Proceeds From Broker Transactions

This section reports your proceeds from sales during the year. We report all transactions on a trade-date basis, which is the date shown in the sale date column. The net proceeds are less commissions, transfer charges, and premiums.

We have adjusted tax costs for amortization of premium paid for the acquisition of municipal bonds through date of sale and for non-taxable dividends. An asterisk symbol (*) next to the tax cost indicates that the tax cost has been adjusted for the current year's return of capital. However, we have not made adjustments to the cost basis of all partnerships.

Long term transactions

This category includes sales of assets held more than 12 months.
