INDEPENDENT AUDITOR'S REPORT

To the Advisory Council Legacy Christian Academy Andover, Minnesota

We have audited the accompanying statements of financial position of Legacy Christian Academy (a non-profit organization, the "Academy") as of June 30, 2011 and 2010 and the related statements of activities and cash flows for the years then ended. These financial statements are the responsibility of the Academy's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Legacy Christian Academy as of June 30, 2011 and 2010, and the results of its activities and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Legacy Christian Academy (the "Academy"), formerly Meadow Creek Christian School, is a non-profit religious institution incorporated under the laws of the State of Minnesota for the purpose of operating a school.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with generally accepted accounting principles in the United States of America and the principles of fund accounting. Fund accounting is the procedure by which resources for various purposes are classified for accounting purposes in accordance with activities or objectives specified by donors.

Use of Estimates in Financial Statements

In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amount of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Basis of Presentation

Net assets and all balances and transactions are presented based on the existence or absence of donor-imposed restrictions. Accordingly, the net assets of the Academy and changes therein are classified and reported as follows:

Unrestricted Net Assets - Net assets not subject to donor-imposed stipulations.

Temporarily Restricted Net Assets - Net assets subject to donor-imposed stipulations that will be met either by actions of the Academy and/or the passage of time. These balances generally represent the unexpended portion of externally restricted contributions and investment return to be used for specific programs and activities as directed by donors.

Permanently Restricted Net Assets - Net assets subject to donor-imposed stipulations that they be maintained permanently by the Academy. Generally, the donors of these assets permit the Academy to use all or part of the income earned on related investments for general or specific purposes.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Basis of Presentation (continued)

Revenues that are restricted by donors are reported as increases in unrestricted net assets if the restrictions expire in the reporting period in which the revenues are recognized. All other donor-restricted revenues are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. Expenses are reported as decreases in unrestricted net assets. Gains and losses on investments and other assets or liabilities are reported as increases or decreases in unrestricted net assets unless their use is restricted by explicit donor stipulation or by law. Expirations of temporary restrictions on net assets (i.e. the donor-stipulated purpose has been fulfilled and/or the stipulated time period has elapsed) are reported as net assets released from restrictions.

Cash and Cash Equivalents

Cash and cash equivalents include all cash balances and highly liquid investments with an original maturity value of three months or less. The carrying value of these instruments approximates fair value.

Concentration of Credit Risk

The Academy maintains its accounts in quality financial institutions. At times throughout the year, the Academy's cash balances may exceed amounts insured by the Federal Deposit Insurance Corporation. To date, the Academy has not experienced any losses in such accounts. Uninsured balances aggregate to approximately \$333,120 and \$711,396 as of June 30, 2011 and 2010, respectively.

Investments

Investment balances and net return on investments, including net appreciation, depreciation, and income and losses, are reported as unrestricted, restricted, or permanent, in accordance with donor specifications. Investments are presented at fair value as determined by methodologies relevant to each asset class with any related gain or loss reported in the statement of activities.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Tuition Receivable

Tuition receivable consists of tuition payments and are stated at the amount management expects to collect from outstanding balances. Management considers the following factors when determining the collectibility of specific student accounts: family credit worthiness, past transaction history, and changes in payment terms. Based on management's assessment, the Academy provides for estimated uncollectible amounts through a charge to earnings and a credit to a valuation allowance. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to the applicable tuition receivable. The allowance for doubtful accounts was \$30,000 at both June 30, 2011 and 2010.

Inventory

Inventories are stated at the lower of cost (first-in, first-out basis) or market (net realizable value).

Property and Equipment

Property and equipment are carried at cost. Expenditures for major renewals and betterments, which substantially increase the useful lives of existing assets, are capitalized. Maintenance and repairs are charged to operating expense as incurred.

The Academy utilizes the straight-line method of depreciation for financial reporting purposes at rates based on the useful lives of 3-10 years.

Land Held for Sale

Individual long-lived assets to be disposed of by sale are classified as assets held for sale if the following criteria are met:

- The carrying amount will be recovered principally through a sale transaction rather than through continuing use;
- The disposal group is available for immediate sale in its present condition subject only to terms that are usual and customary for such sales; and
- The sale is highly probable.

Assets held for sale are carried at the lower of their carrying amount or fair value less costs to sell and are presented separately on the face of the statements of financial position.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Impairment of Long-Lived Assets

Long-lived assets to be held and used are reviewed for impairment whenever events or changes in circumstances indicate that the related carrying amount may not be recoverable. When required, impairment losses on assets to be held and used are recognized based on the excess of the asset's carrying amount and fair value of the asset. When applicable, long-lived assets to be disposed of are reported at the lower of carrying amount or fair value less cost to sell.

Accrued Salaries

In accordance with established practice, teachers' salaries payable in July and August were accrued as of June 30, 2011 and 2010 and are shown as a liability on the accompanying financial statements.

Agency Funds

Agency cash and the related agency liability represent amounts deposited by Academy and community groups with the Academy, for the groups' use.

Deferred Tuition and Fees

Deferred tuition and fees result from the Academy recognizing registration and tuition revenue in the period in which the related educational instruction is performed. Accordingly, registration and tuition fees received for the next school term are deferred until the instruction commences.

Contributions

Contributions, which include unconditional promises to give, are recognized as revenues in the period the promise was received by the Academy. Conditional promises to give are not recognized until they become unconditional, that is when the conditions on which they depend are substantially met. Contributions other than cash are recorded at their estimated fair value. Contributions to be received within one year are recorded at net realizable value and contributions to be received in more than one year are discounted at an appropriate rate commensurate with the risks involved. Amortization of the discount is recorded as additional contribution revenue in accordance with donor-imposed restrictions, if any, on the contributions.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

In-Kind Contributions

Donated services are recognized as contributions if the services (a) create or enhance non-financial assets or (b) require specialized skills, are performed by people with those skills, and would otherwise be purchased by the Academy. Volunteers also provided other services throughout the year that are not recognized as contributions in the financial statements since the recognition criteria were not met.

Donated assets are recorded at fair value on the date of receipt. If donors stipulate the purpose for which the assets must be used and/or how long the assets must be held, the contributions are recorded as temporarily restricted; otherwise such donations are reported as unrestricted contributions.

Tuition and Fees

Tuition and fees reflect the Academy's normal tuition rates reduced by scholarships given on the basis of financial need. Dependents of the Academy's employees pay reduced tuition rates, which is included in tuition revenue at the reduced rate.

Advertising Costs

Advertising costs are expensed as incurred. Advertising costs were \$55,938 and \$5,005 for the years ended June 30, 2011 and 2010, respectively.

Fundraising Costs

Fundraising activities include costs that are incurred to induce potential donors to contribute money, securities, and other assets. Fundraising costs were approximately \$141,000 and \$46,000 for the year ended June 30, 2011 and 2010, respectively.

Income Taxes

The Internal Revenue Service has determined the Academy is exempt from federal income tax under Section 501(c)(3) of the Internal Revenue Code. The Academy is also exempt from state income taxes. However, any unrelated business income may be subject to taxation.

In accordance with the accounting standard on Accounting for Uncertainty in Income Taxes, the Academy addresses the determination of whether tax benefits claimed on a tax return should be recorded in the financial statements. Under this guidance, the Academy may recognize the tax benefit from an uncertain tax position only if it is more likely than not that the tax position will be sustained on examination by taxing authorities, based on the technical merit of the position.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Income Taxes (continued)

Examples of tax positions include the tax-exempt status of the Academy and various positions related to the potential sources of unrelated business taxable income. There were no significant unrecognized tax benefits identified or recorded as liabilities during fiscal year 2011. With few exceptions, the Academy no longer is subject to U.S. Federal, State, and local income tax examinations by tax authorities for years prior to 2008.

Reclassifications

Certain reclassifications have been made to the prior years' financial statements to conform to the current year presentation.

Academy's Continued Existence

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America, which contemplate continuation of the Academy as a going concern. However, at June 30, 2011 and 2010, the Academy had negative working capital of (\$700,983) and (\$233,412), respectively. Additionally, the Academy is anticipating an operating loss of approximately \$1,000,000 and planned strategic spending of \$500,000. Those factors create an uncertainty about the Academy's ability to continue as a going concern. Management is developing an operating plan to reduce expenses to a sustainable level. A related party has agreed to fund the Academy the \$1,500,000 to cover the projected loss, in addition to substantially all of the new building costs. The financial statements do not include any adjustments that might result from the outcome of this uncertainty

Subsequent Events

Management evaluates events occurring subsequent to the date of the balance sheet in determining the accounting for and disclosure of transactions and events that affect the financial statements. Subsequent events have been evaluated through November 17, 2011, which is the date the financial statements were available to be issued.

The capital campaign expenses represent the Construction in progress amount from the Statements of Financial Position.

NOTE 6 – OPERATING LEASES

The Academy renewed its building lease on August 19, 2010 to extend through 2012. The base rent is equal to \$314,832, and the Academy is also responsible for existing shared utilities. Rent expense was \$314,832 and \$181,712 for the years ended June 30, 2011 and 2010, respectively. Repairs and improvements totaled \$0 and \$287,576 for the years ended June 30, 2011 and 2010, respectively.

The Academy began leasing office equipment in September 2010 under an operating lease, payable in monthly installments of \$487, with the final payment due November 2015. Under terms of the lease, the Academy pays all service and maintenance costs. Total expense related to the lease was \$27,736 for the year ended June 30, 2011.

NOTE 6 - OPERATING LEASES (continued)

The following is a schedule of future minimum lease payments required under the above operating leases as of June 30.

| Year ending June 30, 2012 | \$ 320,676 |
|---------------------------|---------------|
| 2013 | 5,844 |
| 2014 | 5,844 |
| 2015 | 5,844 |
| 2016 | 1,948 |
| | \$ 340,156 |

NOTE 7 - RELATED PARTY

The Academy received \$1,300,000 in restricted contributions from a related third party in 2011. The contributions were released from restrictions to fund a large portion of the building and technology expenditures for the year ended June 30, 2011.

The Academy has an agreement with a related party, Meadow Creek Church, for building rental charges and payment for the related utilities and maintenance costs for use of the building. The Church charged \$94,694 and \$93,479 to the Academy for the above noted costs incurred for the years ended June 30, 2011 and 2010, respectively.

NOTE 8 – IMPAIRMENT OF FIXED ASSETS

In prior years, management has capitalized costs associated with designing a new school. Due to their situation and the age of the related assets, management had determined that these assets were 100% impaired. Management wrote down 75% of the value in 2009 and the remainder in 2010. This expense was included in the expense item "School building design" for the year ended June 30, 2010.

NOTE 9 - IMPAIRMENT OF LAND/LAND HELD FOR SALE

In 2010 during the Academy's assessment of future operations, management determined it would likely not use the land previously associated with building a new school. Management wrote down the cost of the land to reflect fair market value based on current market conditions, resulting in an impairment of \$637,006 for the year ended June 30, 2010 included in the expense item 'Building and grounds' on the Statement of Activities. The land is currently listed for sale and is included on the Statement of Financial Position as 'Land held for sale'.
