Part X, Line 2: American Association of Neurosurgeons, Inc. is an

American Association of Neurological Surgeons and the Neuropoint Alliance, Inc. are Illinois nonprofit corporations which have been granted

is a political organization exempt from federal income taxes under Section 527 of the Internal Revenue Code. The General Operating and Journal of Neurosurgery Funds receive revenues, primarily advertising, which are considered unrelated business income and are taxed on a net basis after related expenses.

The entities follow the provisions of the Accounting for Uncertainty in Income Taxes section of the Income Taxes Topic of the FASB Accounting Standards Codification, which addresses the determination of whether tax benefits claimed or expected to be claimed on a tax return should be recorded in the financial statements. Under this guidance, the entities may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merits of the position. Examples of tax positions include the tax-exempt status of the entities and various positions related to the potential sources of unrelated business taxable income (UBIT). The tax benefits recognized in the financial statements from such a position are measured based on the largest benefit that has a greater than 50 percent likelihood of being realized upon ultimate settlement. The guidance on accounting for uncertainty in income taxes also addresses de-recognition, classification, interest and penalties on income taxes, and accounting in interim periods.

As of June 30, 2011 and 2010, the entities have no liability for unrecognized tax benefits.

The entities file forms 990 in the U.S. federal jurisdiction and the State of Illinois. With few exceptions, the entities are no longer subject to
