## Important Information

**Cost Basis** and Average Cost Per Share are calculations of the accumulated purchase price of the shares you own, including reinvested dividends and capital gain distributions. They are computed using the Average Cost Single Category method of accounting, which is one of four IRS-approved methods for computing cost basis. These amounts will not agree with your tax records if you used a different cost basis method for reporting gains or losses on any shares you may have previously sold. Cost information may not be available for all accounts, including IRA accounts and accounts where share transfers have occurred. If you require specific information concerning your individual tax situation, please consult with a tax advisor or refer to IRS and state instructions for preparing income tax returns.

**Verification of Account Statement:** You should contact us immediately regarding any errors or discrepancies on this statement confirming your transaction(s). This statement will be deemed correct if we do not hear from you within 90 days.
