SchI_P01_S00_L02	Schedule I, Part I, Line 2	The college's financial aid, development, and business offices together are responsible for monitoring the use of grant funds. Three different offices are involved in this process for adequate checks and balances. The financial aid office verifies student eligibility for grants and awards the grant funds. The development office closely monitors the restrictions placed on grant funds from third parties. The development office ensures that the grantees selected by the financial aid office fulfill throughout the semester the restrictions of these grants. The development office uses internal reports provided by the financial aid office to assist with this process. These internal reports provide basic data on student eligibility, such as major, GPA, and extracurricular activities. The development office reports back to the appropriate grantors concerning the use of the grant funds. The business office posts the disbursement of the grant funds to the general ledger upon receiving confirmation from the financial aid and development offices. All grant information is kept on a secure database. This includes the names of the students receiving grants, the amounts of the grants, the criteria used to award grants, and the applicable semester and academic year.
