Renown South Meadows Medical Center is a 76-bed facility that offers the latest in medical and surgical care, intensive care, telemetry, a 24-hour emergency room, inpatient and outpatient surgical and lab services. Renown South Meadows provides a wide range of healthcare services to a developing area of the community. Renown South Meadows provides necessary healthcare services regardless of race, creed, sex, national origin, handicap, age or ability to pay. Renown South Meadows has over 500 physicians on its medical staff and extends privileges on its medical staff to all eligible and qualified physicians. Since it opened as an acute care hospital in 2002, Renown South Meadows has doubled its bed capacity by expanding the intensive care, surgical and telemetry units. It has also added two operating rooms and now includes orthopedic care in its list of clinical services. Orthopedic surgeons are performing hip arthroscopy procedures, which are less invasive and require a shorter recovery time than traditional surgery. Renown South Meadows is also the local home of endoscopic ultrasound. This technology, applied with skillful hands, has helped diagnose and treat digestive diseases and cancer in thousands of patients. Renown South Meadows houses physician offices in the medical pavilion. The hospital provides the use of its facility to more than 20 healthcare activity and support groups. These include events that involve nursing students, senior healthcare, maternal child education and obesity education. South Meadows also donates meeting space to more than a dozen community groups, including local law-enforcement agencies and service organizations. Renown South Meadows supports Partners in Education through activities with Double Diamond Elementary and Damonte Ranch High School. Renown Rehabilitation Hospital is a 62-bed, inpatient rehabilitation environment focusing on care that prepares patients to live as independently as possible after experiencing a disabling injury or illness. Renown Rehabilitation Hospital has the highest concentration of Certified Rehabilitation Registered Nurses in Nevada. Rehabilitation nurses provide comfort, therapy and education, promote health-conducive adjustments, support adaptive capabilities and promote achievable independence. During fiscal year 2011, Renown Rehabilitation Hospital was Northern Nevada's only inpatient acute rehab facility. Renown South Meadows and Renown Rehabilitation Hospital are governed by a board of community members, the majority of who live in our primary service area and who are neither employees or independent contractors or family members. All surplus funds are retained in the organization to make improvements in patient care. For the fiscal year ending June 30, 2011, Renown South Meadows, along with its parent, Renown Health and its subsidiaries, provided over \$139 million in benefit to the community (using community benefit numbers gathered by the Nevada Hospital Association using state-approved criteria to ensure consistency). For a full report on the benefit Renown Health provided to our community go to www.renown.org/communitybenefit.

Identifier	ReturnReference	Explanation
		Part I, Line 6a The organization's community benefit report is contained in a report prepared by its parent corporation, Renown Health Part I, Line 5b The organization budgets the amount of charity care expected in the next year but does not use that estimate as a constraint on the amount of charity care provided

Identifier	ReturnReference	Explanation
		Part I, Line 7 Charity care expense was converted to cost on line 7a using the cost-to-charge ratio derived from Worksheet 2 Unreimbursed medicaid and other unreimbursed costs on line 7b and 7c were calculated using the cost-to-charge ratio derived from Worksheet 2 Community health improvement, Health professions education and Cash and In-kind contributions on lines 7e, 7f and 7i are reported from the organization's records

Identifier	ReturnReference	Explanation
		Part I, L7 Col(f) The amount of bad debt expense removed from total expenses to determine the percentage was \$13,789,109

Identifier	ReturnReference	Explanation
		Part II Lines 1 to 8 are community building activities that include partnering with other organizations and individuals to support economic and work force development efforts in the community we serve. By working to improve the economic health of the community, we are addressing one of the root causes that impacts the health and well being of the community we serve.

Identifier	ReturnReference	Explanation
		<p>Part III, Line 4 The carrying amount of patient receivables is reduced by a valuation allowance that reflects management's estimate of amounts that will not be collected from patients and third-party payors Management reviews patient receivables by payor class and applies percentages to determine estimated amounts that will not be collected from third parties under contractual agreements and amounts that will not be collected from patients due to bad debts Management considers historical write off and recovery information in determining the estimated bad debt provision The amount included on Line 2 is calculated as the bad debt expense included in Part IX, Line 24a, multiplied by the ratio of costs to charges as calculated using worksheet 2 The amount included on Line 3 is calculated as the amount of uninsured patient charges written off as bad debt that is estimated to qualify as charity under the organization's charity care policy The organization estimated the amount based upon an analysis of the FICO scores of its uninsured population A FICO score below 500 is presumed to qualify under the organization's charity policy based upon an analysis of the bankcard balances and mortgage balances of this population and the FICO scores of the population that did qualify for charity under the organization's policy The organization estimated that 47.66% of the uninsured population has a FICO score under 500 To calculate the amount included on Line 3, the total bad debt expense at cost was multiplied by 47.66%</p>

Identifier	ReturnReference	Explanation
		Part III, Line 8 The costing methodology for Part III, Line 6 is using the ratio of cost to charges from the FY11 as filed Medicare cost report

Identifier	ReturnReference	Explanation
		Part III, Line 9b Patients in the process of qualifying for state or local indigent programs or the organization's charity program are indicated with a particular payor class/status in the patient accounting system. The patient is not subject to collection efforts while in those classes/statuses

Identifier	ReturnReference	Explanation
		<p>Part VI, Line 2 The organization reviews the current demographic information of the population it serves and the impact those demographics have on the health needs of the community See explanation 4 below for a description of the community While the demographics start to tell the story of community health needs, Renown Health also consults with community partners and draws from state and local government, non-profits, and school district data sources to assess healthcare needs in the community Renown Health also used data from Thomson Reuters, an information services company, to identify health care needs and barriers in its service area Renown Health's Community Benefit Committee spearheads the development of an annual community needs assessment and corresponding community benefit plan, and oversees the tracking and reporting of community benefit activities The committee oversees the development or updating of a community needs assessment in the fall, and from that assessment develops a community benefit plan that prioritizes and identifies community needs that the organization can support with its finite resources Both documents are presented to Renown Health's CEO and President's Council for refinement and approval annually The needs assessment and community benefit plan then go before the Renown Health Board for review and approval on behalf of all Renown organizations The committee presents the plan to membership, all other boards, medical staff, leadership and employees, and it works with community partners to finalize details of approved programs and community partnerships</p>

Identifier	ReturnReference	Explanation
		Part VI, Line 3 The organization educates patients on assistance eligibility upon their request and whenever situations indicate that the patient may be unable to pay for services. The organization contracts with an external vendor to work with uninsured patients to establish eligibility for a state or local program. For those that do not qualify for a state or local program, the vendor will work with the patient to complete the organization's charity care process.

		<p>Part VI, Line 4 Washoe County is located in the northwest corner of Nevada and has a population of 421,407 according to the 2010 US Federal Census. The population in the Reno-Sparks area is 50.5% male and 49.5% female. A quarter (25.2%) of the population is under the age of 18. 40.8% is in the 18-44 age group and 23.7% is from age 45-64. 10.2% of the population is 65+. Washoe County's population was estimated to have the following breakdown as of January 2009: 67.7% Caucasian/white, 2.7% African American / black, 6.3% Asian / Hawaiian or Pacific Islander, and 21.3% Hispanic. Fifteen percent of adults in the greater Reno-Sparks area do not have a high school diploma. 24.9% have a high school diploma or equivalent, resulting in approximately 40% of the population at or below a high school level education. The greater Reno-Sparks median household income was estimated to be \$50,839 according to the US Federal Census. Over 9% of Nevadans are under the federal poverty guidelines, with many more being within 100-300% of federal poverty guidelines (commonly referred to as the "working poor"). Reno-Sparks unemployment currently is estimated to be at 12.1% as of October 2011, reflecting improvement from a high of 13%. 17.5% of Nevada residents were without health insurance in 2008, which is the most recently available study specific to Nevada. Washoe County's uninsured rate was slightly lower at 17.0%. 35.2% of the greater Reno-Sparks occupied housing units are rentals, which is higher than the national average. Only 28.9% of Nevadans were born in the state, vs. 58.9% for the U.S. as a whole. 20% of Washoe County residents moved in 2008 vs. 15% for the U.S., with 7.2% moving from outside the county. Nevada also has a higher percentage of divorced adults than other states.</p>

		<p>Part VI, Line 7 Renown South Meadows Medical Center is part of Renown Health, northern Nevada's largest, private, not-for-profit healthcare network. As a local not-for-profit health network, Renown Health's income stays right here in the community to provide many programs and services that would otherwise be unavailable. Renown is dedicated to this region and governed by local community leaders and physicians. We are proud to provide the health, education and social welfare that our friends, neighbors and family members expect and deserve. Renown Health has more than 4,900 employees and serves a 17-county region with a total population in excess of \$1.9 million. Renown Health includes Renown Regional Medical Center, a 808-bed full service regional hospital, Renown South Meadows Medical Center, a 76-bed acute care community hospital, Renown Rehabilitation Hospital, a 62-bed rehabilitation hospital, Renown Skilled Nursing, a 160-bed skilled nursing facility, a children's hospital, numerous medical-group, urgent-care and outpatient imaging practices, and a health-insurance provider. Renown Health offers advanced care for patients and embraces its role in improving the health and well-being of the people in the communities we serve. Besides our commitment to meeting the healthcare needs of the region, Renown Health gives back to communities by contributing funds, services, facilities and the time and expertise of employees. These benefits to the community flow from Renown Health as a whole and from the individual hospitals, facilities and departments that make up our health network. For the fiscal year ending June 30, 2011, Renown Health and its subsidiaries provided over \$139 million in benefit to the community (using community benefit numbers gathered by the Nevada Hospital Association using state-approved criteria to ensure consistency). Independent Auditor's Report

The Board of Directors
Renown Health
Reno, Nevada

We have audited the accompanying combined balance sheet of Renown Health as of June 30, 2011, and the related combined statements of operations, changes in net assets, and cash flows for the year then ended. These combined financial statements are the responsibility of Renown Health's management. Our responsibility is to express an opinion on these combined financial statements based on our audit. The combined financial statements of Renown Health, as of June 30, 2010, were audited by other auditors whose report dated August 31, 2010, expressed an unqualified opinion on those combined financial statements.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the 2011 combined financial statements referred to above present fairly, in all material respects, the combined financial position of Renown Health as of June 30, 2011, and the results of their combined operations, changes in net assets, and cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

As discussed in Note 18, during 2011 Renown Health discontinued the amortization of goodwill and is now testing goodwill for impairment. If an impairment is determined to exist, goodwill is being written down to its fair value. During 2011, Renown Health also implemented the new guidance regarding accounting for noncontrolling interests in combined subsidiaries.

In accordance with *Government Auditing Standards*, we have also issued our report dated August 30, 2011, on our consideration of Renown Health's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Principles of Combination

The combined financial statements include the accounts of Renown Health and its subordinate corporations and subsidiaries. All significant intercompany accounts and transactions have been eliminated in combination.

Tax-exempt Status

Renown Health and its members are organized as Nevada nonprofit entities, except for Renown Business and its subsidiaries, Nevada Health Care Cooperative and Hometown Management and its subsidiaries, and have been recognized by the Internal Revenue Service as exempt from federal income taxes under Internal Revenue Code Section 501(c)(3) or 501(c)(4).

Renown Health undergoes an annual analysis of its various tax positions, assessing the likelihood of these positions being upheld upon examination with relevant tax authorities, as defined by the accounting principles generally accepted in the United States of America. Renown Health believes that it is compliant with all IRS tax regulations and as of June 30, 2011 has not recorded a tax liability for a tax uncertainty. Renown Health would recognize future accrued interest and penalties related to unrecognized tax benefits and liabilities in income tax expense if such interest and penalties are incurred.

Under normal circumstances, Renown Health is no longer subject to federal tax examinations by tax authorities for years before 2008.

Income Taxes

Renown Health records income taxes using the liability method. Under this method, deferred income tax assets and liabilities are determined based on differences between the financial reporting and tax basis of assets and liabilities and are measured using the currently enacted tax rates and laws that are scheduled to be in effect when the differences are expected to reverse.

Use of Estimates

The preparation of the combined financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the combined financial statements. Estimates also affect the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Fair Value Measurements

Renown Health has determined the fair value of certain assets and liabilities in accordance generally accepted accounting principles, which provides a framework for measuring fair value

Fair value is defined as the exchange price that would be received for an asset or paid to transfer a liability (an exit price) in the principal or most advantageous market for the asset or liability in an orderly transaction between market participants on the measurement date. Valuation techniques should maximize the use of observable inputs and minimize the use of unobservable inputs

A fair value hierarchy has been established, which prioritizes the valuation inputs into three broad levels. Level 1 inputs consist of quoted prices in active markets for identical assets or liabilities that the reporting entity has the ability to access at the measurement date. Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the related asset or liability. Level 3 inputs are unobservable inputs related to the asset or liability

Cash and Cash Equivalents

Cash and cash equivalents include all highly liquid investments with original maturities of three months or less, excluding funds held in trust. The carrying amount approximates fair value due to the short maturity of those instruments

Marketable Securities and Investment Income

Marketable securities include equity and debt securities which are measured at fair value in the balance sheet. Investment income or loss (including realized gains and losses on investments, interest, and dividends) is included in revenues in excess of expenses unless the income or loss is restricted by donor or law. Unrealized gains and losses on investments are excluded from revenues in excess of expenses unless the investments are trading securities

Receivables

Receivables have been recorded at net realizable value which is believed to approximate fair value

Patient Receivables

Patient receivables are uncollateralized patient and third-party payor obligations. Payments of patient receivables are allocated to the specific claims identified on the remittance advice or, if unspecified, are applied to the earliest unpaid claim

The carrying amount of patient receivables is reduced by a valuation allowance that reflects management's estimate of amounts that will not be collected from patients and third-party payors. Management reviews patient receivables by payor class and applies percentages to determine estimated amounts that will not be collected from third parties under contractual agreements and amounts that will not be collected from patients due to bad debts. Management considers historical write off and recovery information in determining the estimated bad debt provision

Inventory

Inventory is stated at average cost

Funds Held in Trust

Funds held in trust include cash equivalents, mutual funds, and debt securities which are measured at fair value in the combined balance sheet. Funds held in trust include amount held by trustees under indenture agreements for debt service and capital projects and amounts held by the counterparty to Renown Health's interest rate swap contracts in accordance with the related collateral agreement. Funds held in trust that are available for obligations classified as current liabilities are reported as current assets. The total amount held by the counterparty under the interest rate swap contract was \$4,110 and \$4,060 at June 30, 2011 and 2010.

Property and Equipment

Property and equipment acquisitions in excess of \$2,500 (not in thousands) are capitalized and recorded at cost. Depreciation is provided over the estimated useful life of each depreciable asset and is computed using the straight-line method. Equipment under capital lease obligations is amortized on the straight-line method over the shorter period of the lease term or the estimated useful life of the equipment. Such amortization is included in depreciation and amortization in the combined financial statements. Interest on amounts borrowed to finance the construction of assets is capitalized. The estimated useful lives of property and equipment are as follows:

Buildings and improvements	15-40 years
Equipment	3-20 years

Gifts of long-lived assets such as land, buildings, or equipment are reported as additions to unrestricted net assets and are excluded from revenues in excess of expenses unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when donated or when acquired long-lived assets are placed in service.

Unamortized Financing Costs and Bond Premiums and Discounts

Financing costs and bond premiums and discounts are amortized over the period the related obligation is outstanding using the straight-line method, which is a reasonable estimate of the effective interest method.

Goodwill

Goodwill is the result of acquisitions for an amount in excess of fair value of the assets acquired. Renown Health performs an annual test for impairment of goodwill during the year. The test is performed by comparing, at the organization unit level, the carrying value of the organization to its fair value.

Investments in Affiliated Organizations

Investments in affiliated organizations in which Renown Health has the ability to exercise significant influence over operating and financial policies but does not have control are recorded under the equity method of accounting. Under the equity method, the initial investment is recorded at cost and adjusted annually to recognize Renown Health's share of earnings and losses of those entities, net of any additional investments or distributions. Renown Health's share of net earnings or losses of the entities is included in other revenues.

Accounts Payable

Accounts payable approximates fair value because of the short time for which accounts payable are outstanding.

Other Noncurrent Liabilities

Other noncurrent liabilities consist of an estimated liability for professional liability losses, liabilities associated with guarantees, estimated liabilities for postretirement health care benefits and contributory defined benefit plan, and certain estimated third-party settlements.

Temporarily and Permanently Restricted Net Assets

Temporarily restricted net assets are those whose use by Renown Health has been limited by donors to a specific time period or purpose. Permanently restricted net assets have been restricted by donors to be maintained by Renown Health in perpetuity.

Revenues in Excess of Expenses

Revenues in excess of expenses excludes unrealized gains and losses on investments other than trading securities, transfers of assets to and from related parties for other than goods and services, change in net unrealized gains and losses on the effective portion of interest rate swaps, change in net unrealized gains and losses from pension and other postretirement benefit obligations, changes in accounting principles, and contributions of long-lived assets, including assets acquired using contributions which were restricted by donors. Revenues in excess of expenses as reflected in the combined statements of operations is a performance indicator.

Net Patient Service Revenue

Renown Health has agreements with third-party payors that provide for payments to Renown Health at amounts different from its established rates. Payment arrangements include prospectively determined rates, reimbursed costs, discounted charges, and per diem payments. Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors. Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined.

Premium Revenue

Premium revenues are recognized as income during the period in which health care coverage is provided. Premium revenue billed and/or collected in advance is deferred as unearned premium revenue, which is included in third-party settlements and other in the combined balance sheets.

Charity Care

To fulfill its mission of community service, Renown Health provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates. Because Renown Health does not pursue collection of amounts determined to qualify as charity care, they are not reported as net patient service revenue.

Donor-restricted Gifts

Unconditional promises to give cash and other assets are reported at fair value at the date the promise is received. Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is received. The gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use of the donated assets. When donor stipulated time restrictions or purpose restrictions are met or accomplished, temporarily restricted net assets are reclassified as unrestricted net assets and reported in the combined statement of operations as net assets released from restrictions. Donor-restricted contributions whose restrictions are met within the same year as received are reflected as unrestricted contributions in the combined statements of operations.

Health Care Expenses and Incurred but Not Paid Liability

Renown Health maintains provider contracts with health care service providers, including hospitals, physician groups and pharmacies. These providers are paid primarily on a capitation or fee-for-service basis. These costs are recognized in the month in which services are provided and are included as part of health care expenses. Coordination of benefits recoveries are netted against these amounts.

Estimated claims payable includes claims reported as of the balance sheet date and estimates (based on projections from historical data) of health care costs expenses incurred but not paid. These amounts are included as part of third-party settlements and other in the combined balance sheets. Estimates are continually monitored and reviewed, and as settlements are made or estimates adjusted, differences are reflected in current operations. Losses are also recognized when it is probable that expected future health care expenses and maintenance costs related to the contract term of certain existing contracts will exceed anticipated future premiums from the related contracts. Due to the subjective nature of these reserves, there is a reasonable possibility that recorded estimates could differ from actual results in the future.

Derivative Financial Instruments

Renown Health records derivatives on the balance sheet at fair value. Derivatives that are not hedges must be adjusted to fair value through income. If the derivative qualifies as a hedge, depending on the nature of the hedge, changes in the fair value of derivatives will either be offset against the change in net assets or income. The ineffective portion of a derivative's change in fair value is immediately recognized in earnings.

Reclassifications

Reclassifications have been made to the June 30, 2010 combined financial statements to make it conform to the current year presentation. Except as noted in Note 18, these reclassifications had no effect on previously reported operating results or changes in net assets.

Note 2 - Charity Care

Renown Health maintains records to identify and monitor the level of charity care it provides. These records include the amount of charges foregone for services and supplies furnished under its charity care policy. The amounts of charges foregone for services and supplies furnished under Renown Health's charity care policy and state and county indigent care programs is \$374,804 and \$334,175 for the years ended June 30, 2011 and 2010.

Note 3 - Net Patient Service Revenue

Renown Health has agreements with third-party payors that provide for payments to Renown Health at amounts different from its established rates. A summary of the payment arrangements with major third-party payors is as follows:

Medicare Inpatient acute care and outpatient services rendered to Medicare program beneficiaries are generally paid at prospectively determined rates per encounter. These rates vary according to a patient classification system based on clinical, diagnostic, and other factors. Renown Health is reimbursed for cost reimbursable items at a tentative rate with final settlement determined after submission of annual cost reports by the hospitals and audits thereof by the Medicare fiscal intermediary. Renown Health's Medicare cost reports have been audited by the Medicare fiscal intermediary through the year ended June 30, 2007.

Medicaid Inpatient and outpatient services rendered to Medicaid program beneficiaries are reimbursed based on prospectively determined rates per length of stay and/or a fee schedule.

Other Insurers Renown Health also has entered into payment agreements with certain commercial insurance carriers, health maintenance organizations, and preferred provider organizations for commercial and senior programs. The basis for payment to Renown Health under these agreements includes capitation, prospectively determined rates per discharge, discounts from established charges, and prospectively determined daily rates.

Gross revenues from the Medicare, Medicaid, and Other Insurers accounted for the following percentages of Renown Health's patient service revenues for the years ended June 30, 2011 and 2010:

	2011	2010
Medicare	39%	36%
Medicaid	9%	8%
PPO/HMO	32%	34%
Other	20%	22%

Laws and regulations governing Medicare, Medicaid, and other programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates will change by a material amount in the near term. Net patient service revenue for the years ended June 30, 2011 and 2010, increased approximately \$1.093 and \$2.785 due to differences in estimated and actual cost report settlements and due to the removal of allowances previously estimated that are no longer necessary as a result of final settlements and years that are no longer likely subject audits, reviews, and investigations.

Investments in an Unrealized Loss Position

The duration of the investments in an unrealized loss position at June 30, 2011 are shown in the following table

	Less than 12 months		Greater than 12 months	
	Fair Value	Unrealized Losses	Fair Value	Unrealized Losses
U S equity mutual funds	\$ -	\$ -	\$ 964	\$ 42

U S equity securities	118	41	-	-
Total	\$ 2,764	\$ 270	\$ 2,229	\$ 597

The unrealized losses on Renown Health's investments in foreign equity mutual funds and U S equity mutual funds and securities were primarily a result of recent market declines consistent with the cyclical nature of the financial markets. Renown Health has a diversified portfolio. Renown Health's investments in an unrealized loss position consist of securities in various market sectors. Based on that evaluation and Renown Health's ability and intent to hold those investments for a reasonable period of time sufficient for a forecasted recovery of fair value. Renown Health does not consider these investments to be other-than-temporarily impaired at June 30, 2011.

Fair Value

The fair value of Renown Health's marketable securities and funds held in trust measured on a recurring basis at June 30, 2011 and 2010, consists of the following

The gross amount recorded for assets under capital leases was \$8,617 and \$7,716 at June 30, 2011 and 2010. The accumulated depreciation recorded for assets under capital leases was \$2,534 and \$1,532 at June 30, 2011 and 2010.

Construction in progress at June 30, 2011 represents pharmacy automation, Regional campus renovations, and various other projects. The estimated costs to complete these projects are \$10,084 which will be financed with Renown Health's funds.

Note 6 - Investments in Affiliated Organizations

Investments of \$19,965 and \$20,624 in various related health care ventures are being recorded on the equity method. The net gain (loss) on these investments, totaling \$1,136 in 2011 and \$(504) in 2010, is included in other income. In 2011, \$2,353 was recorded as a change in accounting principle related to these investments. Renown Health received distributions of \$78 and \$348 from these investments in 2011 and 2010.

The total assets and revenues in excess of expenses for the affiliated organizations as of and for the years ended June 30, 2011 and 2010 was as follows:

	2011	2010
Total assets	<u>\$ 59,299</u>	<u>\$ 64,187</u>
Revenues in excess of (less than) expenses	<u>\$ 1,480</u>	<u>\$ (2,078)</u>

Note 7 - Operating Leases

Renown Health leases various buildings, office space, and equipment under noncancelable long-term agreements. The leases expire at various times and have various renewal options and lease payment escalation provisions. Total lease expense for the years ended June 30, 2011 and 2010 was \$8,455 and \$7,818.

Future minimum lease payments at June 30, 2011, by year and in the aggregate, under noncancelable operating leases with initial terms of one year or more consist of the following:

Year Ending June 30.	Amount
2012	\$ 7,151
2013	6,397
2014	5,777
2015	4,558

In March 2010, the Renown Health Obligated Group converted a portion of Series 2004C totaling \$47,450, from a variable rate auction bond to a fixed rate bond. The conversion of the 2004C bond was treated as an extinguishment, which resulted in a loss of \$382 for the year ended June 30, 2010.

The Series 2009A&B, 2008A&B, 2007A, 2006C, 2005A, B&C, 2004A&C, and 2001A Hospital Revenue Bonds, a line of credit and a loan payable to a bank have been issued under a Master Indenture Agreement that secures the indebtedness by a pledge of the gross revenues of the Obligated Group. Under the Master Trust, Renown Health is required to comply with certain restrictive financial and other covenants. As of June 30, 2011 and 2010, Renown Health was in compliance with all debt covenants.

Under the terms of a revolving line of credit agreement with a bank, Renown Health may borrow up to \$15,000. Borrowings under this agreement, which expires in December 2012, are unsecured, bearing interest at the Prime Rate, at 75% above the LIBOR rate, or a fixed rate equal to 1 75% over the highest yielding five year Treasury obligation. As of June 30, 2011 and 2010, Renown Health had no outstanding borrowings under this agreement.

Aggregate maturities of long-term obligations, including capital leases, at June 30, 2011, excluding bond discounts and premiums, are as follows:

<u>Year Ending June 30.</u>	<u>Amount</u>
2012	\$ 26,861
2013	31,845
2014	31,531
2015	34,658
2016	9,322
Thereafter	<u>415,450</u>
 Total	 <u>\$ 549,667</u>

The Series 2008 A&B and 2009 A&B Hospital Revenue Bonds are variable rate demand bonds that are guaranteed by liquidity facilities (principally letters of credit). At June 30, 2011 and 2010, approximately \$17,050 and \$13,764 of Renown Health's variable rate demand bonds were classified as current liabilities after consideration of the repayment terms of the related liquidity facilities if draws were to occur.

Fair Value

The aggregate estimated fair market value of Renown Health's long-term obligations at June 30, 2011 and 2010 of \$556,102 and \$565,350 was established using discounted cash flow analyses based on the current market yield to maturity for similar types of publicly traded debt issues, and Renown Health's current incremental borrowing rates for all other debt instruments, and were valued without consideration of any related credit enhancement, including monoline insurance associated with Renown Health's fixed rate debt and letters of credit associated with Renown Health's variable rate demand bonds.

Note 9 - Temporarily and Permanently Restricted Net Assets

Temporarily and permanently restricted net assets are available for the following purposes at June 30, 2011 and 2010

	2011	2010
Temporarily restricted		
Children's Services	\$ 6,722	\$ 4,254
Nursing education	1,061	1,059
Other programs	<u>1,727</u>	<u>1,566</u>
Total temporarily restricted net assets	<u>9,510</u>	<u>6,879</u>
Permanently restricted		
Healing Garden/Arts	618	603
Other programs	<u>750</u>	<u>731</u>
Total permanently restricted net assets	<u>1,368</u>	<u>1,334</u>
Total temporarily and permanently restricted net assets	<u><u>\$ 10,878</u></u>	<u><u>\$ 8,213</u></u>

In 2011 and 2010, net assets were released from donor restrictions by incurring expenditures satisfying the restricted purposes in the amounts of \$845 and \$445. These amounts are included in net assets released from restrictions in the combined financial statements.

Note 10 - Retirement Plans and Postretirement Health Care Benefits

Contributory Defined Benefit Plan

Renown Health sponsors a contributory defined benefit plan (Retirement Plan). The Retirement Plan is not available to employees who did not elect to participate in the plan as of November 17, 1985. Those employees who did elect to participate in the Retirement Plan as of November 17, 1985 are required to contribute 2.5% of their annual earnings. Normal retirement benefits under this plan are based on the three highest years of compensation and the employee's years of service. Benefits are reduced for specified benefits received under the Nevada Public Employees' Retirement System. Participants in this plan are fully vested. Renown Health's total retirement benefit expense was not material.

The Retirement Plan was partially funded as of June 30, 2011 and 2010. Renown Health's measurement date for plan assets, pension obligations and net periodic pension cost associated with the retirement plan is June 30. The changes in benefit obligations and plan assets for Renown Health's Retirement Plan are as follows:

	2011	2010
Projected benefit obligation at beginning of year	\$ 13,718	\$ 12,080
Interest cost	664	738
Plan participants' contributions	2	2
Actuarial loss	570	2,057
Benefits paid	<u>(1,178)</u>	<u>(1,159)</u>
Projected benefit obligation at measurement date	<u>13,776</u>	<u>13,718</u>
Fair value of plan assets at beginning of year	8,183	7,796
Actual gain on plan assets	1,650	949
Employer contributions	787	595
Plan participants' contributions	2	2
Benefits paid	<u>(1,178)</u>	<u>(1,159)</u>
Fair value of plan assets at measurement date	<u>9,444</u>	<u>8,183</u>
Net prepaid benefit cost at end of year	<u><u>\$ (4,332)</u></u>	<u><u>\$ (5,535)</u></u>

The accumulated benefit obligation for Renown Health's retirement plan was \$13,776 and \$13,718 at June 30, 2011 and 2010. The benefits expected to be paid from Renown Health's Retirement Plan in each of the next five years, and in the aggregate for the next five years are as follows:

<u>Year Ending June 30.</u>	<u>Amount</u>
2012	\$ 1,287
2013	1,252
2014	1,224
2015	1,193
2016	1,160
2017-2021	<u>5,231</u>
 Total	 <u><u>\$ 11,347</u></u>

The actuarial assumptions used by Renown Health's Retirement Plan are as follows

	2011	2010
Weighted average discount rates for calculating pension expense	5 1%	6 5%
Weighted average discount rates for calculating projected benefit obligation	4 6%	5 1%
Weighted average rates of compensation increase for calculating pension expense	4 0%	4 0%
Weighted average rates of compensation increase for calculating projected benefit obligation	4 0%	4 0%
Expected long-term rates of return on plan assets for calculating pension expense	7 0%	7 0%

The components of Renown Health's Retirement Plan's net periodic benefit cost for the years ended June 30, 2011 and 2010 are as follows

	2011	2010
Interest cost	\$ 664	\$ 738
Expected return on plan assets	(551)	(516)
Recognized gains	<u>257</u>	<u>157</u>
 Benefit cost	 <u>\$ 370</u>	 <u>\$ 379</u>

The Retirement Plan weighted average asset allocations at June 30, 2011 and 2010, by asset category are as follows

Asset Category	Target 2012	Percentage of Plan Assets at June 30,	
		2011	2010
Interest-bearing cash	0 0%	3 0%	1 0%
Equity securities	60 0%	60 0%	58 0%
Fixed income	<u>40 0%</u>	<u>37 0%</u>	<u>41 0%</u>
 Total	 <u>100%</u>	 <u>100%</u>	 <u>100%</u>

Renown Health's investment strategy for the retirement plan assets is to balance the liquidity needs of the Retirement Plan with the long-term return goals necessary to satisfy future obligations. The target asset allocation seeks to reduce volatility while capturing the equity premium from the capital markets over the long-term and maintain security of principal to meet near term expenses and obligations through the fixed income allocation.

Renown Health's Retirement Plan portfolio return assumption of 7 percent is based on the weighted average return of comparative market indices for the asset classes represented in the portfolio and discounted for retirement plan expenses

A fair value hierarchy has been established with three levels that prioritize the valuation inputs into each level (see Note 2) The fair value of the Retirement Plan's assets consists of the following as of June 30, 2011 and 2010

	Quoted Prices in Active Markets (Level 1)	Other Observable Inputs (Level 2)	Unobservable Inputs (Level 3)	Balance June 30, 2011

Defined Contribution Plan

The Renown Health sponsored defined contribution 401(k) plan is Renown Health's primary retirement plan and covers substantially all employees. This plan allows employees to contribute a maximum amount of 50% of gross compensation on a pre-tax basis, subject to a limitation imposed by the Internal Revenue Service. Renown Health matches the first 3% of the employee's contribution at 100% and the next 2% of the employee's contribution at 50%. The remaining 45% of the employee's contribution is not matched by Renown Health. Participants vest in the match portion of the contribution at the rate of 25% per year after two years of service, and are fully vested after five years. The total cost of the defined contribution 401(k) plan was \$5,652 and \$4,968 for the years ended June 30, 2011 and 2010.

Effective July 1, 2011, the plan was amended to convert the matching contribution to a discretionary matching contribution. Beginning July 11, 2011, Renown Health changed the discretionary matching percentage to zero percent.

Postretirement Health Care Benefits

In addition to providing pension benefits, Renown Health provides certain health care benefits for eligible retired employees. Generally, employees hired prior to January 1, 1990, who reach normal retirement age while employed by Renown Health, who have retired after a minimum of ten years of service and who qualify for pension benefits are eligible for these benefits. Renown Health's contribution toward retiree health coverage was capped at the January 1, 1994 levels for current retirees. For employees who retire on or after January 1, 1996, the cap will be set at 50% of the plan premium as of January 1, 1994. The benefits for employees who retire after December 31, 1995 are discontinued at the time they are eligible for government-sponsored medical coverage.

The changes in benefit obligations and plan assets for Renown Health's postretirement health care benefit plan (Plan) for the years ended June 30, 2011 and 2010 are as follows:

	2011	2010
Accumulated postretirement benefit obligation at beginning of year	\$ 1,923	\$ 1,887
Service cost	18	19
Interest cost	64	108
Actuarial loss (gain)	(371)	191
Benefit payments	<u>(213)</u>	<u>(282)</u>
Accumulated postretirement benefit obligation at end of year	<u>\$ 1,421</u>	<u>\$ 1,923</u>
Net accrued postretirement benefit cost at end of year	<u>\$ 1,421</u>	<u>\$ 1,923</u>

Renown Health's measurement date for the Plan is June 30, 2011.

The components of Renown Health's net periodic postretirement benefit credit for the years ended June 30, 2011 and 2010 are as follows:

	Year Ended June 30	
	2011	2010
Service cost	\$ 18	\$ 19
Interest cost	64	108
Net amortization of prior gains	<u>(408)</u>	<u>(322)</u>
Net periodic postretirement benefit credit	<u>\$ (326)</u>	<u>\$ (195)</u>

The reconciliation of net accrued postretirement benefit cost for the years ended June 30, 2011 and 2010 is as follows

	Year Ended June 30	
	2011	2010
Net accrued postretirement benefit cost at beginning of year	\$ (1,923)	\$ (1,887)
Net periodic postretirement benefit credit	326	196
Employer contributions	213	282
Net unrealized gain reclassified to net assets	<u>(37)</u>	<u>(514)</u>
Net periodic postretirement benefit credit	<u><u>\$ (1,421)</u></u>	<u><u>\$ (1,923)</u></u>

The discount rate used by the Plan's actuaries in determining the accumulated postretirement benefit obligation was 4 percent and 4.5 percent at June 30, 2011 and 2010. The contribution rate was fixed effective January 1, 1994. Consequently, health care trend rates are not applicable for a majority of the participants in the plan. For those retirees covered under the Medicare risk program, a one-percentage-point change in assumed Medicare risk trend rates would not have a material effect on the service cost and interest cost components nor on the accumulated postretirement benefit obligation.

The benefits expected to be paid in each of the next five years, and in the aggregate for the next five years are as follows

Year Ending June 30,	Amount
2012	\$ 203
2013	194
2014	184
2015	164
2016	153
2017-2021	<u>582</u>
 Total	 <u><u>\$ 1,480</u></u>

Note 11 - Concentrations of Credit Risk

Renown Health grants credit without collateral to its patients, most of whom are insured under third-party payor agreements. The mix of receivables from third-party payors and patients at June 30, 2011 and 2010 was as follows

	2011	2010
Medicare fee for service	23%	16%
Medicaid	15%	18%
PPO/HMO	17%	21%
Other	45%	45%

	100%	100%
	<hr/> <hr/> <hr/> <hr/> <hr/>	<hr/> <hr/> <hr/> <hr/> <hr/>

Renown Health's cash balances are maintained in various bank deposit accounts. At times, the balance of these deposits may be in excess of federally insured limits.

Note 12 - Functional Expenses

Renown Health provides health care services to residents within its geographic location. Expenses related to providing these services by functional class for the years ended June 30, 2011 and 2010 are as follows

	2011	2010
Patient health care services	\$ 782,302	\$ 755,053
General and administrative	92,170	106,606
	<hr/> <hr/> <hr/>	<hr/> <hr/> <hr/>
	\$ 874,472	\$ 861,659
	<hr/> <hr/> <hr/>	<hr/> <hr/> <hr/>

Note 13 - Income Taxes

Renown Health's taxable corporations file tax returns as required under current tax regulations. The tax provision for the years ended June 30, 2011 and 2010 was \$11 and \$12.

Deferred income taxes reflect the net tax effect of temporary differences between the carrying amounts of assets and liabilities for financial reporting and the amount used for income tax purposes. The significant components of Renown Health's deferred taxes as of June 30, 2011 and 2010 are as follows:

	2011	2010
Deferred tax assets		
Net operating loss carryover	\$ 27,935	\$ 31,327
Allowance for uncollectible accounts	3,157	3,537
Accrued vacation	1,102	764
Depreciation and amortization	3,345	4,230
Interest expense	2,819	2,770
Other	(1,880)	(2,195)
	<u>36,478</u>	<u>40,433</u>
Less valuation allowance	<u>35,968</u>	<u>39,923</u>
Net deferred tax assets	510	510
Deferred tax liabilities	<u>-</u>	<u>-</u>
Net deferred tax asset	<u><u>\$ 510</u></u>	<u><u>\$ 510</u></u>

Net operating loss carryforwards total approximately \$76,346 and will expire between June 30, 2012 and 2031.

The valuation allowance decreased \$3,955 as of June 30, 2011 and increased \$2,870 as of June 30, 2010.

Note 14 - Reinsurance Agreements

Renown Health purchases reinsurance for losses on certain inpatient hospital, physician and pharmacy claims from a reinsurance company. Under the terms of this agreement, the reinsurance company will reimburse Renown Health up to a maximum amount in excess of a \$300 deductible for fully-insured commercial and Medicare members, as accumulated on an incurred basis (as defined in the reinsurance agreement) subject to certain limits and coinsurance payments.

Note 15 - Interest Rate Swaps

As of June 30, 2011, Renown Health has five swap agreements, as follows:

	Notional Amount			Interest Paid
	Original	2011	2010	
Series 2004C	\$ 15,325	\$ 11,288	\$ 11,975	3.697%
Series 2004C	44,000	43,213	43,313	3.897%
Series 2009	15,325	11,288	11,975	3.697%
Series 2009	44,000	43,213	43,313	3.897%
Series 2008	80,000	78,614	79,341	3.788%

For each of these swaps Renown Health receives a floating rate of 60% of 1-month LIBOR, plus 36 basis points, in return for the fixed rates outlined above. The swaps expire between 2031 and 2041.

The objective of the swaps for Renown Health is to offset the variability of the overall cash flows on a portion of its variable rate debt (and their subsequent refinancing) attributable to changes in market interest rates. Changes in the monthly cash flow receipts by Renown Health on the interest rate swap are expected to be highly effective at offsetting the changes in overall cash flows or interest rate payments attributable to fluctuations in Renown Health's hedged variable rate bonds.

Renown Health utilizes the "hypothetical derivative" method to measure the ineffectiveness of the hedge quarterly. Accordingly, the calculation of ineffectiveness will be equal to the excess of (i) the cumulative change in the fair value of the swap over (ii) the cumulative change in the fair value of the hypothetical derivative. Regression analysis is used to assess the hedge effectiveness. The regression analysis measures both the correlation and the "optimal hedging ratio" between the interest costs of the variable rate bonds and the floating rate swap receipt of 60% of 1-month LIBOR plus 36 basis points.

Series 2004C - Renown Health executed the series 2004C swap contracts in June 2004, designated them to the Series 2004C Bonds and achieved hedge treatment. In September 2009, Renown Health determined the two Series 2004C Swaps no longer qualified for hedge treatment. Prospectively, all changes in fair value of the Series 2004C Swaps are included in the performance indicator. In March 2010, Renown Health converted the Series 2004C Bonds from auction rate mode to fixed rate mode. Included in the gain (loss) on interest rate swaps in the combined statements of operations for the fiscal year ending June 30, 2010 is \$5.617 that represents the effective portion of the swaps that had previously been recorded to unrestricted net assets and were reclassified to loss on interest rate swaps in the combined statement of operations as a result of the conversion. At June 30, 2011 the Series 2004C swaps have not maintained hedge treatment.

Series 2009 (was Series 2004B) - Renown Health executed the Series 2009 swap contracts in June 2004, designated them to the Series 2004B Bonds and achieved hedge treatment. In January 2009, the Series 2004B Bonds were extinguished and refunded with the Series 2009 A&B bonds. The 2004B Swap with an original notional amount of \$15,325 was re-designated from the 2004B Series to the 2009 Series and qualified for hedge treatment at the date of refunding. The 2004B Swap with an original notional amount of \$44,000 qualified for hedge treatment in October 2010. At June 30, 2011 the Series 2009 swap contracts have maintained hedge treatment.

Series 2008 (was Series 2006) - Renown Health executed the series 2008 swap contract in April 2006, designated it to the Series 2006 Bonds and achieved hedge treatment. In June 2008, the Series 2006 Bonds were extinguished and refunded with the Series 2008 Bonds, which resulted in Renown Health no longer maintaining hedge treatment for the Series 2006 Swap. In August 2008, Renown Health re-designated the Series 2006 Swap to the Series 2008 Bonds and achieved hedge accounting. At June 30, 2011, the Series 2008 Swap has maintained hedge treatment.

The effective portion of the change in fair value of the swaps is included as a component of net assets below the performance indicator. The cumulative effective portion included in net assets was a net unrealized loss of \$20,579 and \$26,426 at June 30, 2011 and 2010. The ineffective portion and the amount of change in fair value not attributable to hedging instruments is included above the performance indicator in non-operating income and expense, and was a loss of \$1,425 and a gain of \$11,108 for the years ended June 30, 2011 and 2010. The fair market value of the swaps is determined using the zero coupon method (Level 2 inputs), and each of the swaps were a liability totaling \$31,042 and \$38,314 at June 30, 2011 and 2010, and were included in noncurrent liabilities. The fair market value of the swaps with hedge treatment was \$21,805 and \$17,168 and without hedge treatment was \$9,237 and \$21,146 at June 30, 2011 and 2010.

Note 16 - Commitments and Contingencies

Self-Insurance Plans

Renown Health is self-insured for health insurance, workers' compensation, vision, and dental care. The claims under these plans continue to be accrued as the incidents that give rise to them occur. Unpaid claim accruals are based on the estimated ultimate cost of the claims, including claim administration expenses, in accordance with Renown Health's past experience. Renown Health has entered into a reinsurance agreement with insurance companies to limit its losses on claims for health insurance and workers' compensation. Reserves for self-insured plans were \$3,125 and \$3,053 as of June 30, 2011 and 2010 and are included in accrued salaries, wages, and benefits in the combined balance sheets.

Professional Liability Insurance

Renown Health is self-insured for professional liability claims up to \$2,000 per occurrence and maintains professional liability insurance coverage on a claims-made basis for all claims in excess of \$2,000 per occurrence. Reserves for reported professional liability claims and incurred but not reported claims are based on actuarial studies. Management is aware of no potential professional liability claims whose settlement, if any, would be in excess of amounts provided for or would otherwise have a material adverse effect on Renown Health's combined financial position. Reserves for reported and incurred but not reported claims, which are discounted using a rate of 4.0 percent and 5.5 percent were \$6,537 and \$5,381 as of June 30, 2011 and 2010 and are included in other noncurrent liabilities in the combined balance sheets.

Litigation, Claims, and Disputes

Renown Health is subject to the usual contingencies in the normal course of operations relating to the performance of its task under its various services it offers. In the opinion of management and after consultation with legal counsel, the ultimate settlement of litigation, claims, and disputes in process will not be material to the combined financial position of Renown Health. However, there can be no guarantee that such will be the case.

The health care industry is subject to numerous laws and regulations of federal, state, and local governments. Compliance with these laws and regulations, specifically those relating to the Medicare and Medicaid programs, can be subject to government review and interpretation, as well as regulatory actions unknown and unasserted at this time. Federal government activity has increased with respect to investigations and allegations concerning possible violations by health care providers of regulations, which could result in the imposition of significant fines and penalties, as well as significant repayments of previously billed and collected revenues from patient services. Management believes Renown Health is in substantial compliance with current laws and regulations.

Guarantee

During 2008, Renown Health had a 50 percent equity interest in a joint venture and a guarantee of its share of the entity's debt. A payment would be triggered by failure of the guaranteed party to fulfill its obligations covered by the guarantee. As of June 30, 2011 and 2010, Renown Health's share of the guarantee, \$3.355 and \$3.441, is included in other noncurrent liabilities in the accompanying combined balance sheets. The fair value of the guarantee as of June 30, 2011 and 2010 was \$3,121 and \$3,206. The term of the guarantee is through April 1, 2033.

Collective Bargaining Agreement

Some of Renown Health's labor force is represented by a collective bargaining agreement. The most recent labor agreement expires on September 13, 2013.

Note 17 - Acquisitions

On January 1, 2011 and March 17, 2011, Renown Health completed the acquisition of two cardiology practices located in Reno, Nevada. The transactions were accounted for as a purchase business combination.

The total purchase price of \$6.293 was allocated to the net tangible and intangible assets based upon their estimated fair values and the acquisition date. The excess of the purchase price over the estimated fair value of the net tangible and intangible assets of \$2,064 has been recorded as goodwill in the amount of \$1,085 and intangible assets in the amount of \$979, which is being amortized on a straight-line basis over five years. Goodwill is the result of expected synergies from combining the operations of the practices and Renown Health. The allocation of the purchase price has been determined by Renown Health based on available information and appraisals of tangible and intangible assets. The preliminary allocation of the purchase price for one acquisition is subject to settling amounts related to purchase working capital, which is not expected to be material.

The fair values of the assets acquired and liabilities assumed were as follows:

	Amounts
Property and equipment	\$ 2,946
Goodwill and intangible assets	2,064
Other current assets	5,442
Notes payable	(2,060)
Other current liabilities	<u>(2,099)</u>
	<u><u>\$ 6,293</u></u>

Note 18 - Changes in Accounting Principles

In accordance with the Financial Accounting Standards Board (FASB) Accounting Standards Codification (ASC) 850, *Intangibles – Goodwill and Other*, Renown Health discontinued the amortization of goodwill in 2011. The provisions of ASC 850 require goodwill to be tested for impairment on a periodic basis. As a result of the transitional goodwill impairment test, management determined that goodwill in the amount of \$3,910 was impaired. In accordance with the transitional guidance, Renown Health recorded the impairment as a reduction of unrestricted net assets.

In accordance with Accounting Standards Update (ASU) No 2010-07, *Not for Profit Entities (Topic 958) – Mergers and Acquisitions*, Renown Health changed its method of accounting for noncontrolling interests in combined subsidiaries. In accordance with the implementation guidance, Renown Health retroactively applied the presentation requirements to 2010. The impact on 2010 was an increase in revenues in excess of expenses of \$1,758 on the combined statements of operations, an increase in the change in unrestricted net assets of \$2,294 on the combined statements of changes in net assets, and an increase in unrestricted net assets of \$5,462 on the combined balance sheets.

Note 19 - New Accounting Pronouncements

ASU 2011-07

In July 2011, the FASB issued ASU No 2011-07, *Health Care Entities (Topic 954) Presentation and Disclosure of Patient Service Revenue, Provision for Bad Debts, and the Allowance for Doubtful Accounts in Certain Health Care Entities*. The provisions in ASU 2011-07 require certain health care entities to change the presentation in their statement of operations by reclassifying the provision for bad debts associated with patient service revenue from an operating expense to a deduction from patient service revenue (net of contractual allowances and discounts). In addition ASU 2011-07 requires that the provision for bad debts is presented as a separate line on the face of the financial statements and requires enhanced disclosures about organization's policies for recognizing revenue and assessing bad debts. ASU 2011-07 requires disclosures of patient service revenue, net of contractual allowances and discounts, as well as qualitative and quantitative information about changes in the allowance for doubtful accounts. Management is currently evaluating the potential impact of this guidance, which will be effective beginning July 1, 2011, but does not expect it to have a material impact on its combined financial condition, results of operations, or cash flows.

ASU 2010-23

In August 2010, the FASB issued ASU No 2010-23, *Health Care Entities (Topic 954) Measuring Charity Care for Disclosure*. The guidance in ASU 2010-23 require that cost be used as the measurement basis for charity care disclosure purposes. The guidance is intended to reduce diversity in practice regarding the measurement basis used in the disclosure of charity care as some entities use cost while others use charges foregone. The guidance states that direct and indirect costs for providing charity care be disclosed and it further requires that the methods used to identify or determine costs should also be disclosed. Management is currently evaluating the potential impact of this guidance, which was effective beginning July 1, 2011. As the guidance impacts financial statement disclosures, management does not expect it to have a material impact on its combined financial condition, results of operations, or cash flows.

ASU 2010-24

In August 2010, the FASB issued ASU 2010-24, *Health Care Entities (Topic 954) Presentation of Insurance Claims and Related Insurance Recoveries*. The guidance in ASU 2010-24 requires that liabilities and receivables related to medical malpractice claims be reported at gross amounts on the balance sheet. The guidance is intended to reverse diversity in practice regarding for accounting for insurance claims and recoveries as some entities have netted the liabilities and receivables while others have reported them at gross. Management is currently evaluating the impact of this guidance, which was effective July 1, 2011. Management does not expect it to have a material impact on its combined financial condition of Renown Health.

Note 20 - Subsequent Events

Renown Health has evaluated subsequent events through August 30, 2011, the date which the combined financial statement were available to be issued. During this period, Renown Health did not have any material recognizable subsequent events.

Independent Auditor's Report on Combining and Supplementary Information

The Board of Directors
Renown Health
Reno, Nevada

We have audited the combined financial statements of Renown Health as of and for the year ended June 30, 2011, and our report thereon dated August 30, 2011, which expressed an unqualified opinion on those combined financial statements appears on page 1. Our audit was performed for the purpose of forming an opinion on the basic combined financial statements taken as a whole. The combining schedules as of and for the year ended June 30, 2011 on pages 41 to 44 and the obligated group schedules as of and for the year ended June 30, 2011 on pages 49 to 51 are presented for the purposes of additional analysis and are not a required part of the basic combined financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the combined financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic combined financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic combined financial statements or to the basic combined financial statements themselves, and other records used to additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic combined financial statements as a whole. The statistical and other information on pages 52 to 54, which are the responsibility of management, have not been subjected to the auditing procedures applied in the audit of the basic combined financial statements and, accordingly, we do no express an opinion or provide any assurance on them.

The combined financial statements and other combining and obligated group information for the year ended June 30, 2010 were audited by other auditors whose reports dated August 31, 2010, expressed an unqualified opinion on those combined statements.
