Part III Statement of Program Service Accomplishments

Empowering Haitians has accomplished many activities for the benefit of the Haitian people in the last year. Among them are the following highlights:

- 8 people went to Haiti and worked hand in hand with our Haitian teammates
- Installed new well providing hundreds with clean water
- Grant to Espoir Haitian for continuation of 5 successful microloans
- Installed 8 new street lights in the community of Bel Aire
- Provided cleaning supplies and aid for Cholera victims
- Continued support of the only youth baseball team in Haiti
- Provided school supplies to local schools
- Built an Espoir Haitian office and storage space; installed electricity, doors, a bathroom and a roof
- Provided small "start up" grants to small businesses that Empowering Haitians employ on the work trips
- Small charitable gifts ranging from a few dollars to \$40 distributed to known needy families to help with their emergency needs of food or shelter.

Line 28: Microloan grants (\$4,000.00 in 2011):

There are many people in Haiti who do not have access to a basic starting block for business growth; initial business capital. Banks do not offer loans to the poor of Haiti. And while people do sometimes turn to money lenders, they can face interest rates of up to 1000%. Our grant to Espoir Haitian for Micro loans created a program that is aimed at loaning small amounts of money to enable people to create a way out of poverty and increase their standard of living. The grant allowed two cycles of loans: \$2000 to one group of 5 women payable with 5% interest in 6 months; and then an increase in that loan to \$4000 in the next cycle. The women repaid the first loan and Espoir Haitian lent the same money plus another \$2000 from the grant. The \$4000 loan is due payable to Espoir Haitian in 2012. This provides significant hope and real change for the people who participate in the program.

Line 29: Infrastructure Projects:

In 2011, Empowering Haitians infrastructure projects included the installation of 8 new street lights on the main street in Bel Aire and the installation of a new well. The infrastructure projects are recommended to Empowering Haitians by community leadership groups. The community comes together to make recommendations for the projects that will be completed during each trip. The leaders make multiple recommendations across a wide range of expenses. Via discussions with the Chair of the committee, and based upon the budget of the trip, we select the projects to be completed. In 2011, the projects were the installation of street lights, the installation of the well and the creation of an Espoir Haitian office and storage room. The street lights are important safety features in the community. They keep pedestrians safe from cars at night and provide gathering places for community to work or play after dark. The new well was installed to provide clean accessible drinking water to hundreds of people. It is managed by a community group, COSAB. The creation of an office and storage was necessary for continuation and credibility of micro lending program. Additional secure storage is needed for 2012 planned food distribution program. The teams also needed a place to store construction, plumbing and electrical tools between trips. The projects that were not selected for completion in 2011 remain on the candidate list for future trips. They stay on the list as long as the community feels that the issues are still valid. Often priorities change in the community, so the candidate list is a "living document" that undergoes numerous revisions over the course of the year.

SUPPORTING SCHEDULE (Page 3 of 3)

Line 30: Cholera Epidemic Prevention:

In 2011 Empowering Haitians provided emergency cleaning supplies for Espoir Haitian volunteers to help clean homes in the Cholera Epidemic. Several families in the community were stricken with Cholera and needed transportation to the local hospital. Their homes were cleaned by members of the community with supplies provided by Empowering Haitians.

Line 31: Schools, Charity and Small Business Start-ups:

We provided school supplies for a local school; L'ecole Miste Fraternite La Violette du Cap Haiti. We visited this school, situated on a hill only accessible by foot, at the request of the director. They have 64 students from one of the poorest neighborhoods in the area, and are often not able to pay their staff. The building itself is a lean-to with a corrugated metal roof that is used as a church on Sundays and as a school during the week. Empowering Haitians met their need for school supplies in 2011 and is planning to work more with the school in the future.

Empowering Haitians supports the only youth baseball program in Cap Haitian. The boys range in age from 13 to 19 and come together out of love for baseball and in hope for a way out of their poverty. This program started because of one volunteer's desire to provide hope and recreation to young boys in the community. They are given equipment, a field to practice on, meals after practice, and they are encouraged to stay in school and learn a skill.

While the micro loan provides a structured way to help women entrepreneurs, we noticed that many of the men we work with every trip are also in need of a loan or grant to help their business grow. We provided some small "start up" grants to small businesses that Empowering Haitians employ on the work trips. We hope they can repay some of the money to Espoir Haitian or provide additional services to the volunteer teams. In one case, a carpenter that we often employ while on trips requested a few hundred dollars to buy more materials so that he can grow his business. In addition to providing him some money to purchase materials we also provided some basic business counseling. Empowering Haitians also provided small charitable gifts ranging from a few dollars to \$40 distributed to known needy families to help with their emergency needs of food or shelter.
