Part III Statement of Program Service AccomplishmentsCheck if Schedule O contains a response to any question in this Part III ☒

- 1** Briefly describe the organization's mission:
PAN North America works to replace hazardous pesticides with ecologically sound, socially just alternatives. As one of five PAN Regional Centers worldwide, we link local and international consumer, labor, health, environment and agriculture groups into a citizens' network that challenges the global proliferation of pesticides, defends basic rights to health and environmental quality, and works to ensure the transition to a just and viable society.
- 2** Did the organization undertake any significant program services during the year which were not listed on the prior Form 990 or 990-EZ? ☐ Yes ☒ No
 If "Yes," describe these new services on Schedule O.
- 3** Did the organization cease conducting, or make significant changes in how it conducts, any program services? ☐ Yes ☒ No
 If "Yes," describe these changes on Schedule O.
- 4** Describe the exempt purpose achievements for each of the organization's three largest program services by expenses. Section 501(c)(3) and 501(c)(4) organizations and section 4947(a)(1) trusts are required to report the amount of grants and allocations to others, the total expenses, and revenue, if any, for each program service reported.

4a (Code:) (Expenses \$ **861,636** including grants of \$ **0**) (Revenue \$ **867,787**)
Campaigns: Pesticide Action Network (PAN) North America builds network power through strategic alliances with other public interest organizations. As the Regional Center of an international network, we facilitate collaboration among more than 150 organizations in North America, linked to some 600 groups in more than 90 countries worldwide. Together, we mount effective joint campaigns achieving bans and restrictions on high-hazard pesticides and promoting sustainable solutions (particularly ecological agriculture, food security, food sovereignty, fair trade, worker protection and social justice). For example, by working through the Stockholm Convention on Persistent Organic Pollutants, in April 2011 we achieved an agreement by 173 countries for a global phaseout of endosulfan, a neurotoxic pesticide. We convened strategy meetings and developed joint policy positions promoting agroecological farming in North America and globally; and we provided technical support and organized campaigns with partner NGOs in Africa, Asia, Latin America and across the U.S., reducing exposure to hazardous pesticide drift and increasing food security.

4b (Code:) (Expenses \$ **626,547** including grants of \$ **0**) (Revenue \$ **334,844**)
Coalitions: At times our campaigns with network partners lead to creation of formal coalitions for which the Organization serves as facilitator, administrator and/or fiscal sponsor, making the coalition technically a project of the Organization. The most significant coalitions sponsored by PAN North America in 2010-2011 were Californians for Pesticide Reform (185 groups across the state, among which the organization is one of the leading members in the policy advocacy work of the coalition); and the International Campaign for Justice in Bhopal (for which PAN hosted operations of the U.S. Coordinator).

4c (Code:) (Expenses \$ **187,085** including grants of \$ **0**) (Revenue \$ **45,000**)
Grassroots Science: The Organization provides environmental monitoring services to communities, including air monitoring (PAN's "Drift Catcher") and water monitoring kits, supported by training, funding, operation of an air sample analysis laboratory and interpretation of results, empowering grassroots groups to advocate for protection from pesticide exposure. We provided research and analysis on pesticide issues to allied groups, especially public exposure to pesticide hazards; and we engage with regulatory bodies on technical matters and provide scientific critiques for regulatory policy-making at state, national and international levels. The Organization maintains a web-based database of pesticide information (www.pesticideinfo.org—toxicity, regulatory status, poisoning symptoms, etc.) and www.WhatsOnMyFood.org, providing information on pesticide residues, their relative hazards, and what people can do to reduce food-borne pesticides.

4d Other program services. (Describe in Schedule O.)
 (Expenses \$ **281,674** including grants of \$ **0**) (Revenue \$ **48,880**)

4e Total program service expenses **1,956,942**

Form 990, Part III: Line 4d. Other program services.

Communications and Membership: Pesticide Action Network North America provided information on pesticide issues—scientific and health studies, agroecological farming, alternatives in pest management and policy analyses—to members, the general public and policy makers, and outreach to the media on these issues. We published online news and operate a daily blog with the latest information on pesticides, alternatives, and environmental health and justice; a quarterly newsletter for members and the public; and extensive web-based information services including local, national and international policy documents; data and analysis from our community air and water monitoring projects; and resources for pest management without the use of highly hazardous chemical products and systems. We also provided individual members, partner organizations, and coalitions with opportunities and support to participate in public interest campaigns via action alerts, petitions, litigation and local projects.

Form 990: Part VI, Section A, Line 4. Change in Governing Documents.

Members of the Board and the key employees of Pesticide Action Network are asked each year directly to confirm in writing that they are aware of our conflict of interest policy and that they are in compliance. In addition, the finance staff is instructed to review any payments to key employees, board and associated entities to ensure that there are no conflict of interest problems.

Form 990: Part VI, Section B, Line 15. Determining Compensation.

Each year (June 2011 most recently) the organization's Management Oversight Committee reviews comparable data on compensation of executive officers in northern California, and submits a written recommendation on executive compensation for the coming fiscal year, citing such data, to the full Board of Directors.
