Part III Statement of Program Service Accomplishments

Check if Schedule O contains a response to any question in this Part III ☐

1 Briefly describe the organization's mission

TO CREATE AND DELIVER HIGH QUALITY HOSPITAL, PHYSICIAN AND OTHER HEALTHCARE RELATED SERVICES THAT IMPROVE THE HEALTH AND WELL-BEING OF THE INDIVIDUALS AND COMMUNITIES WE SERVE

2 Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? ☐ Yes ☒ No

If "Yes," describe these new services on Schedule O

3 Did the organization cease conducting, or make significant changes in how it conducts, any program services? ☐ Yes ☒ No

If "Yes," describe these changes on Schedule O

4 Describe the exempt purpose achievements for each of the organization's three largest program services by expenses. Section 501(c)(3) and 501(c)(4) organizations and section 4947(a)(1) trusts are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.

As discussed herein, Cobb Hospital, Inc (an affiliate of Wellstar Health System, Inc) operates as a charitable organization consistent with the requirements of Internal Revenue Code Section 501 (c) (3) and the "community benefit standard" of IRS Revenue Ruling 69-545. In this regard, the governing body of the organization and/or its parent is composed of prominent citizens in the community, medical staff privileges in the hospital are available to all qualified physicians in the area consistent with the size and nature of the facility, the hospital operates a full-time emergency room open to all regardless of ability to pay, the hospital provides care to the needy members of the community consistent with its charity care policy regardless of their ability to pay for these services. The hospital's excess funds are generally applied to expansion and replacement of existing facilities and equipment, amortization of indebtedness, improvement of patient care, community benefits activity, and charity care. Cobb Hospital reinvested a total of approximately \$21.2 million in capital expenditures for equipment upgrades and other capital improvements to better serve the community. Cobb Hospital was organized in 1984. The hospital affiliated with the Northwest Georgia Health System in 1993. In 1994, Northwest Georgia Health System helped form the PROMINA Health System and changed its name to Promina Northwest Health System. In 1998, Promina Northwest changed its name to Wellstar Health System and is now totally independent of Promina. Cobb Hospital is subordinate to, and subject to the authority of Wellstar Health System and its governing boards including the Hospital Authority of Cobb County. Cobb Hospital provides a full range of inpatient and outpatient services characteristic of a community hospital. The hospital is licensed to operate 382 beds and is presently staffed to operate 370 beds. The original hospital was constructed in 1968 and several major structural additions have happened since that time. The following stats constitute the overall program services provided during the reporting period ended June 30, 2011: Adult Discharges 21,513; Med/Surg Short Stay days 4,529; Emergency Room Visits (incl pediatric ER) 94,953; Outpatient Surgical Cases 7,652; Inpatient Surgical Cases 3,878; Outpatient Procedures Non-ED OP Radiology 63,044; GI Laboratory 1,555; Total FTEs (paid) 1,952; Community Benefit Reporting Community Outreach (incl system-wide alloc) \$1,394,265; Unreimbursed Charity Care (at cost) \$19,519,332; Medicaid Shortfalls (at cost) \$7,780,976; Total \$28,694,573. As an affiliate of Wellstar Health System, Cobb Hospital participates in many community and educational programs for the overall health and benefit of the area that they serve. Some examples of those programs are: Community Health/Education--screenings and educational opportunities such as defensive driving for teens (offered at a minimal cost or at no cost), smoking cessation, heart smart school, CPR and others. System-wide over 200,000 residents from the community participated in these various screenings. The Public Relations department notifies the public of these offerings by publishing a quarterly mailer to community residents which costs the system over \$80,000. Community Activities--sponsors blood drives, provides funding to school health programs for medical and dental preventive care. Community Events--Wellstar has an annual day for the Latino community geared at screenings and educational activities on a variety of health issues specifically for the Hispanic community. Sponsorships: A group of employees also participated in the annual "Relay for Life" an event to raise funds and awareness for cancer research and prevention (held in conjunction with the American Cancer Society). System-wide a total of \$10,000 was raised to support cancer research, education and patient services. Recognition and Accomplishments: Cobb Hospital and Kennestone Hospital operate full-service clinics on the respective campuses to provide health related services to uninsured and underinsured who might not otherwise receive care. In FY2011 the clinics served a combined 9,000 patient visitors at a cost of almost \$3.2 million. The system partnered with the local school systems to provide free health and safety education to nearly 50,000 area elementary students and approximately 8,000 adolescent students. In partnership with Cobb County law enforcement and YWCA, Wellstar started a program called Sexual Assault Nurse Examiner (SANE) for confidential and secure treatment of sexual assault victims. Approximately 100 patients were treated in the program. Cobb Hospital continued to serve as a Partner in Education site for mentoring South Cobb High School students with interest in pursuing healthcare professions. Thirty students participate in the program each year. Wellstar and the Cobb County Board of Education have partnered to provide student athletes with concussion testing in all sports related programs offered in the schools. This testing is provided free of charge to the student athletes as a proactive and preventive measure before participation is granted. Wellstar and Cobb Hospital again received the designation as a "Company that Cares" for its caring about patients, communities and team members. It is one of only seven health care systems and the only local system to achieve that distinction. Wellstar Health System and affiliates remained strong financially with a 6.0% operating margin. The system also initiated an internal program to identify costs savings and revenue enhancements which produced an additional \$75 million in company-wide savings and efficiencies and continues to identify additional costs savings program each year. These initiatives made it possible to continue to reinvest funds into improvement and purchase of state of the art facilities and equipment (\$55 million was spent in FY11 for total system-wide capital expenditures). Wellstar made an important investment in the area of clinical excellence by adding additional physicians and practitioners to the system and a total of 66 new physicians to the Wellstar Medical Group. Additional cardiology doctors have helped to make Wellstar one of the leading cardiac health systems in Georgia. Cobb Hospital and other Wellstar facilities continued to invest in state of the art cancer treatment with its Wellstar Cancer Program. More than 3,000 patients were treated in the system, 847 cyberknife radiosurgeries were performed, and almost 17,000 radiation therapy treatments were provided. Cobb Hospital has initiated a new voluntary service called "New Vision". This service offers adults treatment for alcohol and drug rehab and help with withdrawal symptoms often associated with the treatment. The service has helped over 300 patients since inception with specialized care to provide medical stabilization and continued rehabilitation. Cobb, Douglas, Kennestone and Paulding hospitals continue to meet the Appropriate Care Measures (ACM) 93 percent threshold in quality for the Presidential Level of the Quality Honor Roll as reported by Georgia Hospital Association. Wellstar has seen its percentages move from a rating of 81.4 percent to a current rate of 94.6 percent. Awards: American College of Radiology-recognized for the Ultrasound and Nuclear Medicine product lines; Quality Respiratory Care by the American Association of Respiratory Care; Accredited Chest Pain Clinics at all hospitals by the Society of Chest Pain Centers; Accredited Breast Health Center by the National Accreditation Program for Breast Centers; JCAHO-Disease Specific Certification and Certified Primary Stroke Center. Two Wellstar Cobb Hospital nurses were awarded DAISY Awards from UnitedHealthcare and the Daisy Foundation to recognize the extraordinary work that nurses do every day. The award was established by the DAISY Foundation, an organization to seek a cure for Diseases Attacking the Immune System. Wellstar's hospitals received the GHA and Partnership for Health and Accountability Circle of Excellence Award, an honor given to hospitals and health systems that have demonstrated a sustained commitment to quality and patient safety over an extended period of time. Wellstar has greatly improved its quality and patient safety statistics over the last three years. Wellstar Community Hospice is named a national partner of "We Honor Veterans". This recognition is for organizations that make a systematic commitment to improving care for veterans including those facing life-limiting illnesses. Wellstar Cobb Hospital's NICU received a VHA award in clinical excellence for its work on ventilator-associated pneumonia prevention in neonates. Wellstar received a "3 STAR" rating from the Society of Thoracic Surgeons (STS) for the quality of its cardiac surgery program throughout the system. Cobb Hospital was named one of the Top 10 Best Hospitals in metro Atlanta by the US News and World Report.

Uncertain Tax Position	SCHEDULE D PART X Line 2	The following is a footnote from the combined financial statements of Wellstar Health System, Inc. and Affiliates related to the reporting of the organization's liability for uncertain tax positions under FIN 48. "Wellstar and all but one of its affiliates have been recognized as exempt from Federal income tax under Internal Revenue Code Section 501 (a) as organizations described in Section 501 (c) (3) and therefore, related income is generally not subject to Federal or state income tax. Community Assurance Corporation is a controlled foreign corporation not subject to Federal tax. Wellstar applies FASB ASC 740, Income Taxes, which addresses accounting for uncertainties in income tax positions. It also provides guidance on when tax positions are recognized in an entity's financial statements and how the values of these positions are determined. There is no impact on Wellstar's combined financial statements as a result of the application of ASC 740."

Publication of Community Benefit Report	Sch H Part I Line 6a	Cobb Hospital, Inc is an affiliate of Wellstar Health System, Inc which on an annual basis issues a community benefit report This report is subsequently distributed in and around the five county service area of the health system

Identifier	ReturnReference	Explanation
Cost to Charge Ratio	Sch H Part I Line 7	For purposes of the IRS Form 990 Schedule H, Wellstar Health System and Affiliates (including Cobb Hospital) have estimated the current year cost to charge ratio for each hospital as it is reported in the annual community benefit report and as it will be reported in the state's Annual Hospital Financial Survey

Identifier	ReturnReference	Explanation
Footnote on Bad Debt and Rationale for Community Benefit	Sch H Part III Line 4	The following footnote is detailed in the Wellstar Health System, Inc. and Affiliates Financial Statements related to bad debt or uncollectible accounts "During 2011, Wellstar adopted the provisions of FASB Accounting Standards Update (2011-07), Healthcare Entities (Topic 954) ASU 2011-07 requires the reclassification of the provision for uncollectible accounts associated with patient service revenue from an operating expense to a deduction from patient service revenue (net of contractual allowances and discounts) " " Wellstar recognizes patient service revenue associated with services provided to patients with third-party payor coverage on the basis of contractual rates for the services rendered For uninsured patients that do not qualify for community financial aid, Wellstar recognizes revenue on the basis of its discounted rates for services provided On the basis of historical experience, a significant portion of Wellstar's uninsured patients are unable or unwilling to pay for the services provided Thus, Wellstar records a significant provision for uncollectible accounts related to uninsured patients in the period the services are provided " Subsequent to the end of the reporting period a propensity to pay review of patient accounts often results in prior year bad debt accounts which are deemed eligible for the organization's financial assistance policy Those bad debt accounts are reclassified as charity and thus our rationale for including in community benefit

Medicare Shortfalls	Schedule H Part III Line 8	Cobb Hospital is a provider of inpatient and outpatient services to Medicare program beneficiaries at determined rates. Without the participation in the Medicare program these patients may not have had convenient access to those services. The Medicare shortfall on line 7 represents the uncompensated difference between the expected reimbursement and the Medicare charges for those services stated at cost. We determine a cost to charge ratio for Medicare patients as part of the annual filing of the Medicare cost report.

Identifier	ReturnReference	Explanation
Collection Practices	Schedule H Part III Sec C Line 9b	The policy written for collection practices that applies to all Wellstar Health System entities incorporates guidelines for personnel in the admissions and patient access areas to be trained in identifying patients that might qualify for financial assistance. It is also the policy of all Wellstar facilities to have at least one employee or contractor available at all times, especially in the hospitals with emergency rooms, who can provide assistance with the paperwork necessary to help patients who would qualify for governmental and other assistance programs.

Identifier	ReturnReference	Explanation
Hospital Description	Schedule H Part V	Cobb Hospital is a general acute care hospital providing a full range of services, is licensed to operate 382 beds, and is presently staffed to operate 370 beds. It is located on an approximately 55-acre campus in Austell, Georgia and is housed within a complex of connected buildings containing a total square footage in excess of 450,000 square feet. The original hospital was constructed in 1968 and major structural additions have been made in several phases since that time. The hospital provides medical, surgical, obstetrical, pediatric, rehabilitative, and psychiatric inpatient care and outpatient care, including emergency services. The Cobb Hospital Women's Center operates 20 labor and delivery rooms, 40 post partum rooms, 6 antipartum rooms and a resource center and classrooms offering educational opportunities.

Needs Assessment	Schedule H Part VI Line 2	Wellstar Health System (and affiliates) is a key stakeholder in MAPP, Mobilizing for Action through Planning and Partnerships MAPP, developed by the National Association of County and City Health Officials (NACCHO) in collaboration with the CDC, provides a structured guidance on creating and implementing a community-wide strategic planning process focused on improving the health and safety of our population Through MAPP, a broad collection of community partners and residents come together to identify and prioritize health and safety issues and to identify resources for addressing them The process results in an actionable community health improvement plan (CHIP) for measurable improvements in the community's health and quality of life as well as a scorecard for implementation and evaluation The resulting community plan does not focus on one agency or community health challenge, rather, MAPP provides a long-term strategy that addresses the multiple factors that affect health in the community Community involvement throughout the creation and the implementation of a health improvement plan results in creative solutions to community health problems with an improved focus on priorities, reduced duplication of services, increased collaboration on projects and activities, and increased capacity to garner additional resources Moreover, continuous community involvement leads to community ownership of the process Community ownership, in turn, increases the credibility and sustainability of the health improvement efforts

Identifier	ReturnReference	Explanation
Patient Education of Eligibility for Assistance	Sch H Part VI Line 3	Cobb Hospital provides its patients with hospital personnel or contracted personnel who are trained in all aspects of governmental programs, payments plans, charity discounts, and other financial assistance offered to assist them in their hospital bills. If the patient is eligible for federal or state assistance programs, a staff member is knowledgeable in the steps necessary to qualify those individuals. If a patient is indigent or charity eligible they will be offered assistance through the hospital's charity and indigent care policy including the state's indigent care trust fund. If the patient has no other insurance and fails to qualify for indigent care assistance, the financial counselor can then offer the patient an opportunity to accept a payment plan with discounted payment options based on their ability to pay immediately or over time. All patient are afforded these opportunities.

Identifier	ReturnReference	Explanation
Community Information	Sch H Part VI Line 4	Cobb Hospital is one of five hospitals that are affiliated with the parent corporation, Wellstar Health System. The primary service area of the system is located in the Northwest Georgia area and receives the majority of its patients from one of five counties (Cherokee, Cobb, Douglas, Bartow and Paulding). Generally about 85% to 90% of the patient volume comes from this service area although other health systems have a presence in the area as well. Demographically the region is one of the fastest growing in the state as well as the country and the expansion of the services for the patient population reflects a desire to offer healthcare "closer to home" since Wellstar is considered a part of a larger metropolitan Atlanta market. Economically the region is strong in per capita income but given recent trends a rise in the uninsured and indigent population has occurred.

Identifier	ReturnReference	Explanation
Affiliated Health System Role	Schedule H Part VI Line 7	As stated in the Wellstar Health System, Inc and Affiliates audited financial statments for the period ended June 30, 2011, Cobb Hospital (an affiliate of Wellstar Health System, Inc) operates as a charitable organization consistent with the requirements of Internal Revenue Code Sect 501 (c) (3) and the "community benefit standard" of IRS Ruling 69-545 In this regard the governing body of the organization and/or its parent is composed of prominent citizens in the community, medical staff privileges in the hospital are available to all qualifed physicians in the area consistent with the size and nature of the facility, the hospital operates a full-time emergency room open to all regardless of ability to pay, and the hospital provides care to the needy members of the community consistent with its charity care policy The hospital's excess funds are genrally applied to expansion and replacement of existing facilities and equipment, amortization of indebtedness, improvement fo patient care, community benefit activities, and charity care Cobb Hospital committed approximately \$21.2 million in capital expenditures for the year to meet those needs

990 T Explanation of Filing	Form 990 Part V Line 3	Cobb Hospital generated no unrelated business income for the reporting period. As a result the attached 990T shows no activity. If subsequent review of the books reveals any unreported UBI we will file an amended return for the tax period ended June 30, 2011.

Identifier	Return Reference	Explanation
Form 990 Copy to Board of Directors	Form 990 Part VI Line 11A	Internal staff prepare the organization's Form 990. Before filing the return with the Internal Revenue Service an external accounting firm, PricewaterhouseCoopers, reviews and sign-offs on the completed return. The current year Form 990 is then reviewed by the Finance Committee along with a question and answer session. A motion is then made by the Finance committee to approve the returns and present to the full board copies of the forms in an electronic (pdf format) version as well as a hard copy. The organization's CFO or designee subsequently signs the return for either manual or electronic filing by the appropriate due date.

Conflict of Interest Policy	Form 990 Part VI Section B Line 12 a-c	Our conflict of interest policy requires all covered persons to annually review the policy and then complete, sign and return the Conflicts of Interest Survey and Attestation to the Compliance Office. The policy requires an on-going disclosure obligation in the event a conflict arises during the year. The following is our process to regularly and consistently monitor and enforce this policy. Compliance identifies all covered persons who must complete the survey and attestation. Compliance verifies that the survey and attestation is distributed to these persons. Compliance verifies that these persons return a fully completed and signed survey and attestation. Compliance reviews each completed and signed survey and attestation to identify all conflicts listed in the document. All conflicts, potential conflicts and incidences of non-compliance are referred to the Chief Compliance Officer. The CCO takes appropriate action to completely resolve all identified conflicts and incidences of non-compliance.

Process for determining Exec Compensation	Form 990 Part VI Section B Line 15A & B	Wellstar engages the Hay Group to work with the governing board to review and recommend executive compensation. The executive compensation process at Wellstar is overseen by a committee of independent trustees, which follows a board-approved executive compensation philosophy. The current members of the Wellstar committee are Pete Wood, Janie Maddox, Al Separk, Board Chairman--Ex Officio, CEO--Ex Officio. In committee discussions about the compensation for the Chief Executive Officer, the acting CEO will recuse himself from that process but is a non-voting committee member for discussions on all other officers. The executive compensation philosophy empowers the committee to oversee the executive compensation process and administer the executive compensation program on behalf of the full board of trustee of Wellstar, provided, however, the full Board of Trustees evaluates and approves the compensation of the Chief Executive Officer. The philosophy requires annual disclosure of the committee's actions and decisions to the full board, which it has done. The committee is guided by the board-approved philosophy. Overall, the philosophy is intended to reward for organizational and individual performance. When performance is at a predetermined targeted level, the compensation is intended to be at or around the median of compensation paid to similar positions at similar organizations (the "market"). Wellstar's executive compensation philosophy defines the market as being comprised of comparable not-for-profit health care delivery systems, i.e., not-for-profit organizations similar in complexity and scale to Wellstar. To assist the committee in fulfilling its duties, the committee engaged the Hay Group to provide market compensation data to compare to the Wellstar positions whose compensation the committee oversees. The committee uses this data to provide context when making decisions in administering the compensation program. Accurate minutes of the committee's discussion and decisions are recorded during each committee meeting, and reviewed and approved at the following committee meeting.

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Combined Financial Statements

June 30, 2011 and 2010

(With Independent Auditors' Report Thereon)

KPMG LLP
Suite 2000
303 Peachtree Street, N E

Independent Auditors' Report

The Board of Trustees
WellStar Health System, Inc

We have audited the accompanying combined balance sheets of WellStar Health System, Inc and affiliates (WellStar) as of June 30, 2011 and 2010, and the related combined statements of operations, changes in net assets, and cash flows for the years then ended. These combined financial statements are the responsibility of WellStar's management. Our responsibility is to express an opinion on these combined financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of WellStar's internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the combined financial statements referred to above present fairly, in all material respects, the financial position of WellStar Health System, Inc and affiliates as of June 30, 2011 and 2010, and the results of their operations, changes in net assets, and cash flows for the years then ended, in conformity with U.S. generally accepted accounting principles.

As discussed in note 1(n), WellStar adopted the provisions of FASB Accounting Standards Update No. 2011-07, *Healthcare Entities (Topic 954)* during 2011. As discussed in note 1(k), WellStar has adopted the provisions of FASB Accounting Standards Codification 958, *Not-for-Profit Entities*, as it relates to subsequent accounting for goodwill and other intangible assets acquired in an acquisition, during 2011.

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

June 30, 2011 and 2010

(1) Summary of Significant Accounting Policies

WellStar Health System, Inc. (WellStar) is a multidimensional healthcare organization, headquartered in Marietta, Georgia, which provides inpatient, outpatient, physician care, and emergency services for residents of northwest Georgia. The significant accounting policies used by WellStar in preparing and presenting its combined financial statements follow:

(a) *Organization and Business*

The combined financial statements include the accounts of WellStar and its controlled affiliates, including Kennestone Hospital, Inc., Cobb Hospital, Inc., Douglas Hospital, Inc., Paulding Medical Center, Inc., WellStar Foundation, Inc. (WellStar Foundation), CHS Foundation, Inc., Community Assurance Company, Ltd. (CAC), and various WellStar owned physician practices.

All significant intercompany accounts and transactions have been eliminated in combination.

The Board of Trustees (the Board) of WellStar has the authority to approve appointments of the members of the boards of trustees of all affiliate corporations. The Board includes at least one representative from each of its affiliate corporations.

(b) *Use of Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires that management make estimates and assumptions affecting the reported amounts of assets, liabilities, revenue, and expenses, as well as disclosure of contingent assets and liabilities. Actual results could differ from those estimates.

Significant items subject to such estimates and assumptions include the determination of the allowances for uncollectible accounts and contractual adjustments, self-insurance reserves, estimated third-party payor settlements, and the actuarially determined benefit liability related to WellStar's pension plan. In particular, laws and regulations governing the Medicare and Medicaid programs are extremely complex and subject to interpretation. As a result, there is at least a reasonable possibility that recorded estimates associated with these programs will change by a material amount in the near term.

(c) *Cash Equivalents*

WellStar considers investments in highly liquid debt instruments with an original maturity of three months or less to be cash equivalents.

(d) *Investments and Investment Income*

Investments in equity securities with readily determinable fair values and all investments in debt securities are reported at fair value in the combined balance sheets. Fair value is measured in accordance with relevant accounting literature and discussed in note 16 to the combined financial statements.

Investment income items (including unrealized gains and losses, realized gains and losses on investments, interest, and dividends) are included in unrestricted revenue, gains, and other support in

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

June 30, 2011 and 2010

excess of expenses and losses in the combined statements of operations, unless restricted by the donor or law

(e) *Assets Limited as to Use*

Assets limited as to use primarily include assets set aside by the Board for future capital improvements, over which the Board retains control and may at its discretion subsequently use for other purposes, assets held by trustees under indenture agreements, assets held under self-insurance funding arrangements and donor restricted assets. Amounts required to meet related current liabilities of WellStar are classified as current assets in the accompanying combined balance sheets

(f) *Costs of Borrowing*

Bond issuance costs and bond discounts and premiums are amortized over the terms of the related bond issues using the straight-line method, which is not materially different from the interest method

Interest cost incurred on borrowed funds during the period of construction of capital assets is capitalized as a component of the cost of acquiring those assets. Capitalized interest specifically related to tax-exempt borrowings is recorded net of income earned on related trusteed assets

(g) *Property and Equipment*

Property and equipment are stated at cost. Provisions for depreciation are computed using the straight-line method based on the estimated useful lives of the assets. Equipment under capital lease obligations is amortized using the straight-line method over the shorter of the lease term or the estimated useful life of the equipment. Such amortization is included in depreciation and amortization in the combined financial statements

Gifts of long-lived assets such as land, buildings, or equipment are reported as unrestricted support, and are excluded from unrestricted revenue, gains, and other support in excess of expenses and losses. Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used, and gifts of cash or other assets that must be used to acquire long-lived assets are reported as restricted support. Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed into service. Contributions restricted to the purchase of property and equipment or other restricted purposes which restrictions are met within the same year as received are reported as increases in unrestricted net assets in the accompanying combined financial statements

(h) *Inventories*

Inventories, consisting principally of medical supplies and pharmaceuticals, are stated at the lower of cost (first-in, first-out method) or replacement market

(i) *Other Assets*

Other assets include, among other things, investments in joint ventures and costs in excess of the fair value of the net tangible assets of certain acquired businesses (goodwill). Intangible assets are being amortized on a straight-line basis over lives ranging from one to 40 years through June 30, 2010 and

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

June 30, 2011 and 2010

annually assessed for impairment effective July 1, 2010 (See note 1(k)) Investments in partnerships are accounted for using the equity method

(j) *Impairment of Long-lived Assets*

Long-lived assets, such as property and equipment and purchased intangibles, are reviewed for impairment whenever events or changes in circumstances indicate that the carrying amount of an asset may not be recoverable. Recoverability of assets to be held and used is measured by a comparison of the carrying amount of an asset to estimated undiscounted future cash flows expected to be generated by the asset. If the carrying amount of an asset exceeds its estimated future cash flows, an impairment charge is recognized to the extent that the carrying amount of the asset exceeds its fair value.

(k) *Goodwill*

During 2011, WellStar adopted the provisions of FASB Accounting Standards Codification (ASC) 958, *Not-for-Profit Entities*, as it relates to subsequent accounting for goodwill and other intangible assets acquired in an acquisition.

Goodwill is an asset representing the future economic benefits arising from other assets acquired in a business combination that are not individually identified and separately recognized. Goodwill is reviewed for impairment at least annually. The goodwill impairment test is a two-step test. Under the first step, the fair value of the reporting unit is compared with its carrying value (including goodwill). If the fair value of the reporting unit is less than its carrying value, an indication of goodwill impairment exists for the reporting unit and the WellStar must perform step two of the impairment test (measurement). Under step two, an impairment loss is recognized for any excess of the carrying amount of the reporting unit's goodwill over the implied fair value of that goodwill. The implied fair value of goodwill is determined by allocating the fair value of the reporting unit in a manner similar to a purchase price allocation and the residual fair value after this allocation is the implied fair value of the reporting unit goodwill. Fair value of the reporting unit is determined using the market approach. If the fair value of the reporting unit exceeds its carrying value, step two does not need to be performed.

WellStar performs its annual impairment review of goodwill each July 1, and when a triggering event occurs between annual impairment tests.

During 2011, WellStar did not identify any material reporting unit at risk of failing step one of the goodwill impairment test. The fair value of all reporting units is substantially in excess of their carrying value and therefore no impairment loss was recorded in fiscal 2011.

(l) *Temporarily and Permanently Restricted Net Assets*

Temporarily restricted net assets are those whose use by WellStar is restricted by donors for a specific time period or purpose. Permanently restricted net assets have been restricted by donors to be maintained by WellStar in perpetuity.

FASB ASC 958, *Not-for-Profit Entities*, provides guidance on the net asset classification of donor restricted endowment funds for a not-for-profit organization that are subject to an enacted version of

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

June 30, 2011 and 2010

the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA) and also requires disclosures about endowment funds, both donor-restricted endowment funds and board-designated endowment funds

WellStar has historically and to-date received a limited amount of donor-restricted endowment funds. The Board has interpreted Georgia's State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds, absent explicit donor stipulations to the contrary. Income from WellStar's donor-restricted endowment funds is generally restricted to specific donor-directed purposes, and is therefore accounted for within temporarily restricted net assets until expended in accordance with the donor's wishes. WellStar oversees individual donor-restricted endowment funds to ensure that the fair value of the original gift is preserved.

WellStar invests donor-restricted endowment funds within the framework of WellStar's overall investment management program.

(m) *Unrestricted Revenue, Gains, and Other Support in Excess of Expenses and Losses*

The combined statements of operations include unrestricted revenue, gains, and other support in excess of expenses and losses. Changes in unrestricted net assets which are excluded from unrestricted revenue, gains, and other support in excess of expenses and losses include permanent transfers of assets to and from affiliates for other than goods and services, contributions of long-lived assets, and the recognition of pension and post retirement liability adjustments arising during the current period.

(n) *Net Patient Service Revenue*

Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments due to future audits, reviews, and investigations. Retroactive adjustments are considered in the recognition of revenue on an estimated basis in the period the related services are rendered, and such amounts are adjusted in future periods as adjustments become known or as years are no longer subject to such audits, reviews, and investigations.

During 2011, WellStar adopted the provisions of FASB Accounting Standards Update (ASU) 2011-07, *Healthcare Entities (Topic 954)*. ASU 2011-07 requires the reclassification of the provision for uncollectible accounts associated with patient service revenue from an operating expense to a deduction from patient service revenue (net of contractual allowances and discounts). ASU 2011-07 also requires enhanced disclosure about healthcare entities' policies for recognizing revenue and assessing uncollectible accounts, and disclosures of patient service revenue and qualitative and quantitative information about changes in the allowance for uncollectible accounts. The amendments to the presentation of the provision for uncollectible accounts related to patient service revenue in the combined statement of operations have been applied retrospectively to the prior period presented.

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

June 30, 2011 and 2010

(o) *Charity Care*

WellStar provides care to patients who meet certain criteria under its charity care policies without charge or at amounts less than its established rates. Because WellStar does not pursue collection of amounts determined to qualify as charity care, such amounts are not reported as revenue.

(p) *Income Taxes*

WellStar and all but one of its affiliates have been recognized as exempt from Federal income tax under Internal Revenue Code Section 501(a) as organizations described in Section 501(c)(3) and, therefore, related income is generally not subject to Federal or state income taxes. CAC is a controlled foreign corporation not subject to Federal tax.

WellStar applies FASB ASC 740, *Income Taxes*, which addresses accounting for uncertainties in income tax positions. It also provides guidance on when tax positions are recognized in an entity's financial statements and how the values of these positions are determined. There is no impact on WellStar's combined financial statements as a result of the application of ASC 740.

(q) *Contributions*

Unconditional promises to give cash and other assets to WellStar are reported at estimated fair value at the date the promise is received. Conditional promises to give are recognized when the conditions are substantially met while indications of intentions to give are not recorded. Gifts are reported as either temporarily or permanently restricted support if they are received with donor stipulations that limit the use or timing of use of the donated assets. When a donor restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified as unrestricted net assets and reported as net assets released from restrictions.

(r) *Derivative Instruments and Hedging Activities*

At the effective date of any hedge accounting election, WellStar designates the associated derivative as either (1) a hedge of the fair value of a recognized asset or liability or of an unrecognized firm commitment (fair value hedge) or (2) a hedge of a forecasted transaction or the variability of cash flows to be received or paid related to a recognized asset or liability (cash flow hedge). WellStar formally assesses, both at inception and on an ongoing basis, whether the derivatives that are used in hedging transactions are highly effective in offsetting changes in fair values or cash flows of hedged items. When it is determined that a derivative is not highly effective as a hedge or that it has ceased to be a highly effective hedge, WellStar discontinues hedge accounting prospectively. To the extent that hedge ineffectiveness is associated with these changes in fair value, it is recognized in unrestricted revenue, gains, and other support in excess of expenses and losses. WellStar monitors the effectiveness of interest rate swaps designated as hedges on a quarterly basis.

Should hedge accounting be discontinued because it is determined that the derivative no longer qualifies as an effective cash flow hedge, WellStar continues to carry the derivative on the combined balance sheet at its fair value with subsequent changes in fair value included in unrestricted revenue, gains, and other support in excess of expenses and losses. Gains and losses that were accumulated in unrestricted net assets are amortized on a straight-line basis over the remaining life of the derivative.

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

June 30, 2011 and 2010

in the determination of unrestricted revenue, gains, and other support in excess of expenses and losses

WellStar does not currently apply hedge accounting to its derivative instrument

(s) *Asset Retirement Obligations*

WellStar recognizes the fair value of its liability for legal obligations associated with asset retirements in the period in which it is incurred, if a reasonable estimate of the fair value of the obligation can be made. When the liability is initially recorded, WellStar capitalizes the cost of the asset retirement obligation by increasing the carrying amount of the related long-lived asset. Over time, the liability is accreted to its present value each period, and the capitalized cost associated with the retirement obligation is depreciated over the useful life of the related asset. Upon settlement of the obligation, any difference between the cost to settle the asset retirement obligation and the recorded liability is recognized as a gain or loss in the combined statements of operations.

(t) *Retirement Benefits*

WellStar applies the recognition, measurement, and disclosure provisions of FASB ASC 715, *Compensation – Retirement Benefits*. ASC 715, which requires that WellStar recognize the unfunded status of its defined benefit pension plan and post retirement plan on its combined balance sheet, measure plan assets and benefit obligations as of fiscal year-end and apply the applicable disclosure requirements.

ASC 715, provides guidance on an employer's disclosures about plan assets of a defined benefit pension or other postretirement plan. The effective date for disclosures about plan assets is the beginning of the period subsequent to December 15, 2009 (WellStar's fiscal 2011). The application of the disclosure provisions of ASC 715 on disclosures of plan assets resulted in expanded footnote disclosure in note 10.

(u) *Recently Issued Accounting Standards*

The FASB issued ASU 2010-23, *Health Care Entities (Topic 954) Measuring Charity Care for Disclosure* in August 2010. ASU 2010-23 amends ASC Subtopic 954-605, *Health Care Entities – Revenue Recognition* to require that cost be used as the measurement basis for charity care disclosure purposes. The method used to estimate such costs as well as any funds received to offset or subsidize charity services provided should also be disclosed. WellStar expects to adopt this ASU in fiscal year 2012.

The FASB issued ASU 2010-24, *Health Care Entities (Topic 954) Presentation of Insurance Claims and Related Insurance Recoveries* in August 2010. ASU 2010-24 amends ASC Subtopic 954-450, *Health Care Entities – Contingencies*, to clarify that a health care entity should not net insurance recoveries against a related liability and that the claim liability should be determined without consideration of insurance recoveries. The ASU is effective for WellStar's fiscal year 2012 and is not expected to have a significant financial reporting impact.

During the first quarter of fiscal 2010, WellStar executed a plan to convert, as permitted under the original indenture agreement, \$60 million of the Series 2005 Certificates through a mandatory tender option from variable rate demand obligations to fixed rate certificates. The converted certificates bear interest at a fixed rate and are supported by bond insurance. WellStar still maintains \$60 million of this issue in variable rate demand certificates that bear interest at a variable rate and are supported by stand-by bond purchase agreements, bond insurance, and a letter of credit facility expiring August 2012. WellStar anticipates renewal of the letter of credit facility at expiration under substantially the same terms and conditions as the existing facility. In accordance with relevant accounting literature, WellStar recognized a \$495 thousand loss on extinguishment resulting from the write-off of associated bond issuance costs, which is included in unrestricted revenue, gains, and other support in excess of expenses and losses in the accompanying 2010 combined statement of operations.

The 2004 and 2006 revenue certificates bear interest at variable rates and are secured by direct-pay letters of credit expiring August 2014. Interest rates are set weekly by the remarketing agent based upon prevailing rates for the contract period related to the remarketed tranche. In the event a market for variable rate instruments is not sustained, the letter of credit agreements require the bank to purchase the certificates.

Notes to Combined Financial Statements

June 30, 2011 and 2010

The average annual interest rate on WellStar's variable rate obligations approximated 0.26% and 0.77% for the years ended June 30, 2011 and 2010, respectively.

Certain trust assets described in note 2 and the future net revenue of WellStar are pledged as security for payment of the various series of hospital revenue certificates outlined above. Substantially all of WellStar's long-term debt agreements subject WellStar to certain debt covenants typical of such obligations.

On August 31, 2011, WellStar provided notice to the Trustee that it intends to redeem on October 7, 2011 the remaining outstanding Series 2001 Certificates as provided in the related Master Trust Indenture.

WellStar contemplates (but has not consummated) the issuance of approximately \$75.0 million in Series 2011 revenue bonds in the fourth calendar quarter of 2011. The proceeds from the issuance, if consummated, will be used to finance certain WellStar capital projects.

WellStar maintains a \$21.0 million revolving line of credit with a bank for routine working capital needs. The facility is secured by deposits with the bank and expires February 15, 2012. WellStar anticipates renewal of this facility at expiration under substantially the same terms and conditions as the existing facility. There were no amounts outstanding under this facility at June 30, 2011 or 2010.

WellStar paid interest of approximately \$15.4 million and \$16.1 million in 2011 and 2010, respectively. Interest capitalized on capital projects was approximately \$695 thousand and \$523 thousand in 2011 and 2010, respectively.

(7) Derivative Instruments

WellStar synthetically converted \$60.0 million (the notional amount) of the 2005 Certificates (see note 6) from variable rate debt to fixed rate debt through an interest rate swap agreement with a counterparty. In general, the swap obligates WellStar to pay interest at a fixed rate of 3.45% and receive interest at 67% of LIBOR. The notional amount amortizes in the same fashion, and the swap matures at the same date, as the related 2005 Certificates.

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

WellStar's credit risk involves the possible default of the counterparty. Collateral may be required in the future based on WellStar's credit rating, the insurer's credit rating, or market valuations of the swaps. At June 30, 2011 and through the date of these combined financial statements, no such collateral was required.

The swap's fair value, if positive, is included in other assets in the accompanying combined balance sheets. If negative, the swap's fair value is included in other long-term liabilities in the accompanying combined balance sheets. (8) Net Patient Service Revenue and Patient Accounts Receivable

Certain affiliates of WellStar have agreements with governmental and other third-party payors that provide for reimbursement to such affiliates at amounts different from established rates. Contractual adjustments under third-party reimbursement programs represent the difference between billings at established rates for services and amounts reimbursed by third-party payors. A summary of the basis of reimbursement with major third-party payors follows:

- Medicare** – Inpatient and outpatient services rendered to Medicare program beneficiaries are generally paid at prospectively determined rates. These rates vary according to patient classification systems that are based on clinical, diagnostic, and other factors. Additionally, payments for certain other reimbursable items are made at tentative rates, with final settlements determined after submission of annual cost reports and audits by the Medicare fiscal intermediary. The cost reports of all WellStar affiliates have been audited and substantially settled for all fiscal years through June 30, 2007. Net revenue from the Medicare program accounted for approximately 36% and 37% of WellStar's net patient service revenue for the years ended June 30, 2011 and 2010, respectively.
- Medicaid** – Inpatient services rendered to Medicaid program beneficiaries are paid at prospectively determined rates per discharge. Outpatient services are generally paid based upon cost reimbursement methodologies. WellStar's Medicaid cost reports have been final settled through June 30, 2007 for all WellStar affiliates, except for one affiliate hospital that is final settled through June 30, 2006. Net revenue from the Medicaid program accounted for approximately 12% and 14% of WellStar's net patient service revenue for the years ended June 30, 2011 and 2010, respectively.

During 2011, net patient service revenue increased by approximately \$2.7 million due to changes in estimates for open Medicare and Medicaid cost reports and removal of allowances previously estimated.

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

June 30, 2011 and 2010

that are no longer necessary as a result of final settlements. During 2010, net patient service revenue increased by approximately \$2.9 million due to changes in estimates for open Medicare and Medicaid cost reports and removal of allowances previously estimated that are no longer necessary as a result of final settlements. WellStar has incorporated the most current and relevant data received from Medicaid in the preparation of associated estimates at both June 30, 2011 and 2010.

WellStar's affiliate hospitals participate in the Georgia Medicare Upper Payment Limit (UPL) program for providers participating in the State Medicaid program. WellStar's net reimbursement benefit associated with the program, totaling approximately \$2.2 million and \$3.0 million in fiscal years 2011 and 2010, respectively, is recognized as a reduction in related contractual adjustments in the accompanying combined statements of operations. There can be no assurance that WellStar will continue to qualify for future participation in this program or that the program will not ultimately be discontinued or materially modified.

WellStar's affiliate hospitals participate in the Georgia Indigent Care Trust Fund (ICTF). Under the provisions of the ICTF, Medicaid disproportionate share hospitals (DSH) may contribute funds to be used by the State in the Medicaid Program that are supplemented by Federal funds (combination dollars). The combination dollars are returned to DSH as additional Medicaid inpatient reimbursement. WellStar's net reimbursement benefit associated with the program, totaling approximately \$9.5 million and \$7.9 million in fiscal years 2011 and 2010, respectively, is recognized as additional Medicaid reimbursement and, therefore, are reflected as a reduction in associated contractual adjustments in the accompanying combined statements of operations.

The State's determination related to WellStar's participation in the fiscal year 2012 plan is currently in process, and the terms of the fiscal year 2012 plan have not been finalized. Accordingly, contributions to the State plan during 2012 and related amounts to be potentially received from Medicaid during 2012 have not been established. There can be no assurance that WellStar will continue to qualify for future participation in this program or that the program will not ultimately be discontinued or materially modified.

Certain affiliates of WellStar have also entered into other reimbursement arrangements providing for payment methodologies, which include prospectively determined rates per discharge, capitated payment arrangements, discounts from established charges, and prospectively determined per diem rates.

The composition of net patient service revenue follows:

	<u>2011</u>	<u>2010</u>
	(In thousands)	
Gross patient service revenue, net of charity care charges foregone	\$ 4,187,422	3,819,038

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

June 30, 2011 and 2010

WellStar recognizes patient service revenue associated with services provided to patients with third-party payor coverage on the basis of contractual rates for the services rendered. For uninsured patients that do not qualify for community financial aid, WellStar recognizes revenue on the basis of its discounted rates for services provided. On the basis of historical experience, a significant portion of WellStar's uninsured patients are unable or unwilling to pay for the services provided. Thus, WellStar records a significant provision for uncollectible accounts related to uninsured patients in the period the services are provided. Patient service revenue, net of contractual allowances and discounts (but before the provision for uncollectible accounts), recognized in the period from these major payor sources, is as follows:

	<u>Third Party Payors</u>	<u>Self Pay</u> (In thousands)	<u>Total</u>
Patient service revenue, net of contractual allowances and discounts	\$ 1,359,952	211,503	1,571,455

(9) Community Benefits

WellStar maintains records to identify and monitor the level of charity care it provides through its affiliates. These records include the amount of charges foregone for services and supplies furnished under its charity care policy. Charges foregone, based on established rates, and provider payment assessments totaled approximately \$222.8 million and \$170.3 million in 2011 and 2010, respectively.

During 2010, the State of Georgia adopted into law the Provider Payment Agreement Act. The Act provides that each hospital shall be assessed a provider payment in the amount of 1.45% of net patient service revenue of the hospital based on the annual financial survey filed with the State of Georgia Department of Community Health and such payments be recognized as a community benefit. In fiscal 2011, WellStar affiliate hospitals made \$14.0 million in provider payments and recognized such payments as a reduction in net patient service revenue in the accompanying combined financial statements.

WellStar owns and operates two indigent clinics located on the campuses of two of their hospitals. In addition, WellStar provides free lab and medical imaging services for a local community clinic as well as funding for nurse practitioner services for a disadvantaged population within the community.

WellStar also participates in certain governmental insurance programs, including Medicare and Medicaid. Under these programs, WellStar provides care to patients at payment rates, which are determined by the Federal and state governments, regardless of WellStar's actual charges. In some cases, these programs pay WellStar at amounts, which are less than its cost of providing services.

WellStar offers many wellness and educational services at little or no cost to the community. Health fairs are held throughout the year at convenient locations, providing various health screenings, such as mammograms, bone density, blood pressure, and cholesterol checks. A large number of educational programs are offered for all ages. These programs include bicycle safety, car seat safety, defensive driving, CPR, and first-aid classes. Flu shots are available to the community during flu season and health screenings, medical supplies, and immunizations are provided to children through local health departments and health fairs. The costs of these services are included in unrestricted revenue, gains, and other support in excess of expenses and losses in the accompanying combined statements of operations.

June 30, 2011 and 2010

WellStar promotes health education and activities for students, parents, and teachers through its Partner-in-Education program. The physicians of WellStar make significant contributions to improve the health status of the community, including involvement in many community activities promoting health awareness and improvement, emergency room care, and delivery of care to the indigent population of WellStar's service area.

WellStar has also made significant contributions to the nursing programs at two local universities. This financial support has helped to grow the programs, which further benefits the community.

(10) Employee Benefit Plans

(a) Pension Plan

WellStar sponsors a defined benefit pension plan covering all employees who have attained the age of 21 and completed one year of service as defined in the Plan. WellStar contributes an amount sufficient to fund the Plan as determined by consulting actuaries.

The changes in the projected benefit obligation as of June 30, 2011 and 2010 follow:

	2011	2010
	(In thousands)

The accumulated benefit obligation at June 30, 2011 and 2010 is \$431.7 million and \$397.6 million, respectively.

The changes in the fair value of plan assets, funded status of the plan, and the status of amounts recognized in WellStar's combined balance sheets as of June 30, 2011 and 2010 follow:

Plan Assets

The Plan's investment objectives are to protect long-term asset value by applying prudent, low-risk, high-quality investment disciplines and to enhance the values by maximizing investment returns through active security management within the framework of the Plan's investment policy. Asset allocation strategies and investment management structure are designed to meet the Plan's investment objectives.

WellStar's pension plan target and weighted average asset allocations follow:

	Target allocation	Plan assets at June 30	
		2011	2010
Plan assets			
Cash and cash equivalents	0%	4%	11%
Equity securities	50	51	39
Debt securities	40	39	41
International	10	6	9
	100%	100%	100%

The expected long-term rate of return assumption is based on the targeted asset allocation and the average return to be earned over the period of payment of the expected benefits included in the benefit obligation. In developing the expected returns, consideration is given to actual returns earned on the components of pension plan assets, projection of returns, current economic conditions, and historical rates of return, volatilities, and interactions of asset classifications.

In accordance with FASB ASC 820, Wellstar has categorized its pension assets, based on the priority of inputs used in related valuation techniques, into a three-level fair value hierarchy as described in note 16.

Cash Flows

WellStar expects to contribute approximately \$30 million to the Plan in fiscal 2012.

Expected Future Benefit Payments

Benefit payments are expected to be paid as follows (in thousands):

Other Items

WellStar uses the straight-line method to amortize prior service cost

(b) Other Benefits

WellStar also has a 403(b) plan, which covers substantially all employees. Eligible employees may contribute up to 20% of compensation in any one year, subject to a regulatory limit. WellStar makes matching contributions equal to 50% of employees' contributions, not to exceed 4% of total compensation. Employees vest in WellStar contributions on a "cliff" basis after three years of service. WellStar contributed approximately \$6.8 million and \$6.5 million to the plan during the years ended June 30, 2011 and 2010, respectively.

WellStar also sponsors an unfunded postretirement medical plan covering members' of the Board of Trustees and their dependents upon retirement from completion of 12 years of Board service. The unfunded status of the plan at June 30, 2011 and 2010 is \$7.3 million and \$4.2 million, respectively, and is included in other long-term liabilities in the accompanying combined balance sheets. The plan is measured as of June 30 using a discount rate of 5.91% at June 30, 2011. The assumed healthcare trend rate is 9.5% initially decreasing to an ultimate rate of 5.0%.

(11) Business and Credit Concentrations

WellStar grants credit to patients, substantially all of whom reside in the service areas of WellStar's affiliates. WellStar generally does not require collateral or other security in extending credit to patients, however, it routinely obtains assignment of (or is otherwise entitled to receive) patients' benefits payable under their health insurance programs, plans, or policies (e.g., Medicare, Medicaid, Managed Care, capitated, and other preferred provider arrangements and commercial insurance policies).

The mix of net receivables from patients and third-party payors follows:

	2011	2010
Managed care	37%	37%
Medicare	27	22
Medicaid	24	30
Patients	8	6
Other third-party payors	4	5
	100%	100%

Patient accounts receivable are reduced by an allowance for uncollectible accounts. In evaluating the collectibility of accounts receivable, WellStar analyzes its past history and identifies trends for each of its major payor sources of revenue along with current economic factors to estimate the appropriate allowance for uncollectible accounts and provision for uncollectible accounts. Management routinely reviews data about these major payor sources of revenue in evaluating the sufficiency of the allowance for uncollectible accounts. For receivables associated with services provided to patients who have third-party coverage, WellStar analyzes contractually due amounts and provides an allowance for uncollectible accounts and a provision for uncollectible accounts, if necessary. For receivables associated with self-pay patients,

WELLSTAR HEALTH SYSTEM, INC. AND AFFILIATES

Notes to Combined Financial Statements

June 30, 2011 and 2010

WellStar records a significant provision for uncollectible accounts in the period of service on the basis of its past experience, which indicates that many patients are unable or unwilling to pay the portion of their bill for which they are financially responsible. The difference between the standard rates (or the discounted rates if negotiated) and the amounts actually collected after all reasonable collection efforts have been exhausted is charged off against the allowance for uncollectible accounts. WellStar did not change its community financial aid policy (which is inclusive of both charity care and discounts for qualifying patients) during fiscal 2011. WellStar does not maintain a material allowance for uncollectible accounts from third party payors nor did it have material write-offs from third party payors.

(12) Self-Insurance Programs

WellStar has established a wholly owned captive insurance company, CAC, for the purpose of self-insuring first-dollar coverage related to general liability, professional liability, and workers' compensation risks on claims made basis. WellStar funds CAC in amounts as determined by consulting actuaries. General and professional liability risks are self-insured at an underlying annual coverage layer totaling \$4.0 million and \$7.0 million per individual loss, respectively, and \$35.0 million for aggregate claims. Workers' compensation coverage is self-insured for individual claims up to \$500 thousand.

CAC also provides first-dollar coverage for Directors and Officers, property, and automobile policies. WellStar is also self-insured through other arrangements for employee group health insurance, generally up to \$1.0 million of lifetime coverage per employee.

Losses for all self-insured coverages are managed through the Risk Management and Claims Committee process. Identified and incurred but not reported losses are accrued based on estimates that incorporate WellStar's past experience, as well as other considerations such as the nature of each claim or incident, relevant trend factors, and advice from consulting actuaries. The identified and estimated incurred but not reported losses included in the accompanying combined balance sheets at both June 30, 2011 and 2010 have been discounted at 2.5%.

WellStar also maintains substantial excess liability coverage for amounts in excess of the above-described limits through the provisions of certain claims-made insurance policies. To the extent that any claims-made coverage is not renewed or replaced with equivalent insurance, claims based on occurrences during the term of such coverage, but reported subsequently, would be uninsured. Management believes, based on incidents identified through WellStar's incident reporting system and other reporting procedures, that any such claims would not have a material effect on WellStar's operations or financial position. In any event, management anticipates that the claims-made coverages currently in place will be renewed or replaced with equivalent insurance as the terms of these coverages expire.

(13) Asset Retirement Obligations

Asset retirement obligations arise primarily from contractual commitments to remove asbestos in WellStar facilities at the time of major renovation or demolition and removal of underground fuel tanks.

(16) Fair Value of Financial Instruments

In accordance with FASB ASC 820, Wellstar has categorized its financial instruments, based on the priority of inputs used in related valuation techniques, into a three-level fair value hierarchy. The fair value hierarchy gives the highest priority to quoted prices in active markets for identical assets (Level 1) and the lowest priority to unobservable inputs (Level 3). If the inputs used to measure the financial instruments fall within different levels of the hierarchy, the categorization is based on the lowest level input that is significant to the fair value measurement of the instrument.

When available, Wellstar generally uses quoted market prices to determine fair value, and classifies such items as Level 1. Wellstar's Level 2 securities are bonds and other debt securities whose fair values are determined by independent vendors. The vendors compile prices from various sources and may apply matrix pricing for similar bonds or loans where no price is observable in an actively traded market. If available, the vendor may also use quoted prices for recent trading activity of assets with similar characteristics to the bond being valued. Wellstar does not consider any of its investment holdings to be Level 3 securities.

The carrying amounts of all applicable asset and liability financial instruments reported in the combined balance sheets (except various debt and derivative instruments) approximate their estimated fair values, in all material respects, at June 30, 2011 and 2010. Fair value of a financial instrument is defined as the amount, which would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

Notes to Combined Financial Statements

June 30, 2011 and 2010

The fair values of WellStar's various debt instruments have been estimated using Level 2 inputs, such as interest rates currently available to WellStar for borrowings having similar character, collateral, and duration. The aggregate fair value of such instruments approximates \$349.0 million and \$352.9 million at June 30, 2011 and 2010, respectively. No adjustment for such fair value measurements is reflected or required in the accompanying combined balance sheets.

WellStar has categorized its derivative instrument into the three-level fair value hierarchy. The interest rate swap entered into by WellStar is executed over the counter and valued using the net present value of the cash flow streams as no quoted market prices exist for such instruments. The System also employs an independent third party to perform a mark-to-market valuation assessment on the swap to assess the reasonableness of the valuation otherwise received by WellStar. The derivative instrument entered into above is classified by WellStar as Level 2 within the fair value hierarchy.

The fair value hierarchy of pension plan assets at June 30, 2011 follows:

(17) Endowment

WellStar Foundation has two separate endowments. The Hodges Fund and the Tranquility Angel Fund. The Hodges Fund is comprised of one investment account established for providing nursing scholarships. Related investment income is temporarily restricted until scholarships are appropriated for expenditure by the WellStar Foundation Board. The related donor documents also call for an annual CPI adjustment to the corpus balance each year. The Tranquility Angel Fund consists of 2 separate investment accounts established for providing support to Hospice care patients and supporting functions. Related investment income is classified as temporarily restricted net assets until such amounts are appropriated for expenditure in accordance with the donor's intent.
