Attachment 1 Procedures for Computing Merit Scholarship amounts  
**Procedures for Computing Merit Scholarship Amounts**

The following procedures will be utilized when computing end of the FY Merit Scholarship amounts

1. For each student multiply course hour credits x quality points for grades received. Example: A "B" in a 3 hour credit course = 9 quality points. A=4.0, A-=3.7, B+=3.3, B=3.0, B-=2.7, C+=2.3, C=2.0, C-=1.7, D+=1.3, D=1.0, D-=.70
2. Total the quality points earned per student for the year.
3. If the student is attending a school on the quarter system (generally the Technical Schools,) multiply the total quality points earned by .66 to equalize quarter and semester hours. Example: 82 quarter hours quality points = 53.46 semester hours quality points.  
Note: The .66 conversion factor is what is used by all schools in both the Georgia and SC University systems when students transfer from a school on the quarter system to a school on semester.
4. If a student is attending a Tech school, multiply his/her earned quality points by .60. We have historically granted Tech school scholarships at 60 % of University amounts. Example: A quarter system tech school student earning 81 quarter hours quality points would have 81 hours x .66 = 53.46 (to equate to semester hours) and then 53.46 x .60 = 32.08 adjusted quality points to earn 60% of a full University scholarship amount.
5. Total the quality points earned, (adjusted down where applicable) for all students.
6. Divide the total amount of money available for merit scholarships by the total number of quality points earned by all students. This answer is the amount of money 1 quality point is worth.
7. If, for example, each quality point is worth \$65.97 (as was the case in 2007,) then multiply \$65.97 x number of quality points earned, (again using the adjusted down points where applicable,) by a student during the year and that equals the amount of his merit scholarship.
8. Students graduating before the end of the year are eligible to receive merit scholarship for the grades they received while they were eligible for Brightwell scholarships. Grades must be submitted within two weeks of graduation.
9. Students who are still in school but have received all of their eligible scholarships will receive merit scholarship monies based only on the grades received during their eligibility period. Example: Johnny is on the 7 year program and has received all his 9 1/3 semester scholarship payments will not be eligible to receive merit monies for any grades received after his Brightwell eligibility has expired
