Part II, Line 17a - 10% Facts and Circumstance Test - 2010

Based on the original application for exemption, the Internal Revenue Service (IRS) determined that the organization qualified as a tax-exempt organization under section 501(a). The IRS also determined that the Foundation can reasonably be expected to be a publicly supported organization described in sections 509(a)(1). Under these sections the support percentage should be at least 33 1/3 percent to qualify automatically as a "publicly supported" organization. If the support is between 10 and 33 1/3 percent, the organization may qualify as "public" if facts and circumstances tests in Regulation 1.170A-9(e)(3) are met. The organization has dropped below the required automatic level for the last few years, but has continued its attempt to secure additional contribution support to bring its support percentage to the required level. This is reflected on this year's increase donation level and percentage support. Also, the organization has started a pledging campaign, which so far has produced good results, and will be reflected on next year's support percentage, by bringing the organization to above the required 33 1/3 percent requirement for public support.
