Description of Uncertain Tax Positions Under FIN 48	Part X	The Foundation follows accounting principles generally accepted in the United States of America related to the accounting for uncertainty in income taxes, which sets a minimum threshold for financial statement recognition of the benefit of a tax position taken or expected to be taken in a tax return. Tax positions for the open tax years as of June 30, 2011 were reviewed, and it was determined that no provision for uncertain tax positions is required. The Foundation's information and income tax returns for years subsequent to fiscal year 2008 are open, by statute, for review by authorities.
