REPORT OF INDEPENDENT AUDITORS

To the Board of Trustees
Yakima Valley Memorial Hospital Association and Subsidiaries

We have audited the accompanying consolidated balance sheets of Yakima Valley Memorial Hospital Association and Subsidiaries (the Hospital) as of October 31, 2011 and 2010, and the related consolidated statements of operations, changes in net assets, and cash flows for the years then ended These consolidated financial statements are the responsibility of the Hospital's management Our responsibility is to express an opinion on these consolidated financial statements based on our audits

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the consolidated financial statements are free of material misstatement An audit also includes consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Hospital's internal control over financial reporting Accordingly, we express no such opinion An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall consolidated financial statement presentation We believe that our audits provide a reasonable basis for our opinions

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the consolidated financial position of Yakima Valley Memorial Hospital Association and Subsidiaries as of October 31, 2011 and 2010, and the consolidated changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America

In accordance with *Government Auditing Standards*, we have also issued our report dated January 16, 2012, on our consideration of the Hospital's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit

Our audits were conducted for the purpose of forming an opinion on the basic consolidated financial statements taken as a whole The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U S Office of Management and Budget (OMB) Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic consolidated financial statements Such information has been subjected to the auditing procedures applied in the audit of the basic consolidated financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic consolidated financial statements taken as a whole

SCHEDULE OF NONCASH INVESTING AND FINANCING ACTIVITIES

The Hospital purchased $409,490 and $775,509 of property and equipment at October 31, 2011 and 2010, respectively, which was included in accounts payable

Note 1 - Description of Operations

Yakima Valley Memorial Hospital Association and Subsidiaries (the Hospital) is accredited by the Joint Commission and operates a licensed 226-bed acute-care hospital delivering health care services in Yakima, Washington The Hospital is a not-for-profit, non-sectarian institution governed by a Board of Trustees selected from the community

Note 2 - Summary of Significant Accounting Policies

Principles of Consolidation - The accompanying consolidated financial statements include the accounts of Yakima Valley Memorial Hospital Association, the Yakima Valley Memorial Hospital Charitable Foundation, and three wholly-owned subsidiaries, Memorial Physicians, PLLC, Valley Imaging, and Signal Health All significant intercompany transactions have been eliminated

Cash and Cash Equivalents - For purposes of the consolidated statement of cash flows, the Hospital considers all highly liquid investments with initial maturity dates of three months or less as cash and cash equivalents, except for amounts whose use is limited by Board designation, indenture agreements, or third-party payors

Contributions Received - Contributions received, including property or investments, are recorded as unrestricted, temporarily restricted, or permanently restricted support and net assets depending on the existence and/or nature of any donor restrictions

Financial Statement Presentation - The Hospital is required to report information regarding its financial position and activities according to three classes of net assets unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets Net assets are classified based on the existence or absence of donor-imposed restrictions as follows

> **Unrestricted net assets** - Net assets that are not subject to donor-imposed stipulations
>
> **Temporarily restricted net assets** - Net assets subject to donor-imposed stipulations that may or will be met, either by actions of the Hospital and/or the passage of time When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from donor restrictions
>
> **Permanently restricted net assets** - Net assets subject to donor-imposed stipulations that they be maintained permanently by the Hospital Generally the donors of these assets permit the Hospital to use all or part of the income earned on any related investments for general or specific purposes

Donor-Restricted Gifts - Unconditional promises to give cash and other assets to the Hospital are reported at fair value at the date the promise is received Conditional promises to give and indications of intentions to give are reported at fair value at the date the gift is received The gifts are reported as either temporarily or permanently restricted support as discussed above Donor-restricted contributions whose restrictions are met within the same year as received are reported as unrestricted contributions in the accompanying consolidated financial statements

Gifts of long-lived assets such as property and equipment are reported as unrestricted donations, unless explicit donor stipulations specify how the donated assets must be used Gifts of long-lived assets with explicit restrictions that specify how the assets are to be used and gifts of cash or other assets that must be used to acquire long-lived assets are reported as temporarily or permanently restricted donations Absent explicit donor stipulations about how long those long-lived assets must be maintained, expirations of donor restrictions are reported when the donated or acquired long-lived assets are placed in service

Note 2 - Summary of Significant Accounting Policies (continued)

Temporarily restricted net assets are available for the following purpose or periods

	2011	2010
Unrestricted purposes subsequent to the dissolution of Charitable Trusts	$ 29,285	$ 121,198
Unrestricted purposes subsequent to the dissolution of Gift Annuities	38,970	72,917
Dumas Endowment	254,050	151,812
Bergen Fund for Women	751,022	757,252
Children's Village capital campaign	1,399,613	1,756,504
Hospice Building Fund	2,051,890	248,403
Other programs, primarily related to children's health, equipment purchases, and other specific patient health needs	2,482,484	2,163,383
	$ 7,007,314	$ 5,271,469

Permanently restricted net assets are restricted to investment in perpetuity, the income from which is expendable for unrestricted purposes

	2011	2010
Nova Endowment	$ 212,685	$ 212,685
Cram Endowment	100,000	100,000
	$ 312,685	$ 312,685

Net assets were released from donor restrictions by incurring expenses for various specified children's programs which satisfy the restricted purpose

Financial Statement Estimates - The preparation of consolidated financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities, if any, at the date of the consolidated financial statements and the reported amounts of revenues and expenses during the reporting period Actual results could differ from those estimates

Excess (Deficiency) of Revenues Over Expenses - The consolidated statement of operations includes excess (deficiency) of revenues over expenses Changes in net assets which are excluded from excess (deficiency) of revenues over expenses, consistent with industry practice, include rental income, other expense (including non-operating depreciation, rental expenses, and wholly-owned subsidiary activity that is considered non-operating for the Hospital), unrealized gains and losses on investments other than trading securities, permanent transfers of assets to and from affiliates for other than goods and services, and contributions of long-lived assets (including assets acquired using contributions which by donor restriction were to be used for the purposes of acquiring such assets)

Note 2 - Summary of Significant Accounting Policies (continued)

Net Patient Service Revenue – The Hospital has agreements with third party payors that provide for payments to the hospital at amounts different from its established rates Payment arrangements include prospectively determined rates per discharge, reimbursed costs, discounted charges, and per diem payments Net patient service revenue is reported at the estimated net realizable amounts from patients, third-party payors, and others for services rendered, including estimated retroactive adjustments under reimbursement agreements with third-party payors Retroactive adjustments are accrued on an estimated basis in the period the related services are rendered and adjusted in future periods as final settlements are determined

Charity Care - The Hospital provides care to patients who meet certain criteria under its charity care policy without charge or at amounts less than its established rates Because the Hospital does not pursue collection of amounts determined to qualify as charity care, they are not reported as revenue

Investments - Investments in equity securities with readily determinable fair values and all investments in debt securities are measured at fair value in the consolidated balance sheet Investment income or loss (including realized gains and losses on investments, interest, and dividends) is included in the excess (deficiency) of revenues over expenses unless the income or loss is restricted by donor or law Unrealized gains and losses on investments are excluded from the excess (deficiency) of revenues over expenses

Assets Limited as to Use - Assets limited as to use include assets held by the Board of Trustees for capital improvements over which it retains control and may at its discretion subsequently use for other purposes, assets set aside in accordance with agreements with third-party payors, and assets held by a trustee under an indenture agreement Amounts required to meet current liabilities of the Hospital have been reclassified as current in the balance sheet at October 31, 2011 and 2010

Estimated Malpractice Costs - The provision for estimated medical malpractice claims includes estimates of the ultimate costs for both reported claims and claims incurred but not reported

Patient Accounts Receivable - Patient accounts receivable arising from revenue for services to patients are reduced by an allowance for uncollectible accounts and contractual allowances based on experience, third-party contractual reimbursement arrangements, and any unusual circumstances which may affect the ability of patients to meet their obligations Accounts deemed uncollectible are charged against this allowance

Property and Equipment - Property and equipment acquisitions are recorded at cost Depreciation is provided over the estimated useful life of each class of depreciable assets and is computed on the straight-line method Equipment under capital lease obligations is amortized on the straight-line method over the shorter period of the lease term or the estimated useful life of the equipment Such amortization is included in depreciation and amortization in the financial statements The Hospital's policy is to capitalize property and equipment that cost a minimum of $1,000 for a single item and for a group of like items with a useful life of at least three years

Federal Income Tax - The Hospital is a not-for-profit corporation and has been recognized as tax exempt pursuant to Section 501(c)(3) of the Internal Revenue Code (IRC) The Hospital is exempt from federal income tax under Section 501(c)(3) of the IRC except to the extent of unrelated business taxable income as defined under IRC Sections 511 through 515 Effective November 1, 2009, the Hospital has adopted accounting for uncertain tax positions The accounting standard prescribes a recognition threshold and measurement process for uncertain tax positions The Hospital had no uncertain tax positions as of October 31, 2011 and 2010 requiring accrual

Note 2 - Summary of Significant Accounting Policies (continued)

Hospital Safety Net Assessment - During 2010, the Washington State Legislature passed an act imposing a hospital safety net assessment fee on hospital facilities based on non-medicare patient days and authorized the Department of Social and Health Services to collect and deposit fees in a dedicated account for funding increases in Medicaid payments to Washington hospitals The dedicated account received an appropriation from a federal fund to match the state revenue collected through the assessment fee, thereby providing increased Medicaid reimbursement for Washington hospitals in the state fiscal years ending June 30, 2009 through June 30, 2013

The Hospital recorded assessment payments of approximately $8,000,000 for the fiscal year as an operating expense The increased Medicaid funding is remitted through increased reimbursement rates and totaled approximately $5,000,000 The Hospital estimates approximately $4,000,000 remains to be received and is recorded in estimated third-party payor settlements receivable

Functional Expenses - The Hospital provides general health care services to residents within its geographic location Expenses related to providing these services are as follows

	2011	2010
Health care services	$ 303,561,779	$ 299,917,974
General and administrative	37,331,731	38,084,606
	$ 340,893,510	$ 338,002,580

Donated Services - A substantial number of volunteers donate significant amounts of time to the Hospital's program activities No dollar amounts have been reflected in the accompanying statements for these services since the services do not require specialized skills and would typically not be purchased if not provided by donation

Subsequent Events - Subsequent events are events or transactions that occur after the consolidated balance sheet date but before financial statements are available to be issued The Hospital recognizes in the consolidated financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the consolidated balance sheet, including the estimates inherent in the process of preparing the consolidated financial statements The Hospital's consolidated financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the consolidated balance sheet but arose after the consolidated balance sheet date and before consolidated financial statements are available to be issued

The Hospital has evaluated subsequent events through January 16, 2012, which is the date the consolidated financial statements were issued, and concluded that there were no events or transactions that need to be disclosed

Note 3 - Net Patient Service Revenue

The Hospital has agreements with third-party payors that provide for payments to the Hospital at amounts different from its established rates A summary of the payment arrangements with major third-party payors follows

- **Medicare** - Inpatient acute care services rendered to Medicare program beneficiaries are paid at prospectively determined rates These rates vary according to a patient classification system that is based on clinical, diagnostic, and other factors Outpatient Hospital services to Medicare beneficiaries are paid under either a prospective payment system or fee schedule For those items for which the Hospital is reimbursed on a cost basis, the Hospital is paid a tentative rate with final settlement determined after submission of annual cost reports by the Hospital and audits thereof by the Medicare contractor The Hospital's Medicare cost reports have been audited by the Medicare contractor through 2008 The Hospital's classification of patients under the Medicare program and the appropriateness of their admission are subject to an independent review by a peer review organization Net revenue billed under the Medicare program totaled approximately $116,432,425 and $111,668,549 for 2011 and 2010, respectively

- **Medicaid** - Inpatient acute care services rendered to Medicaid program beneficiaries are paid on a prospective payment system similar to Medicare Outpatient services are paid on a percent of allowed charges based on a ratio of the Hospital's operating expenses to total revenue for outpatient services Services rendered to Healthy Options Medicaid participants are paid based on discounted fee-for-service charges for outpatient services and predetermined rates per inpatient admission Net revenue billed under the Medicaid program totaled approximately $62,488,159 and $57,100,813 for 2011 and 2010, respectively

- **Other third-party payors** - Inpatient services rendered to certain third-party payors are reimbursed at prospectively determined rates per admission under a Preferred Hospital Agreement The prospectively determined rates are not subject to retroactive adjustment Generally, outpatient services are paid on an agreed upon percentage of the Hospital's established rates However, certain outpatient services are paid on an agreed-upon fee schedule

  The Hospital has also entered into payment agreements with other commercial insurance carriers and preferred provider organizations The basis for payment to the Hospital under these agreements includes prospectively determined rates per discharge, discounts from established charges and prospectively determined daily rates

A summary of gross and net patient service revenue is as follows

	2011	2010
Gross patient service revenue	$ 582,687,989	$ 563,328,862
Contractual adjustments and other	(291,032,060)	(276,903,555)

A portion of the Foundation's investments result from deferred-giving vehicles subject to split-interest agreements Two different types of agreements are currently maintained charitable gift annuities and charitable remainder unitrusts

Charitable gift annuities are unrestricted irrevocable gifts under which the Foundation agrees in turn to pay a life annuity to the donor, or to a designated beneficiary The contributed funds and the attendant liabilities immediately become part of the general assets and liabilities of the Foundation Charitable remainder unitrust gifts are time-restricted contributions not available to the Foundation until after the death of the donor, who, while living, receives an annual payout from the trust based on a fixed percentage of the market value of the invested funds on October 31 of each year

The Foundation values deferred gifts of cash at face value and investments at market value Contribution values are discounted on the basis of actuarial data contained in a software program commonly used by not-for-profit organizations Discount rates are employed to determine the net present value of both contributions and liabilities pertaining to these deferred-giving arrangements

As an issuer of charitable gift annuities, Washington State requires that the Foundation has and maintains minimum unrestricted net assets of $500,000 Unrestricted net assets mean the excess of total assets over total liabilities that are neither permanently restricted nor temporarily restricted by donor-imposed stipulations

Note 10 - Restricted Cash, Investments, Charitable Trusts, and Charitable Gift Annuities (continued)

Charitable trusts represent the assets of two charitable remainder unitrusts which have been contributed to the Foundation The trust assets are not currently available to be used by the Foundation and this is indicated by the recording of temporarily restricted net assets and the related deferred liabilities Each trust pays an annuity back to the donor based on a fixed percentage of the trust's assets as measured at fair market value on the first day of each trust year The present value of these annuities is recorded as a deferred liability based on the estimated remaining life of the annuitant(s) and using the applicable discount rate

When conditions under the trust have been met, the trust assets will be available to be used by the Foundation in accordance with the donor's wishes One of these trusts requires distributions to other organizations Under the terms of this trust, the Foundation is required to distribute one-third (1/3) of the accumulated trust assets at the date of the death of the successor beneficiary to Enterprise for Progress in the Community (EPIC) and one-third (1/3) of the accumulated trust assets at the date of death of the successor beneficiary to the Living Care Nursing Home These amounts are recorded as liabilities by the Foundation

Note 11 - Fair Value of Assets

Fair value is defined as the price that would be received to sell an asset in an orderly transaction between market participants at the measurement date Fair value also establishes a hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value There are three levels of inputs that may be used to measure fair value

Level 1 - Quoted prices in active markets for identical assets

Level 2 - Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities, quoted prices in active markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets

Level 3 - Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets

The following is a description of the valuation methodologies used for instruments measured at fair value on a recurring basis and recognized in the accompanying consolidated balance sheet, as well as the general classification of such instruments pursuant to the valuation hierarchy

Available-for-Sale Securities

Where quoted market prices are available in an active market, securities are classified within Level 1 of the valuation hierarchy If quoted market prices are not available, then fair values are estimated by using pricing models, quoted prices of securities with similar characteristics, or discounted cash flows are classified within Level 2 of the valuation hierarchy In certain cases where Level 1 or Level 2 inputs are not available, securities would be classified within Level 3 of the hierarchy There were no Level 3 investments as of October 31, 2011 and 2010 The Hospital's policy is to recognize transfers in and transfers out as of the actual date of the event or change in circumstances causing the transfer

Note 11 - Fair Value of Assets (continued)

The following tables present the fair value measurements of assets recognized in the accompanying consolidated balance sheet measured at fair value on a recurring basis and the level within the fair value hierarchy in which the fair value measurements fall at October 31, 2011 and 2010

Note 12 - Investment in Partnership

The Hospital and Central Washington Comprehensive Mental Health (CMH) have a joint venture, Garden Village While the Hospital contributed approximately 76% of the assets to the Garden Village partnership, the Hospital and CMH agreed to continue to operate as equal partners The Hospital's investment in the Garden Village partnership was $2,431,219 and $2,360,303 at October 31, 2011 and 2010, respectively The investment is included in other assets in the consolidated balance sheet

A net gain from operations of $70,916 was recognized at October 31, 2011 and a net loss of $148,887 was recognized for the year ended October 31, 2010 These balances are included in other non-operating expense in the consolidated statement of operations

Note 13 - Lines of Credit

The Hospital has a revolving note with Key Bank providing for a maximum borrowing of $12,000,000. This note was entered into on April 29, 2011, is unsecured as defined by the loan agreement, and bears interest at prime plus 25%. There was no outstanding balance on the line of credit at October 31, 2011.

The Hospital has an express line of credit with Morgan Stanley Smith Barney for a maximum borrowing of $9,800,000. The note was entered into on March 22, 2010 and is secured by the Hospital's investments held at Morgan Stanley Smith Barney. The line of credit bears interest at 3.5% at October 31, 2011. There was an outstanding balance of $9,000,000 with accrued interest of $178,112 at October 31, 2011.

The Washington Health Care Facilities Authority (the Authority) issued $48,555,000 in special obligation, Series 1996 Revenue Bonds, and loaned the proceeds to the Hospital The Series 1996 Bonds are payable solely from payments made by the Hospital due through December 1, 2020 in principal payments ranging from $2,000,000 to $3,330,000 annually and interest ranging from 5 00% to 6 00% The 1996 Bonds are collateralized by an interest in the Hospital's gross receivables, gross receipts, equipment, a deed of trust in property, and by funds held by the trustee under the bond indenture agreement

The Washington Health Care Facilities Authority (the Authority) issued $20,000,000 in special obligation revenue bonds, Series 2002, dated November 1, 2002, and loaned the proceeds to the Hospital The Series 2002 Bonds are payable solely from payments made by the Hospital, due through December 1, 2027 in principal payments ranging from $655,000 to $1,580,000 annually and interest ranging from 4 00% to 5 375% The 2002 bonds are collateralized by an interest in the Hospital's gross receivables, gross receipts, equipment, a deed of trust in certain property, and by funds held by the trustee under the Trust Indenture dated March 7, 1996 and the Supplemental Trust Indenture No 1 dated November 1, 2002

Note 14 - Long-Term Debt (continued)

The Bond Loan and Security Agreements and the Trust Indentures for both bond issuances contain restrictive covenants which require, among other matters, that the Hospital maintain minimum debt service coverage and cushion ratios The Hospital is also required to maintain certain deposits with a trustee Such deposits are included with assets whose use is limited

During 1996, the Hospital received an unrestricted contribution of a commercial building valued at $1 1 million In return, the Hospital agreed to pay a charitable gift annuity to the donor of $5,500 per month for the remainder of the donor's life The value of the building in excess of this liability was recorded as an unrestricted contribution

Principal maturities of long-term debt are as follows

2012	$ 4,545,000
2013	3,465,000
2014	3,590,000

	$ 1,952,834

The leases are classified as capital lease obligations for financial statement purposes, with interest at annual implicit rates of 4 09% and 4 12%, respectively

Note 16 - Pension Plan

The Hospital has a non-contributory defined benefit pension plan covering substantially all employees hired before May 31, 2008 The plan calls for benefits to be paid to eligible employees at retirement based primarily upon years of service with the Hospital and compensation rates throughout the employment period Contributions to the plan reflect benefits attributed to employees' services to date, as well as services expected to be earned in the future Plan assets consist primarily of common and preferred stock, investment-grade corporate bonds, and U S Government obligations Plan information is presented utilizing the projected unit credit method

Effective December 31, 2011, the Hospital will freeze pension benefits for all active union participants (subject to collective bargaining) The plan was frozen for all active non-union participants effective December 31, 2010

As of October 31, 2011 and 2010, the Hospital recorded non-operating revenue of $339,535 and $8,472,636, respectively, in pension related changes other than net periodic pension cost on the consolidated statement of operations

Accumulated benefit obligation	116,585,563	104,197,505
Fair value of plan assets	87,036,274	79,063,744

The Hospital uses a "building block" approach to determine the expected rate of return on plan assets assumption for the pension plan

This approach analyzes historical long-term rates of return for various investment categories, as measured by appropriate indexes The rates of return on these indexes are then weighted based upon the percentage of plan assets in each applicable category to determine a composite expected return

The Hospital reviews its expected rate of return assumption annually However, this is considered to be a long-term assumption and hence not anticipated to change annually unless there are significant changes in economic and market conditions

The Hospital's pension plan weighted-average asset allocations at October 31 by asset category are as follows

	2011	2010
Asset category		
Equity securities	55%	57%
Debt securities	41%	39%
Real estate	4%	4%
	100%	100%

The Hospital has adopted an investment policy for the pension plan that incorporates a strategic, long-term asset allocation mix designed to best meet the Hospital's long-term pension obligations

Note 16 - Pension Plan (continued)

Plan fiduciaries set the investment policies and strategies for the pension plan This includes the following

- Selecting investment managers
- Setting long-term and short-term target asset allocations
- Reviewing the target asset allocations on a periodic basis, and if necessary, making adjustments based on changing economic and market conditions
- Monitoring the actual asset allocations, and when necessary, rebalancing to the current target allocation

The Hospital's target asset allocation as of October 31, 2011 was 50%-60% equity securities, 30%-40% debt securities, 0%-5% real estate, and 0%-5% other investments

The investment policy emphasizes the following key objectives

- Maintain a diversified portfolio among various asset classes and investment managers
- Invest in a prudent manner for the exclusive benefit of plan participants
- Preserve the funded status of the plan
- Balance between acceptable level of risk and maximizing returns
- Maintain adequate control over administrative costs
- Maintain adequate liquidity to meet expected benefit payments

The Hospital expects to contribute $5,200,000 to its pension plan in 2012

The following benefit payments, which reflect expected future service, as appropriate, are expected to be paid

2012	$ 4,170,000
2013	4,719,000
2014	5,202,000
2015	5,671,000
2016	6,084,000
2017 - 2021	35,902,000

Effective May 31, 2008, all active defined benefit pension plan participants were given a one-time choice to either receive future benefit accruals under an enhanced 401(k) plan or remain in the defined benefit pension plan For those participants who elected the enhanced 401(k) plan, benefit accruals under the defined benefit pension plan were frozen as of May 31, 2008 All new employees hired after May 31, 2008 are not eligible to participate in the defined benefit pension plan However, in addition to being eligible to participate in the standard 401(k) plan, they are also eligible for an employer non-elective contribution of 5% of their adjusted compensation as a participant in the enhanced 401(k) Plan Employer non-elective contributions are also provided for participants whose defined benefit pension plan was frozen

Note 17 - Employee Benefit Plans

The Hospital had a 403(b) tax-deferred annuity plan covering all employees who had elected to participate and who have met certain employment and age requirements The basic contribution provisions allowed an employee to contribute a portion of total compensation up to statutory limits The Hospital's contribution was determined by the Board of Trustees, not to exceed 3% of the employee's compensation Employer match amounts were paid monthly

The Hospital adopted a new 401(k) plan effective October 1, 2004 The 403(b) plan still exists, however the plan was amended to indicate that Hospital matching contributions would not be allowed for contributions to the 403(b) accounts after implementation of the 401(k) plan

The 401(k) plan covers all employees who have elected to participate and who have met certain employment and age requirements The basic contribution provisions allow an employee to contribute a portion of total compensation up to statutory limits The Hospital's contribution is determined by the Board of Trustees, not to exceed 3% of the employee's compensation Employer match amounts are paid monthly

The Hospital recorded plan expense of $1,382,998 and $1,256,373 in 2011 and 2010, respectively, for the two plans described above

The Hospital has a deferred compensation plan in place for certain eligible members of management The purpose of the plan is to provide retirement income to participants equal to 75% of their highest annual compensation Benefits included in the 75% calculation are the base salary plus any amounts designated as a TSA bonus or 401(k) bonus These benefits are paid in a single lump sum at the participant's retirement date A participant is not required to terminate employment on the retirement date

The Hospital has a segregated account set up to fund the plan Total plan assets are approximately $1,140,000 and $1,500,000 as of October 31, 2011 and 2010, respectively The Hospital makes payments into the plan quarterly based on a calculation prepared by a third party administrator who estimates future deferred compensation payments The Hospital has estimated a liability, which is included in other liabilities of $4,448,991 and $5,202,776 for this plan as of October 31, 2011 and 2010, respectively The Hospital recorded plan expense of $974,304 and $1,224,225 in 2011 and 2010, respectively

Note 18 - Self-Insured Plans

Health and Dental - The Hospital has a self-insured dental plan for its employees Further, the Hospital has established an Employee Self-Funded Health Care Plan The Hospital has stop-loss coverage through an insurance company which provides coverage for employee claims in excess of the $175,000 individual first tier and $100,000 aggregated second tiered deductibles The health and dental plan expense totaled $17,018,997 and $16,506,264 in 2011 and 2010, respectively

Workers' Compensation - The Hospital has a self-insured workers' compensation plan for its employees The Hospital pays its share of actual injury claims, maintenance of reserves, administrative expenses, and reimbursement premiums Workers' compensation expense totaled $1,436,294 and $1,182,982 in 2011 and 2010, respectively

Unemployment - The Hospital has a self-insured unemployment plan for its employees The Hospital pays its share of actual unemployment claims, maintenance of reserves, and administrative expenses

Note 19 - Estimated Malpractice Costs

The Hospital has malpractice insurance through Lexington Insurance Co (LIC) and Homeland Security Company of New York (HSCNY) The Hospital is self-insured for medical malpractice insurance claims up to $500,000 per incident LIC and HSCNY provide claims-based malpractice insurance coverage which covers only asserted malpractice claims over the self-insurance limits The primary policy with LIC has a $1,000,000 per incident limit with a $3,000,000 annual policy aggregate limit The excess policy has a $9,000,000 annual policy aggregate limit for claims made retroactive to July 1, 1985 Effective July 1, 2006, the excess annual policy aggregate limit was increased to $19,000,000 Effective July 1, 2006, the Hospital purchased an additional excess policy through HSCNY that has a $5,000,000 per incident limit with a $5,000,000 annual policy aggregate limit The Hospital recognizes expenses associated with unasserted malpractice claims in the period in which the incidents are expected to have occurred rather than when a claim is asserted Expenses associated with these incidents are estimated and based on actuarial assumptions of current settlement costs

Note 20 - Related Party

Joint Residency Program - The Hospital continues to support the joint residency program operated by Community Health of Central Washington The Hospital incurred approximately $1,213,895 and $1,144,460 of expenses related to the program in 2011 and 2010, respectively

Note 21 - Fair Value of Financial Instruments

The following methods and assumptions were used by the Hospital in estimating the fair value of its financial instruments

a) **Cash and cash equivalents** - The Hospital maintains its cash and cash equivalent accounts, which at times may exceed federally insured limits, at financial institutions The carrying amount reported in the consolidated balance sheet for cash and cash equivalents approximates fair value

b) **Investments and assets whose use is limited** - The carrying amount reported in the consolidated balance sheet approximates fair value as determined by reference to quoted market prices if available or estimated using quoted market prices for similar securities

c) **Accounts payable and accrued expenses** - The carrying amount reported in the consolidated balance sheet for accounts payable and accrued expenses approximates its fair value

d) **Estimated third-party payor settlements** - The carrying amount reported in the consolidated balance sheet for estimated third-party payor settlements approximates its fair value

e) **Long-term debt** - Fair values of the Hospital's bonds are based on current traded value The fair value of the Hospital's remaining long-term debt is estimated using discounted cash flow analyses, based on the Hospital's current incremental borrowing rates for similar types of borrowing arrangements

Note 21 - Fair Value of Financial Instruments (continued)

The carrying amounts and fair values of the Hospital's financial instruments at October 31, 2011 and 2010 are as follows

	2011		2010	
	Carrying Amount	Fair Value	Carrying Amount	Fair Value
Long-term debt	$ 53,744,235	$ 44,721,789	$ 56,995,638	$ 47,020,786

Other financial instruments of the Hospital, which are excluded from the summary above, have carrying amounts that approximate fair value

Note 22 - Contingencies

Regulation and Litigation - The Hospital is involved in litigation and regulatory investigations arising in the course of business After consultation with legal counsel, management estimates that these matters will be resolved without material adverse effect on the Hospital's future financial position or results from operations

The healthcare industry is subject to numerous laws and regulations from federal, state, and local governments These laws and regulations include, but are not necessarily limited to, matters such as licensure, accreditation, government healthcare program participation requirements, reimbursement for patient services, and Medicare and Medicaid fraud and abuse Government activity continues with respect to investigations and allegations concerning possible violations of fraud and abuse statutes and regulations by healthcare providers Violations of these laws and regulations could result in expulsion from government healthcare programs, together with the imposition of significant fines and penalties, as well as significant repayments for patient services previously billed Management believes that the Hospital is in compliance with the fraud and abuse regulations as well as other applicable government laws and regulations Compliance with such laws and regulations can be subject to future government review and interpretation as well as regulatory actions unknown or unasserted at this time

REPORT OF INDEPENDENT AUDITORS ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Trustees
Yakima Valley Memorial Hospital Association and Subsidiaries

We have audited the consolidated financial statements of Yakima Valley Memorial Hospital Association and Subsidiaries (the Hospital) as of and for the year ended October 31, 2011, and have issued our report thereon dated January 16, 2012 We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States

Internal Control Over Financial Reporting

Management of the Hospital is responsible for establishing and maintaining effective internal control over financial reporting In planning and performing our audit, we considered the Hospital's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the consolidated financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Hospital's internal control over financial reporting Accordingly, we do not express an opinion on the effectiveness of the Hospital's internal control over financial reporting

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis A *material weakness* is a deficiency, or combination of deficiencies in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented or detected and corrected in on a timely basis

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in the internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Hospital's consolidated financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*

This report is intended solely for the information and use of management, the Board of Trustees, others within the entity, the US Department of Health and Human Services, the US Department of Education, and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties

REPORT OF INDEPENDENT AUDITORS ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Board of Trustees
Yakima Valley Memorial Hospital Association and Subsidiaries

Compliance

We have audited the Yakima Valley Memorial Hospital Association and Subsidiaries' (the Hospital) compliance with the types of compliance requirements described in the OMB *Circular A-133 Compliance Supplement* that could have a direct and material effect on the Hospital's major federal program for the year ended October 31, 2011 The Hospital's major federal program is identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs Compliance with the requirements of laws, regulations, contracts, and grants applicable to its major federal program is the responsibility of the Hospital's management Our responsibility is to express an opinion on the Hospital's compliance based on our audit

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred An audit includes examining, on a test basis, evidence about the Hospital's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances We believe that our audit provides a reasonable basis for our opinion Our audit does not provide a legal determination of the Hospital's compliance with those requirements

In our opinion, the Hospital complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended October 31, 2011

Internal Control Over Compliance

Management of the Hospital is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs In planning and performing our audit, we considered the Hospital's internal control over compliance with requirements that could have a direct and material effect on a major federal program to determine the auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance Accordingly, we do not express an opinion on the effectiveness of Hospital's internal control over compliance

A *deficiency* in *internal control over compliance* exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis A *material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section, and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses We did not identify any deficiencies in internal control over compliance that we consider to be *material weaknesses*, as defined above

This report is intended solely for the information and use of management, the Board of Trustees, others within the entity, the US Department of Health and Human Services, the US Department of Education, and pass-through entities and is not intended to be, and should not be, used by anyone other than these specified parties
