| SchD_P05_S00_L04  | Schedule D, Part V, Line 4     | Endowment funds are used by the organization to fund capital projects for its affiliated 501(c)(3) hospitals and reimbursement for approved operational expenses by these hospitals that are in accordance with written endowment agreements. The endowment policy of the organization limits annual spending to 5% of the accumulated contributions by the donor and accumulated investment earnings of the endowment.                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                  |
| SchD_P10_S00_L02  | Schedule D, Part X, Line 2     | The organization was included in the consolidated audited financial statements of Baptist Health System, Inc. and Subsidiaries (in thousands). Deferred income taxes, which as of September 30, 2011 and 2010, have no net carrying value, reflect the net tax effect of temporary differences between the carrying amounts of assets and liabilities for financial reporting and the amounts used for income tax purposes. As of September 30, 2011 and 2010, Baptist Health System, Inc. (BHS), the parent affiliate of Baptist Health System Foundation, Inc. (BHF), had deferred tax assets of \$15,901 and \$16,536, respectively, relating principally to net operating loss carryovers. ASC 740-10-50-3, Income Taxes - Disclosure, requires a valuation allowance to reduce the deferred tax assets reported if, based on the weight of the evidence, it is more than likely than not that some portion or all of the deferred tax assets will not be realized. After consideration of all the evidence, both positive and negative, management determined that a \$15,901 and \$16,536 allowance at September 30, 2011 and 2010, respectively, was necessary to reduce the deferred tax asset to the amount that would more likely than not be realized. The change in the valuation allowance for the current year is \$635. At September 30, 2011, BHS has available net operating loss carryforwards of \$42,255, of which \$1,147 expires at the start of fiscal year 2012. |

| F990_P06_S0B_L15 | Form 990,<br>Part VI,<br>Section B,<br>Line 15 | <p>In accordance with the Executive Compensation policy of Baptist Health System, Inc (BHS), the organization's sole corporate member, BHS's Compensation Committee (made up of independent directors of BHS) engages annually a third party compensation consultant who provides a database comprised of current data regarding compensation paid for each executive position by similarly situated tax exempt health systems in the country. These health systems are generally the same size as BHS, considering revenue and other appropriate indicators. The group of comparator companies that is derived based on the above stated parameters comprise the "Market". When the Committee meets with such consultant, the consultant provides to Committee members target levels that are competitive with the Market. Generally, the median of the Market is targeted. The actual amount that health system executives receive as compensation may be higher or lower than the median, depending on the health system and the individual's performance. The objective is to have a strong link between health system and individual's performance and executive compensation such that if the health system and the individual perform at an optimal level, his or her compensation is in the higher range of the Market. Conversely, if either health system or individual performance is below expectation, compensation may be in the lower range of the Market. The minutes of the annual Compensation Committee minutes are recorded by the Committee's compensation consultant and are approved promptly by the Chair of such Committee.</p> |
