Sustainability Training; Health & Hygiene Training; Twelve-Month

Monitoring and Evaluation; and a Ministry Plan.

One significant project is Project SafeWater Colon, a multi-year, \$4.6

million project serving the residents of Colon, Honduras. Since 2007

through November 2011, Water Missions International has installed 172

community safe water projects and 13,965 Healthy Latrines. Through

these installations, Water Missions International has been able to

provide access to safe water for approximately 290,000 people in Colon,

Honduras. In 2009, a team of researchers traveled to Colon, Honduras to

conduct a health impact study associated with Project SafeWater Colon.

The study showed that there was "an approximate 52% reduction of

clinical visits for diarrheal diseases in the 34 months after the

community water system became fully operational." Also for those

receiving safe water and safe water with sanitation facilities, based

on the 2010 study results, "communities where Water Missions

International had intervened with safe drinking water and community

development programs showed a six fold decrease in parasite levels over

those with no intervention."

In addition to the SafeWater Colon Project, a new initiative began in

2011 called Water for Africa. Water for Africa began as an initiative

with a partner organization, Water for Life International, to provide

sustainable safe water to more than a million people in sub-Saharan

Africa. The project includes a Health Impact Study and will serve safe

Form 990, Part III, Line 4d, Other Program Services:

Advocacy:

Water Missions International has initiated three advocacy and

awareness initiatives that include Lessons in a Bucket, Walk in a

Bucket, and the Ambassadors Program.

a. "Lessons in a Bucket" is a curriculum program for schools and youth

groups that educate children on the global water crisis and water

consumption. In 2011, planning began with the development of materials

and resources by a group of volunteers. The following year will see the

implementation of the project amongst K-6 grade classes with interested

schools.

b. "Walk in a Bucket" has launched across the country to raise

awareness for the global water crisis and Water Missions International

solutions, as well as raise funds for safe water projects. Every day

millions of women and children in developing countries walk nearly 4

miles to retrieve water to meet their family's daily needs. In most cases, even after all that effort, the water they have access to is unsafe and contaminated. A "Walk in a Bucket" Walk for Water can mimic that trek, as organizers invite participants to carry buckets of water along the walk route while bringing an increased awareness of the global water crisis through the provided materials. Planning was underway in 2011, and Walks will be implemented in 2012.

c. The "Ambassador" speaking program was established to raise awareness for the global water crisis, garner for advocates, and draw together supporters for Water Missions International. The "Ambassadors" are volunteers who participate in various speaking engagements and presentations throughout the year. Materials were developed and the volunteers have a collection of resources to utilize during presentations, including a video and handout materials.
