INDEPENDENT AUDITOR'S REPORT

The Board of Directors Prairie View, Inc Newton, Kansas

We have audited the accompanying balance sheets of Prairie View, Inc. (a nonprofit Kansas corporation) as of June 30, 2011 and 2010, and the related statements of operations and cash flows for the years then ended These financial statements are the responsibility of the Organization's management. Our responsibility is to express an opinion on these financial statements based on our audits

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Prairie View. Inc. as of June 30, 2011 and 2010, and the changes in its net assets and its cash flows for the years then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 23, 2011, on our consideration of Prairie View. Inc 's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit

Our audit was performed for the purpose of forming an opinion on the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133. *Audits of States, Local Governments, and Non-Profit Organizations,* and is not a required part of the basic financial statements. The other accompanying schedules as listed on the contents page are presented for purposes of additional analysis and are also not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole

1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Organization

Prairie View. Inc is a private, psychiatric hospital and mental health center providing services to clients primarily in south-central Kansas

Cash and Cash Equivalents

Cash and cash equivalents include investments in highly liquid debt instruments with a maturity of three months or less, excluding institutional money market funds held in brokerage accounts

Accounts Receivable

Accounts receivable consist primarily of amounts billed to patients and/or third-party insurers for services provided. Accounts receivable are stated at unpaid balances, less an allowance for doubtful accounts. The Organization provides for losses on accounts receivable using the allowance method. The allowance is based on experience, third-party contracts, and other circumstances which may affect the ability of patients to meet their obligations. Receivables are considered impaired if full principal payments are not received in accordance with the contractual terms. It is the Organization's policy to charge off uncollectible accounts receivable when management determines the receivable will not be collected. The Organization does not charge interest on outstanding receivables.

Investments

In accordance with generally accepted accounting principles, investments in equity securities that have a readily determinable fair value and all debt securities are recorded at fair value, which is the amount at which an asset could be bought or sold in a current transaction between willing parties. All other investments are recorded at cost if purchased and at fair value at date of gift if donated. Investment income includes interest and dividends.

Property Assets

Property asset additions that cost \$1,000 or more and have an estimated useful life in excess of one year are recorded at cost and are depreciated using the straight-line method over the following estimated useful lives

Building and grounds 5 to 40 years Equipment and fixtures 3 to 15 years

Unrestricted and Restricted Net Assets

Prairie View. Inc. reports gifts of cash and other assets as restricted support if they are received with donor stipulations that limit the use of the donated assets. When a donor restriction expires, that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of operations as net assets released from restrictions.

Prairie View. Inc. reports gifts of land, buildings, and equipment as unrestricted support unless explicit donor stipulations specify how the donated assets must be used. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired long-lived assets are placed in service.

6 ENDOWMENT

Prairie View. Inc 's endowment consists of donor-restricted and board-designated endowment funds, and accumulated earnings or deficit from investments. As required by generally accepted accounting principles (GAAP), net assets associated with endowment funds are classified and reported based on the existence or absence of donor-imposed restrictions. The Board has interpreted the Kansas Uniform Prudent Management of Institutional Funds Act (KUPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as permanently restricted net assets the original value of gifts donated to the permanent endowment and the original value of any subsequent gifts to the fund. Unappropriated earnings on the permanent endowments are classified as temporarily restricted, and on the board-designated endowments as unrestricted. All investment earnings and realized gains are expendable for support of the Organization in the year earned or realized. In accordance with KUPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds.

- (A) The duration and preservation of the fund
- (B) The purposes of the Organization and the donor-restricted fund
- (C) General economic conditions
- (D) The possible effect of inflation and deflation
- (E) The expected total return from income and appreciation of investments
- (F) Other resources of the Organization
- (G) The investment policies of the Organization

From time to time, the fair value of assets associated with individual donor-restricted endowment funds may fall below the level that the donor or KUPMIFA require the Organization to retain as a fund of perpetual duration. Deficiencies of this nature, which are netted against unrestricted net assets, were \$0 as of June 30, 2011 (\$30,804 as of June 30, 2010). These deficiencies resulted from unfavorable market fluctuations

The Organization has adopted investment and spending policies for the endowment assets that attempt to provide a predictable stream of funding for support of the Organization. To satisfy its long-term objectives, the Organization relies on a total return strategy in which investment returns are achieved through both capital appreciation (realized and unrealized) and current yield (interest and dividends). The Organization targets a diversified asset allocation to achieve its long-term objectives within prudent risk constraints.

Inc 's internal control over financial reporting Accordingly, we do not express an opinion on the effectiveness of Prairie View. Inc 's internal control over financial reporting

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. Our audit does not provide a legal determination of Prairie View, Inc 's compliance with those requirements.
