The mission of the Foundation is to enable the mobile channel for charitable giving in support of good causes by using the convenience, security and ubiquity of text messaging and other wireless network based billing systems. Nonprofit organizations will find mobile to be an effective channel for new donor acquisition, fund raising and donor interaction. Donors will find the use of mobile to be convenient, immediate, private and secure. Merging philanthropy with the power of the mobile medium serves the broader objective of expanding the pool of contributors to include those who might only be able to afford to make a small gift through a \$5 or \$10 charge collected through their wireless bill. Donors can immediately respond to a mobile call to action whether it is delivered at point of sale, on television, via print, etc. 100% of each donation is remitted directly from the wireless operators to the Mobile Giving Foundation, which in turn gives 100% to the recipient charity.

If "Yes," describe these new services on Schedule O

The Mobile Giving Foundation (MGF) serves as the glue between a charitable giving campaign, the wireless industry and the 320 million wireless users in the United States. MGF processes and vets applications from nonprofit organizations wishing to deploy wireless technology in their communication and fundraising activities because we know it is critical to have a trusted third party, in this case MGF, affirm the quality and integrity of nonprofits using this technology to solicit contributions. Once approved, MGF develops fundraising campaigns in conjunction with established mobile marketing firms and the nonprofit. Our messaging platform is then used by wireless carriers through their short message service (SMS) centers. (SMS is a communications protocol that allows the exchange of brief text messages between mobile telephone devices.) The wireless carriers pass 100% of the charitable funds they collect through to MGF. The MGF also remits 100% of the donation to the recipient nonprofit within 30 days of receiving funds from the wireless carriers. The MGF charges back costs for short-code costs, reporting and messaging charges directly to the nonprofit organizations or their supporting service providers on a post-donation basis. The MGF also conducts research on the demographics of mobile giving and optimizing mobile giving campaigns, and increases awareness among the general public about the Mobile Philanthropic Channel.
