YEAR-END STATEMENT
Revised Statement as of 03/12/2012.**

Trust Sale. A trust sale represents the total amount paid to a selling trust interest holder for the sale of a trust interest and should be reported on Schedule D of your IRS Form 1040. This includes principal payments that completely retire a debt instrument (other than a final scheduled principal payment) and pro rata partial principal prepayments. It does not include pro rata sales by non-mortgage widely held fixed investment trusts (NMWIFITs) to affect redemptions or assets received in any corporate reorganization.

Option Premium. Option premiums for maturities redeemed for cash in 2011 and on reverse convertibles sold in 2011 are reported on IRS Form 1099-B. The interest on reverse convertibles that did not mature in 2011 will be reported on IRS Form 1099-INT. However, the option premium for that payment will be reported in the tax year of the maturity. When stock is purchased based upon the exercise of an option, the option premium reduces the cost of the acquired stock. When stock is sold based upon the assignment of an option, the proceeds of that sale are increased by the option premium and reported on Form 1099-B for covered securities ONLY. For noncovered securities the proceeds amount is reported on Form 1099-B excluding the option premium.

Please consult with your tax professional regarding the proper reporting of items of income and expense for WHFITs and widely held mortgage trusts (WHMTs).

Tax Lot Disposition Methods:

FI = FIRST IN FIRST OUT

SL = VERSUS PURCHASE

Please refer to the Client Service Information Section in your brokerage account statement for your account's existing tax-lot disposition method. The disposition method is the method which you have selected to use in the disposal of each tax lot of the securities held in your account. If you do not select a method, your account will be defaulted to the First In, First Out (FIFO) method. Your account's selected tax lot method will be used to determine the cost basis for calculating gain or loss, unless another method was selected at the time of the security disposal, and this may affect the type of gain or loss (short-term or long-term) reported for covered security transactions on IRS Form 1099-B.

Schedule of Realized Gains and Losses

There are significant changes to this section due to new cost basis reporting requirements. We do not report this information to the IRS. However, it is used as the basis for what is reported on your Form 1099-B. For "Covered" securities transactions, the totals for each sale or exchange will also be displayed in the corresponding section of the 1099-B form of this tax statement. This will include the new cost basis information.

For "Noncovered" securities transactions, only the proceeds amounts (and any federal income taxes withheld from the proceeds) will be reported in the "Transactions for Which Basis Was Not Reported" section of
