Form 990, Part III, Line 4a - Program Service Accomplishments

GEO EU-Ethiopia, Zimbabwe, Cambodia, Spain, Italy

In Africa we have visited a number of countries and applied our services to

humanitarian surgical services, education in the operating theater, and the training

of doctors in temporal bone lab settings. Africa is understaffed in the number of

physicians and the shortage has lead to a largely under served population. In

Ethiopia we participate with a group of doctors at a rural hospital and perform ear

surgery while training the doctors. In Zimbabwe we ran a temporal bone course for the

ENT doctors there. In Cambodia we participated in the development of a temporal bone

lab that trains doctors in a country, that because of political violence, lost 90% of

their professional class. This program is the most comprehensive and organized of all

of our programs. In Spain and Italy we continue to work through our board members in

both countries and support African education and this coming year we will be going to

Iraq as well. We also participate in educational programs in both Italy and Spain,

where we lecture and participate in education programs in temporal bone surgery.

Form 990, Part III, Line 4c - Program Service Accomplishments

Latin America-Peru, El Salvador, Bolivia, Paraguay, Argentina

The Latin America Programs are based on the model of education and as well services

to the under served. Peru is the largest program wherein we train doctors how to

perform surgery on the ear in the laboratory on cadaver ear bones. As well there is

an academic continuing medical education program with lectures. El Salvador is a

program where we train on ENT doctor in ear surgery and as well perform surgery of

the ISSH hospital, due to the shortage of skilled doctors to do the surgery. Bolivia

is a humanitarian program were we assist the community of Trinidad and as well train

the local ET in ear surgery. Paraguay is a developing program with a local NGO and

the University, and in the next 18 months it should be moving along. Argentina is

another program in development in the city of San Juan with a local group of ENT and Eye doctors who run an NGO. This program is run by the NGO and we plan to be able to contribute to by supporting the educational part of the ear program. All GEO programs are designed to educate and create sustainable programs with the doctors in the communities we work in.

Form 990, Part III, Line 4d - Other Program Services Description

South Pacific-American Samoa

In the South Pacific GEO works with local ENT doctors at the LBJ Tropical Medical Center and in the clinic and the operating theater providing care to the local Samoan population. This program is more of a humanitarian outreach than a sustainable program of education we develop elsewhere. Due to a physician shortage and as well a limited training by the doctors we deliver care two times a year. As well while we are there we do local outreach programs to communities and as well provide continuing medical education in the form of lectures to the medical community at the hospital. GEO also assists with off island referrals to mainland USA when there is a difficult case that cannot be handled there in American Samoa.
