of the Company

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

A. Summary of Significant Accounting Policies (continued)

Use of Estimates

The preparation of the consolidated financial statements in conformity with US generally accepted accounting principles requires management to make estimates and assumptions that affect the reported and disclosed amounts of assets, liabilities, revenue, and expenses Actual results could vary from those estimates

Reclassifications

Certain reclassifications were made to the 2010 consolidated financial statement presentation to conform to the 2011 presentation

Recent Accounting Pronouncements

In January 2010, the FASB issued authoritative guidance regarding improving fair value disclosures. The guidance requires a number of additional disclosures regarding fair value measurements. The guidance is effective for interim and annual reporting periods beginning after December 15, 2009. The Company adopted the new authoritative guidance as required in the current year. Adoption of the new guidance had no impact on the consolidated financial results.

The FASB has issued Accounting Standards Update (ASU) No 2010-24, *Health Care Entities* (*Topic 954*): *Presentation of Insurance Claims and Related Insurance Recoveries* The amendments in the ASU clarify that a health care entity may not net insurance recoveries against related claim liabilities. In addition, the amount of the claim liability must be determined without consideration of insurance recoveries. The ASU is effective for fiscal years, and interim periods within those fiscal years, beginning after December 15, 2010. The Company is currently evaluating the impact of adoption and will make disclosure as required upon adoption.

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

A. Summary of Significant Accounting Policies (continued)

The FASB has issued ASU No 2010-23, *Health Care Entities (Topic 954): Measuring Charity Care for Disclosure* ASU 2010-23 is intended to reduce the diversity in practice regarding the measurement basis used in the disclosure of charity care ASU 2010-23 requires that cost, identified as the direct and indirect costs of providing the charity care, be used as the measurement basis for disclosure purposes ASU 2010-23 also requires disclosure of the method used to identify such costs. This ASU is effective for fiscal years beginning after December 15, 2010. The Company will make disclosures as required upon adoption.

The FASB issued ASU No 2011-07, Health Care Entities (Topic 954): Presentation and Disclosure of Patient Service Revenue, Provision for Bad Debts, and the Allowance for Doubtful Accounts for Certain Health Care Entities ASU 2011-07 is intended to provide financial statement users with greater transparency about a health care entity's net patient service revenue and the related allowance for doubtful receivables ASU 2011-07 requires certain health care entities to change the presentation of their statement of operations by reclassifying the provision for bad debts associated with patient service revenue from an operating expense to a deduction from patient service revenue Additionally, those health care entities are required to provide enhanced disclosure about their policies for recognizing revenue and assessing bad debts. The amendments also require disclosures of net patient service revenue as well as qualitative and quantitative information about changes in the allowance for doubtful receivables. The Company will make the change in the presentation of the provision for bad debts and disclosures as required upon adoption

Healthcare Regulatory Environment

The healthcare industry is subject to numerous laws and regulations of federal, state, and local governments. These laws and regulations include, but are not limited to, matters such as licensure, accreditation, government healthcare program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse Management believes the Company is in compliance with all applicable laws and regulations of the Medicare and Medicaid programs. Compliance with such laws and regulations is complex and can be subject to future governmental interpretation as well as significant regulatory action including fines, penalties, and exclusion from the Medicare and Medicaid programs

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

B. Community Benefit (unaudited)

In accordance with its mission and philosophy, the Company commits substantial resources to sponsor a broad range of services to both the poor as well as the broader community Community benefit provided to the poor includes the cost of providing services to persons who cannot afford health care due to inadequate resources and/or who are uninsured or underinsured. This type of community benefit includes the costs of traditional charity care, unpaid costs of care provided to beneficiaries of Medicaid and other indigent public programs, services such as free clinics and meal programs for which a patient is not billed or for which a nominal fee has been assessed, and cash and in-kind donations of equipment, supplies or staff time volunteered on behalf of the community

Community benefit provided to the broader community includes the costs of providing services to other populations who may not qualify as poor but may need special services and support This type of community benefit includes the costs of services such as health promotion and education, health clinics and screenings, all of which are not billed or can be operated only on a deficit basis, unpaid portions of training health professionals such as medical residents, nursing students and students in allied health professions, and the unpaid portions of testing medical equipment and controlled studies of therapeutic protocols

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

B. Community Benefit (unaudited) (continued)

A summary of the cost of community benefit provided for both the poor and the broader community for the year ended June 30 is as follows

		2011		2010
Cost of community benefit provided to the poor	•	15 500	Φ	17.002
Cost of charity care provided Unpaid cost of public programs, Medicaid and	\$	17,790	\$	17,893
other indigent care programs		10,713		6,932
Non-billed services for the poor		11		78
Cash and in-kind donations for the poor		112		13
Other benefit provided to the poor		1,094		1,219
		29,720		26,135
Cost of community benefit provided to the broader community				
Non-billed services for the community		4,199		3,810
Education and research provided for the community		17,965		13,203
Other benefit provided to the community		626		555
·		22,790		17,568
Total cost of community benefit	\$	52,510	\$	43,703

The above summary has been prepared in accordance with the policy document of the Catholic Health Association of the United States (CHA), Community Benefit Program—A Revised Resource for Social Accountability Community benefit is measured on the basis of total cost, net of any offsetting revenue, donations or other funds used to defray cost

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

C. Net Patient Service Revenue

Net patient service revenue is derived from services provided to patients who are directly responsible for payment or are covered by various insurance or managed care programs. The Company receives payments from the federal government on behalf of patients covered by the Medicare program, from state governments for Medicaid and other state-sponsored programs, from certain private insurance companies and managed care programs and from patients themselves A summary of payment arrangements with major third-party payors follows

Medicare – Inpatient acute care and certain outpatient services rendered to Medicare program beneficiaries are paid at prospectively determined rates per discharge or procedure. These rates vary according to patient classification systems based on clinical, diagnostic and other factors.

Medicaid – Inpatient services rendered to Medicaid program beneficiaries are primarily paid under the traditional Medicaid plan, and are paid at prospectively determined rates per discharge Certain outpatient services are reimbursed based on a cost reimbursement methodology, fee schedules or discount from established charges

Other – The Company has also entered into payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations. The basis for payment to the Company under these agreements includes prospectively determined rates per discharge, discounts from established charges and prospectively determined daily rates

The Company's Medicare, Medicaid and other payor utilization percentages, based upon net patient service revenue, are summarized for the year ended June 30 as follows

		2010
Medicare	23%	24%
Medicaid	4	3
Managed care	57	56
Self pay	4	4
Commercial and other	12	13
	100%	100%

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

C. Net Patient Service Revenue (continued)

Laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretations. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Net patient service revenue has increased for the years ended June 30, 2011 and 2010 by \$1,870 and \$3,788, respectively, due to favorable changes in estimates related to prior-years' cost report settlements and other third-party payor activity

D. Cash and Cash Equivalents, Restricted Cash, Assets Limited as to Use and Investments

The following is a summary of the carrying value of assets limited as to use and investments as of June 30

	2011	2010
CHI Investment Program	\$ 366,527	\$ 309,600
Other		
Cash	8,023	18,962
Restricted cash	18,145	_
Marketable debt securities		
Corporate	33,836	38,759
U S government	7,503	6,039
Marketable equity securities		
Domestic	16,517	11,872
Foreign	1,601	1,476
Mutual funds	,	·
Equity	11,720	8,905
Fixed income	6,905	6,157
Balanced	343	286
Hedge/private equity funds	2,959	3,195
Total other	107,552	95,651
	\$ 474,079	\$ 405,251

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

D. Cash and Cash Equivalents, Restricted Cash, Assets Limited as to Use and Investments (continued)

The Program asset allocation at June 30 is as follows

	2011	2010
Cash and cash equivalents	2%	2%
Marketable debt securities	34	38
Marketable equity securities	45	41
Alternative investments	19	19
	100%	100%

The CHI Investment Committee of the Board of Stewardship Trustees (CHI Investment Committee) is responsible for determining asset allocations among cash and cash equivalents, marketable debt securities, marketable equity securities and alternative investments. Alternative investments consist of hedge funds, private equity funds, and other securities organized as limited liability companies and partnerships. At least annually, the CHI Investment Committee reviews targeted allocations and, if necessary, makes adjustments to targeted asset allocations.

Investments held in the Program are represented by pool units valued monthly under a custodian accounting system. Investment income from the Program, including dividend and interest income (net of expense), net realized gains on investments, and the net change in unrealized gains on investments, is distributed to participants based on the earnings per pool unit. Gains or losses are realized by participants when pool units are sold, representing the difference between the cost basis and the market value of the pool units sold. The value of the assets held is an allocation of the underlying carrying value of the assets in the Program, based upon pool units held by the participants.

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

D. Cash and Cash Equivalents, Restricted Cash, Assets Limited as to Use and Investments (continued)

The following is a summary of the components of investment income for the year ended June 30

	2011			2010
Dividend and interest income (net of expenses) Net realized gains on investments	\$	7,417 16,778	\$	8,501 6,954
Net change in unrealized gains on investments		39,264		22,857
	\$	63,459	\$	38,312

E. Fair Value Measurements

The carrying amount reported in the consolidated balance sheets for current assets and current liabilities are reasonable estimates of fair value due to the short-term nature of these financial instruments. These financial instruments are not required to be marked to fair value on a recurring basis and therefore are not disclosed in the accompanying table. The Program and other investments in hedge/private equity funds are accounted for under the equity method of accounting. These financial instruments are not required to be marked to fair value on a recurring basis and therefore are not disclosed in the accompanying table. The carrying amount of the Program approximates fair value based on the nature of the underlying assets.

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

E. Fair Value Measurements (continued)

The following table represents the financial instruments measured at fair value on a recurring basis, outside of the Program, based on the fair value hierarchy as of June 30

	2011					2010										
	Level 1		1 Level 2		Level 3		Total		Level 1		Level 2		Level 3		Total	
Assets																
Cash and eash equivalents	\$	6,841	\$	_	\$	_	\$	6,841	\$	18,385	\$	_	\$	_	\$	18,385

Foreign		1,601		_		_		1,601		1.476		-		_		1.476
Mutual funds																
Equity		11,720		_		_		11,720		8,905		_		_		8,905
Fixed		6,905		_		_		6,905		6,157		_		_		6,157
Balanced		343		_		_		343		286		_		-		286
Total investments		45,771	3.	3,836		_		79,607		35,312		38,759		-		74.071
Total assets at fair value	\$	70,757	\$ 3.	3,836	\$	_	\$	104,593	\$	53,697	\$	38,759	\$	_	\$	92.456

The Company's cash and cash equivalents, restricted cash and investments are generally classified within Level 1 or Level 2 of the fair value hierarchy because they are valued using quoted market prices, broker or dealer quotations or alternative pricing sources with reasonable levels of price transparency. The types of financial instruments based on quoted market prices in active markets include most U S government marketable debt securities, marketable equity securities, mutual funds and cash equivalents (money market securities). Such instruments are generally classified within Level 1 of the fair value hierarchy. The Company does not adjust the quoted market price for such financial instruments.

The types of financial instruments valued based on quoted market prices in markets that are not active, broker or dealer quotations or alternative pricing sources with reasonable levels of price transparency include corporate and U S government other marketable debt securities Such financial instruments are generally classified within Level 2 for the fair market value hierarchy Primarily all of the Company's marketable debt securities are actively traded and the recorded fair value reflects current market conditions. However, due to the inherent volatility in the investment market there is at least a possibility that recorded investment values may change by a material amount in the near term

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

E. Fair Value Measurements (continued)

The inputs and valuation techniques as of June 30, 2011 and 2010 used for valuing the corporate marketable debt securities is primarily broker/dealer quotes, which represent a market valuation approach

The methods described above may produce a fair value that may not be indicative of net realizable value or reflective of future fair values Furthermore, while the Company believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different estimate of fair value at the consolidated balance sheet date

F. Property and Equipment

The following is a summary of property and equipment as of June 30

	2011			2010
Land and improvements Buildings and improvements	\$	15,377 304,817	\$	14,036 282,874
Equipment		188,279		173,857
		508,473		470,767
Less accumulated depreciation		338,041		320,752
		170,432		150,015
Construction in progress		16,198		26,850
	\$	186,630	\$	176,865

The Company evaluates whether events and circumstances have occurred that indicate the remaining useful life of property, and equipment may not be recoverable Management determined there were no impairment issues in 2011 or 2010

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

F. Property and Equipment (continued)

The Company has entered into a transaction with a developer to construct medical office buildings on land which is owned by the Company The Company will lease portions of the building from the developer in the future Under applicable accounting guidance, the Company has determined that it maintains certain risk of ownership on this transaction and as a result has recorded property and equipment, net and a related liability, which is included in long-term compensation and benefits and other long-term liabilities, of \$8,357 and \$7,560 at June 30, 2011 and 2010

Included in property and equipment, net at June 30, 2011 and 2010 are \$537 and \$881 of net property and equipment owned by the Company and used by TriHealth, Inc The depreciation associated with this property and equipment is recorded by the Company and allocated back to TriHealth, Inc based on estimated usage.

G. Long-Term Debt

The Company participates in a unified CHI credit governed agreement under a Capital Obligation Document (COD) Under the COD, CHI is the sole obligor on all debt Bondholder security resides both in the unsecured promise by CHI to pay its obligations and in its control of direct affiliates Covenants include a minimum CHI debt coverage ratio and certain limitations on secured debt The Company, as a direct affiliate of CHI, is defined as a participant under the COD and has agreed to certain covenants related to corporate existence, maintenance of insurance and exempt use of bond-financed facilities The Company was in compliance with these covenants at June 30, 2011 and 2010 Debt under the COD is evidenced by promissory notes between the Company and CHI, which include monthly installments of interest and may be repaid in advance without penalty

In December of 2010, the Company entered into three separate loan agreements to assist in financing the construction of a new medical office building on its campus scheduled to be completed in fiscal 2012 or 2013. The loans were obtained through subsidiaries of Uptown Consortium, Inc., an Ohio nonprofit corporation. Two of the loans were from the subsidiary UNIF, LLC for \$10,867 and \$3,950, respective, both with a maturity in 2042 and a fixed interest rate of 1.25% at June 30, 2011. The final loan was from the subsidiary Uptown Cincinnati Development Fund for \$8,911 with a maturity in 2017, and a fixed interest rate of 4.00% at June 30, 2011. The Company is subject to certain nonfinancial restrictive covenants under the loan agreements. Management is of the opinion that the Company was in compliance with all restrictive covenants at June 30, 2011.

1104-1250958 25

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

G. Long-Term Debt (continued)

The following is a summary of long-term debt as of June 30

	2011		2010
Note payable to CHI, due 2015 Note payable to CHI, due 2024 Note payable to CHI, due 2021	\$	215 80,095 43,814	\$ 350 84,637 49,308
Note payable to Uptown Cincinnati Development Fund, due 2017 Note payable to UNIF, LLC due 2042		8,911 10,867	, _ _
Note payable to UNIF, LLC due 2042 Less current portion of long-term debt		3,950 147,852 10,781	- 134,295 10,171
Less carrent portion of long term door	\$	137,071	\$ 124,124

All of the notes payable to CHI are variable-rate debt with historical interest rates of 4 33% to 5 00% in 2011 (4 33% at June 30, 2011), and 5 00% to 5 75% in 2010 (5 00% at June 30, 2010) The variable-rate associated with the notes payable to CHI is based on a blended rate of the underlying fixed and variable-rate debt held by CHI

A summary of scheduled principal payments on long-term debt for the next five years and thereafter is as follows

	<u>Amounts</u>	<u>Due</u>
Year Ending June 30		
2012	\$ 10,7	′ 81
2013	11,1	.23
2014	11,7	′ 10
2015	12,3	327
2016	12,9	78
Thereafter	88,9)33
	\$ 147,8	352

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

G. Long-Term Debt (continued)

Interest paid on all long-term debt was \$7,269 and \$7,110 for the years ended June 30, 2011 and 2010, respectively Total rental expense under all operating leases for the years ended June 30, 2011 and 2010 was \$3,716 and \$3,774, respectively

H. Functional Expenses

The Company provides health care services to individuals within the tri-state area including inpatient, outpatient, ambulatory, long-term care and community-based services Support services include administration, finance and accounting, information technology, public relations, human resources, legal, mission services and other functions that are supported centrally for all of the Company The following summarizes the expenses related to providing those services for the year ended June 30

	 2011	2010
Health care services Support services	\$ 407,303 60,156	\$ 394,048 58,730
	\$ 467,459	\$ 452,778

I. Retirement Plan

The Company maintains a noncontributory defined benefit retirement plan (the Plan) covering substantially all employees Under the Plan, employee benefits are based on employees' years of service, retirement age, and compensation Vesting occurs over a three-year period The Plan has received an Internal Revenue Service private letter ruling that states the Plan qualifies as a church plan and, accordingly, is exempt from certain provisions of both the Employee Retirement Income Security Act of 1974 (ERISA) and Pension Benefit Guarantee Corporation premium and coverage While the Plan is exempt from ERISA, the funding policy is to annually contribute an amount at least equal to the minimum funding requirement of ERISA as determined by consultation with an independent actuary

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

I. Retirement Plan (continued)

The Company recognizes the funded status (that is, the difference between the fair value of plan assets and the projected benefit obligations) of the Plan in the consolidated balance sheets, with a corresponding adjustment to unrestricted net assets Actuarial gains and losses that arise and are not recognized as net periodic pension expense in the same periods will be recognized as a component of unrestricted net assets Those amounts will be subsequently recognized as a component of net periodic pension expense on the same basis as the amounts recognized in unrestricted net assets

Effective January 1, 2010, the benefits of certain employees were transferred to the TriHealth, Inc qualified noncontributory defined benefit retirement plan created in 2006 In 2010, certain actuarially determined assets and liabilities of the Plan were transferred to the TriHealth, Inc Retirement Plan All benefits earned by these employees will be the obligation of TriHealth, Inc There was no curtailment gain or loss recognized as part of this change As a result of this transfer, the employees did not lose any of their accrued service or benefits

Several amendments to the defined benefit pension plan went into effect on January 1, 2011 The Plan now requires each new employee to complete 1,000 hours during the first plan year in which he or she is hired in order to become a participant in the Plan effective as of their hire date. The previous requirement was 800 hours. This same increase from 800 to 1,000 hours worked per year is also now required in order to receive a year of service credit towards vesting and to accumulate any credits to be used in calculating an annual accrual under the Plan

The calculation of the number of credits earned each year was amended as well. The calculation is still based on a combination of the employees' age and years of service, but the number of credits earned at each level was reduced. However, employees are now eligible to participate in a new TriHealth, Inc. 401(k) Plan (the 401(k) Plan) where employees that are paid at least 1,000 hours in the calendar year are eligible for an employer match in the 401(k) Plan equal to 1.8% of their contributions

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

I. Retirement Plan (continued)

A summary of the changes in the benefit obligation, fair value of plan assets and funded status of the Plan for the year ended June 30 is as follows

	2011	2010
Accumulated benefit obligation	 155,460	\$ 148,306
Change in benefit obligation		
Benefit obligation at beginning of year	\$ 159,492	\$ 139,293
Net transfer to TriHealth, Inc Retirement Plan	_	(4,071)
Service cost	6,927	7,409
Interest cost	7,698	8,018
Actuarial (gain) loss	(1,565)	13,782
Benefits paid	 (6,627)	(4,939)
Benefit obligation at end of year	165,925	159,492
Change in plan assets		
Fair value of plan assets at beginning of year	111,551	99,245
Net transfer to TriHealth Inc Retirement Plan	_	(4,128)
Actual return on plan assets	26,055	14,473
Company contributions	12,200	6,900
Benefits paid	 (6,627)	(4,939)
Fair value of plan assets at end of year	 143,179	111,551
Under funded status	\$ (22,746)	\$ (47,941)

Included in unrestricted net assets are the following amounts that have not yet been recognized in net periodic pension expense as of June 30

	 2011	2010		
Net prior service cost Net actuarial loss	\$ 528 50,013	\$	1,254 69,718	
	\$ 50,541	\$	70,972	

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

I. Retirement Plan (continued)

The net prior service cost and net actuarial loss included in unrestricted net assets that is expected to be recognized in net periodic pension expense during the fiscal year ended June 30, 2012 is \$78 and \$2,907, respectively

The following amounts related to plan activity have been recognized as increase (decrease) in unrestricted net assets for the year end June 30

	2011	2010
Amortization of net prior service cost	\$ 726	\$ 802
Net transfer of prior service cost	_	(64)
Net actuarial gain (loss)	16,840	(10,173)
Amortization of net actuarial loss	 2,865	1,162
	\$ 20,431	\$ (8,273)

A summary of the components of net periodic pension expense for the Plan, which is included in employee benefits expense in the consolidated statements of operations and changes in net assets for the year ended June 30, is as follows

	2011		2010
Service cost	\$ 6,927	\$	7,409
Interest cost	7,698		8,018
Expected return on plan assets	(10,780)		(10,904)
Amortization of net prior service cost	699		802
Amortization of net actuarial loss	2,892		1,162
	\$ 7,436	\$	6,487

The following weighted-average assumptions were used to determine the benefit obligation as of June 30

	2011	2010
Discount rate	5.15%	5 00%
Rate of compensation increase	3.50% to 6.50%	3 50% to 6 50%

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

I. Retirement Plan (continued)

The following weighted-average assumptions were used to determine net periodic pension expense for the year ended June 30

	2011	2010
Discount rate	5.00%	6 00%
Expected return on plan assets	8.25%	8 25%
Rate of compensation increase	3.50% to 6.50%	3 50% to 6 50%

All of the Company's plan assets are invested in a CHI Plan Assets Investment Program (the Plan Asset Program) that provides for asset allocation in strategies across equity and debt markets, both domestic and international, and alternative investments Alternative investments consist of hedge funds, private equity funds, and other securities organized as limited liability companies and partnerships. The portfolio's objectives are preservation of principal, investment growth of assets consistent with reasonable actuarial assumptions, competitive returns, minimization of unnecessary risk, and consistency with CHI social responsibility investment guidelines. Strategies are followed which increase or decrease investments in the equity and debt markets based upon the value of the stock and bond markets and the relative value of a wide variety of securities within these markets. Consideration is given to several variables, including productivity, inflation, global competitiveness, and risk

The Company's plan assets are represented by pool units rather than specific securities. The Plan Asset Program is not necessarily readily marketable and may include short sales on securities and trading in future contracts, options, foreign currency contracts, other derivative instruments and private equity investments. However, management has determined the that the net asset value (NAV) is an appropriate estimate of the fair value of these pooled units at June 30, 2011 and 2010 based on the underlying investment being recorded at fair value within the Plan Asset Program. As the Company has the ability to redeem its pooled units with no adjustment at the measurement date and there are no significant restrictions on liquidating these investments, the investment is categorized as a Level 2 measurement in the fair value hierarchy considerations. The inputs and valuation techniques as of June 30, 2011 and 2010 used for valuing the pooled units is primarily NAV, which represent a market valuation approach

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

I. Retirement Plan (continued)

The target and range asset allocations for the plan assets set forth in the Plan Asset Program's investment policies is as follows

	Target Rang		
Marketable debt securities	27 5%	22 5% to 32 5%	
Equity securities	52 5%	47 5% to 57 5%	
Alternative investments	20 0%	20 0% to 25 0%	

As of June 30, 2011, the Company believes that there is not a specific concentration of risk in the underlying pool. The Company does recognize that all investments are subject to market risks and that changes in the market may have a material effect on the plan assets

The Program asset allocation at June 30 is as follows

	2011	2010
Marketable debt securities	26.1%	24 6%
Equity securities	53. 7	53 6
Alternative investments	20.2	21 8
	100%	100%

The following is a summary of plan assets as of June 30, 2011 measured at fair value on a recurring basis based on the fair value hierarchy

	Lev	el 1	Level 2	Level 3	Total
Plan assets					
Plan Asset Program	\$	_	\$ 143,179	\$ -	\$ 143,179
Total plan assets at fair value	\$	_	\$ 143,179	\$ -	\$ 143,179

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

I. Retirement Plan (continued)

The following is a summary of plan assets as of June 30, 2010 measured at fair value on a recurring basis based on the fair value hierarchy

	Lev	vel 1	Level 2	Level 3	Total
Plan assets	•				_
Plan Asset Program	\$	_	\$ 111,551	\$ -	\$ 111,551
Total plan assets at fair value	\$	_	\$ 111,551	\$ -	\$ 111,551

The expected benefits to be paid to the Plan participants and beneficiaries are as follows

Year Ending June 30 2012 2013	Estimated Payments
Year Ending June 30	
2012	\$ 11,252
2013	12,860
2014	12,848
2015	12,610
2016	14,938
2017 - 2021	82,635

The Company expects to contribute \$7,400 to the Plan in 2012

J. Insurance Programs

First Initiatives Insurance, Ltd (FIIL), a wholly owned, captive insurance subsidiary of CHI, underwrites the property and casualty risks of CHI The Company participates in FIIL's comprehensive professional, employment practices, general liability and workers' compensation coverage Coverage is provided by FIIL either on a directly written basis or through reinsurance relationships with commercial carriers. In addition, CHI purchases excess insurance from commercial carriers. These amounts, including actuarial estimates for incurred but not reported claims, are assessed to all participants.

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

J. Insurance Programs (continued)

Amounts paid by the Company for professional, employment practices, and general liability coverage were \$4,479 and \$5,924 for the years ended June 30, 2011 and 2010, respectively, and are included in insurance expense. Amounts paid by the Company for workers' compensation coverage were \$1,984 and \$1,909 for the years ended June 30, 2011 and 2010, respectively, and are included in employee benefits expense.

The Company is self-insured for employee health insurance Employee health benefits are paid through a local claims processor based on plan coverage determined by the Company An estimated liability of \$2,971 and \$2,841 for outstanding and incurred but not reported claims has been included in compensation and benefits as of June 30, 2011 and 2010, respectively, and is believed by management to be adequate for the cost of potential losses

K. Related Party Transactions

In addition to the related party transactions described in other notes to the consolidated financial statements, the Company recognized expense of \$15,532 and \$15,436 in 2011 and 2010, respectively, related to overhead allocations from the CHI National Office The Company also made net contributions of \$4,024 and \$2,950 to the Capital Resource Pool of CHI during 2011 and 2010, respectively These fund contributions are recorded as direct reductions to unrestricted net assets

The Company enters into various related party transactions in the ordinary course of business with the Partner Information related to the annual settlement with the Partner under the network affiliation agreement is disclosed in Note L All other activity that occurs in the normal course of business with the Partner is disclosed in this note

The following is a summary of the net amounts due to related organizations at June 30

	 2011	2010

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

K. Related Party Transactions (continued)

The amount due to the Partner represents an accumulation of overhead costs, payroll, accounts payable, and other centrally managed processes creating a corresponding payable that is relieved periodically by a transfer of cash, and is short term in nature

L. Network Affiliation Agreement

Under the agreement described in Note A, the Company recognized income related to the sharing of the excess of revenue over expenses of the Company and the Partner for the years ended June 30, 2011 and 2010 The revenue share is computed on patient and non-patient revenue, only for entities defined in the network affiliation agreement and the resulting impact is recorded by the Company The network affiliation agreement excludes changes in net unrealized gains on investments designated as trading

Net income from network affiliation and the network affiliation receivable related to the sharing of excess of revenue over expenses between the Company and the Partner for the year ended June 30 are as follows

	 2011		2010
Operating income from network affiliation	\$ 7,811	\$	4,434
Nonoperating income from network affiliation	 3,326		195
	\$ 11,137	\$	4,629

The network affiliation agreement requires the network affiliation payable or receivable be settled within 90 days after the close of the year During 2011, \$4,629 was received by the Company from the Partner related to the 2010 network affiliation agreement During 2010, \$3,029 was paid by the Company to the Partner related to the 2009 network affiliation agreement

Notes to Consolidated Financial Statements (continued)

(Dollar Amounts in Thousands)

M. Investments in Unconsolidated Organizations

The Company maintains an ownership percentage of 50% or less in various joint ventures and other companies that do not require consolidation. These investments are accounted for using the equity method of accounting. The following is a summary of the investments in unconsolidated organizations as of June 30.

	 2011		2010	
TriHealth, Inc	\$ 3,005	\$	_	
DaVita, Inc	508		559	
TriState Laundry	 1,167		988	
	\$ 4,680	\$	1,547	

The following is a summary of the (loss) income from unconsolidated organizations for the years ending June 30

	 2011	2010
