form 990 review process	part vi, section b, line 11a	The University's process involving the distribution and review of the Form 990 is as follows: the final complete Form 990 is distributed to the University's Audit Committee of the Board prior to its filing with the Internal Revenue Service. A full review of the entire Form 990 is reviewed and discussed with each Board of Trustee member that serves on the full Board of Trustee appointed Audit Committee of the Board. After full review and discussion of information reflected in the Form 990, the Committee accepts the document and approves its filing to the Internal Revenue Service. The Form 990 is then signed by the University's Chief Financial Officer and electronically filed to the Internal Revenue Service. A presentation is provided by the Audit Committee of the Board to the full Board of Trustees summarizing the results of their review. While the June 30, 2011 Form 990 was reviewed and accepted by the Audit Committee of the Board prior to the filing with the Internal Revenue Service, copies of the final June 30, 2011 Form 990 will be mailed to the full Board of Trustees prior to filing.

written conflict of interest policy	part vi, section b, line 12c	The university monitors and enforces its conflict of interest policy on a continuous basis that involves consideration of all potential interested persons. A comprehensive review and discussion of the adopted policy is held annually with all university board of trustee members. At this meeting, the university's legal counsel reviews in detail the current policy to assure understanding and compliance with the disclosure process. Board members are required to submit necessary disclosure forms indicating whether a conflict exists, and if yes, all related details involving the potential conflict. An independent review of the disclosure forms is performed by the university's legal counsel, and if necessary, follow up requests for additional information is made. Throughout the year, at board of trustee meetings, university's legal counsel monitors compliance by referencing the conflict of interest policy and communicates required steps to be taken in the event of a potential conflict of interest that may arise at any time. This process includes the university's officers as well. For key employees, meetings are held at the dean's council and operations group level that discuss the details of the conflict of interest policy and the necessary steps to be taken to disclose and report any potential conflicts. For potential transactions, agreements, and affiliations, etc. that may involve any university employee, a thorough review is conducted by university's legal counsel and other members of executive management. In the event of any potential conflict of interest exposure, required information is requested and reviewed on an independent basis. The interested person is excused from participating in any discussion or decisions that involve the outcome of any related transactions. In addition, during the employee orientation process, the university requires all new employees to review the conflict of interest policy and complete a conflict of interest disclosure form. If any potential conflicts of interests are disclosed, a complete review of information is completed by university's legal counsel to determine the nature, if any, of potential financial interests. If any conflict of interest is disclosed, then documentation is prepared outlining the nature of the conflict, discussions held with those involved in the conflict, steps taken to remove activities causing the conflict, and future follow up and monitoring of the potential conflict activity.

Identifier	Return Reference	Explanation
determination of compensation	part vi, section b, lines 15a and 15b	The annual determination and approval of the compensation for the CEO of the University is made by the Executive Compensation Committee of the Board and the full Board of Trustees. The University's Officers compensation is determined by the CEO and approved by the Executive Compensation Committee of the Board and full Board of Trustees. The key employees' compensation levels are determined by their respective supervisors and approved by the Executive Compensation Committee of the Board. Although the University's Board of Trustees has given full authority to the Executive Compensation Committee of the Board to approve key employee compensation, a full review of these compensation levels is conducted annually prior to the employee's receipt of approved compensation. On an annual basis, the Executive Compensation Committee of the Board conducts a meeting to review proposed compensation levels for the University's CEO, Officers, and key employees. This process includes the hiring of an independent consultant that has a comprehensive understanding and ability to assess reasonable compensation levels for highly compensated employees in the higher education industry. The independent consultant advises the Committee on issues such as economic conditions, comparable salaries, character and condition of the University, employees' role in the University, prevailing rates of compensation for comparable positions in comparable organizations, etc. The independent report discloses what is considered reasonable compensation and maximum allowable compensation. The Committee also reviews internally prepared employee performance and qualification evaluations to assess value and benefit to the University. After a thorough review and discussion of all types of compensation and benefits being proposed for all officers and key employees, the Committee determines the reasonableness of compensation levels. Once it is assured that the Committee is composed entirely of individuals who do not have a conflict of interest and are unrelated to the subject employees, and information supporting the compensation data is independent and appropriate, the Committee formally approves and documents its determination of the compensation amounts. Documentation of this Committee process includes the terms of the transaction that was approved and the date approved. It also discloses Committee members present, as well as actions taken by anyone on the Committee in the event of a conflict of interest. The information and decisions made by the Committee are then forwarded to the full Board of Trustees for acceptance and approval.
