Part IX-A / Summary of Direct Charitable Activities

Project Activities:

The Foundation is working with demonstration communities to develop with the Foundation an innovative, Heart and Soul Community Planning approach to engagement and community planning in small cities and towns in the Northeast and Rocky Mountain West. The Foundation works with consultants to develop discrete pieces of this work.

Communication Activities:

The Foundation works with its demonstration projects to communicate more clearly with its residents. At a higher level, the Foundation seeks to influence the field of land use planning. To this end, it uses its website and social media to broadcast lessons and successes. In 2011, the Foundation held targeted "convenings" on discrete topics and evaluates its work for purpose of learning, disseminating case studies, providing training and producing publications.
